US WARNS REDS AGAINST NEW PLANE ATTACKS

Protest Note Charges Russia With Wanton Destruction Of B29

WASHINGTON, Oct. 17 (AP)—The United States charged Russia today with wanton destruction of an American B29 bomber near Japan and warned Moscow of possible grave consequences from such "reckless" attacks.

A protest note couched in some of the strongest terms the United States has used in relations with the Soviets demanded compensation for the plane and any of its crew of eight men who may have perished. It disappeared Oct. 7 and Moscow contended it violated Soviet frontiers by flying in the area of the Russian-occupied Yuri Island.

Denying this flatly, the U. S. accused Moscow of "calculated misrepresentation of the facts." It urged the Soviet government "seriously to consider the grave consequences which can flow from its reckless practice, if persisted in, of attacking without provocation the aircraft of other states."

The protest was delivered to the Foreign Office in Moscow by the Embassy Counselor Elim O'Shaughnessy and immediately made public by the State Department.

The Far East episode was the fourth in which Soviet fighters have destroyed or forced down American planes. It almost coincided with the Oct. 8 attack by two Soviet fighter planes on an American hospital aircraft near Berlin. This plane landed safely.

The missing plane of the U. S. said, was on a routine flight.

"The plane was not equipped for combat operations of any kind," Moscow was told. "It carried no bombs and its guns were inoperative. Its officers were under explicit instructions to remain within Japanese territory at all times."

The possible "grave consequences" mentioned in the note were not spelled out.

WMBA Samples Opinion On W. Monroe Chamber

Questionnaires designed to sample opinion in favor of establishing an independent Chamber of Commerce in West Monroe are being mailed to West Monroe business firms.

M. Kelly Thompson, president of the West Monroe Businessmen's Association, said last night the questionnaires started going out yesterday to approximately 300 firms. He said he expected to have a reply from most of them within a week.

In a mimeographed letter to each firm, it was pointed out that a survey had shown that at least 200,000 must be assured before a successful chamber could be organized. The letter said that a survey had been made of Chamber of Commerce organizations in cities approximately the size of West Monroe.

The WMBA is spearheading the move to determine the feasibility of organizing a Chamber of Commerce.

Actually, according to charter organizers of WMBA, the original purpose of the Businessmen's Association was to grow into a Chamber of Commerce.

West Monroe is listed as a part of the "Monroe - West Monroe Chamber of Commerce" which is domiciled in Monroe. Many West Monroe merchants have expressed displeasure under that arrangement and contend their city is large enough to support an independent chamber.

Thompson said the letter now being mailed out would "give West Monroe a chance to give a yes or no answer" on whether or not a Chamber shall be established.

The letter, enclosed with an addressed, stamped envelope asks a yes or no answer and how much the merchant would be willing to pay annually to maintain the organization. Also enclosed is a form making it convenient for each merchant to state his position.

The Chamber of Commerce issue has been under discussion for several months in the WMBA.

Collector Of Revenue Urges Support Of Ike

BATON ROUGE, La., Oct. 17 (AP)—Louisiana collector of revenue Rufus Fontenot urged school teachers and every citizen interested in our school to vote for Gen. Dwight Eisenhower and return to the state \$850,000 a year in lost income.

"It is very difficult for me to understand," Fontenot said, "how anyone who is vitally interested in the education of the children of Louisiana can support a man who is robbing the state of \$850,000 a year in lost income."

Fontenot said that he will tell Louisiana voters her side.

US Troops Take Prize Peak In Bitter Conflict

STEVENSON SAYS SOUTH'S REVOLT IS EXAGGERATED

Democratic Nominee Receives Cheers From Texas Crowd

FT. WORTH, Tex., Oct. 17 (AP)—Gov. Adlai E. Stevenson, discounting party rebels, declared today "this talk about infidelity deep in the Democratic heart of Texas is greatly exaggerated."

Driving to keep the South solid for the Democrats, the presidential nominee faced the issue of disunion in the ranks promptly as he arrived in the Lone Star State from California.

Addressing a cheering crowd at the Will Rogers Memorial Coliseum grounds, the Illinois governor said he had been looking forward to visiting Texas—where some prominent Democratic leaders have repudiated him and are backing his opponent for the presidency, Gen. Dwight D. Eisenhower.

Deputy Police Chief Andy Fournier estimated the crowd at about 6,000 persons.

Eisenhower, when he was in Ft. Worth Wednesday, drew a crowd of about the same size.

Stevenson told his audience he had been warned that "there is political intimidation and coercion in Texas these days and that I, a candidate for president of the United States of the Democratic party, might even be exposed to disorder created by organized hoodlums."

"I don't believe it, and if I believe it, I will start or even live in the fiery heart of Texas, where a man believes that democracy means not just that I'm as good as you are, but rather that you're as good as I am," he said.

Eisenhower Pledges Human Rights Fight

NEWARK, N. J., Oct. 17 (AP)—Gen. Dwight Eisenhower pledged himself to a nation-wide fight for human rights tonight, and said that if he becomes president, he will lead it, personally.

He picked Northern New Jersey, which has a large Negro population, as the place to say:

"If I am elected, I will confer with the governors of the 48 states. I will urge them to take the leadership in their states in guaranteeing the economic rights of all our citizens."

This was the climax of two days in New Jersey.

In Newark he condemned the poll tax and the McCarran act which regulates immigration.

And he recalled that President Truman once voted against lifting the poll tax. It occurred in 1942, he said, while Truman was still a senator.

"This is the same man who, having risen to the presidency, claims to be the only true friend our Negro citizens have," Eisenhower said.

The tour through New Jersey, a key industrial state, brought on Eisenhower's first real booing.

He went into Camden during the noon hour, and as his motorcade passed workmen standing on the curbs and inside the gates of the factories, they let go with some loud expressions of disapproval.

In New Brunswick, speaking from the steps of the Courthouse, he faced a set of unfriendly placards.

But elsewhere, he was the object of great excitement, even though he passed through four strongly Democratic counties in New Jersey. He said, himself, before beginning his Newark speech:

"I'm tremendously impressed, but worn down, really worn down."

Toward the end of his speech, he laid down a series of statements that sounded like retorts to some of the charges the Democrats have been placing against him.

Convicted Slayer's Lawyer Files Appeal

COLUMBIA, Miss., Oct. 17 (AP)—Attorneys for Luther Musselwhite, convicted slayer whose electrocution has been indefinitely stayed, said today they have filed an appeal to the state Supreme Court seeking commutation of sentence.

H. E. Pope, representing the 33-year-old Musselwhite, said the appeal is on the question "should an insane man be executed?"

Musselwhite, convicted of beating Virginia Price, a 62-year-old Columbia fishing camp operator, to death with his fists, was declared insane by circuit court Judge Sebe Dale here last Tuesday. Dale stayed the Oct. 31 electrocution date.

Dale said he considered the man presently insane but that he felt a show of cowardice by a condemned man should not profit him by "escape from capital punishment by his crime."

Psychiatrists declared Musselwhite was insane by reason of his "gross stress reaction from an overwhelming fear of death."

The psychiatrists further clouded the case for the state by saying Musselwhite would improve — perhaps regain sanity — if the threat of death is removed. But that if another execution date is set, he would probably become insane a second time.

Byrd Says He Cannot Back Adlai Stevenson

WINCHESTER, Va., Oct. 17 (AP)—Sen. Harry F. Byrd, Virginia Democrat, broke his silence in the presidential campaign tonight by saying he could not endorse the Stevenson - Sparkman ticket.

Byrd devoted a state-wide broadcast to an attack on "Trumanism" and said he had looked in vain for any signs of independent action by Gov. Adlai Stevenson, the Democratic presidential nominee.

Byrd made no mention in his speech of Gen. Dwight D. Eisenhower, Stevenson's Republican opponent in the presidential race.

The senator's announcement that he cannot endorse the national Democratic ticket was bound to shake the hopes of Eisenhower supporters that traditionally Democratic Virginia could swing into the Republican column this year.

Byrd has long been leader of the Democratic organization in Virginia and has many supporters in the South and elsewhere.

However Gov. John S. Battle of Virginia, a close associate of Byrd, is supporting Stevenson and so are other state party leaders, including Sen. Willis Robertson.

Byrd said in the address he prepared for radio delivery that in his judgment "Trumanism is the dem-

MOBS RIOTING IN INDONESIA

Tanks, Troops Called To Quell 10,000 Demonstrators

JAKARTA, Indonesia, Oct. 17 (AP)—A mob of about 10,000, apparently including many Communists, demonstrated against Indonesia's Parliament and The Netherlands here today in an ugly reminder of the revolutionary times in which this republic was born.

Tank-backed troops imposed a curfew tonight.

A parliamentary vote censuring Defense Minister Hamengkubonojo IX, the popular Sultan of Jogjakarta, touched off the rioting — along with rumors that Premier Wilopo's government might fall.

Placards demanded the dissolution of Parliament, general elections immediately instead of at the end of 1953 as scheduled, and recall of the military mission of the Netherlands, to which this former colony remains linked under the Dutch crown.

The mob smashed furniture and a number of windows in Parliament. It moved easily into the garden of The Netherlands high commissioner, hauled down the Dutch flag and ripped it to ribbons.

The demonstrators surged on to the Presidential Palace, but dispersed after President Soekarno told them their demand for dis-

POLES DEMAND KOREAN TRUCE

Asks UN To Recommend Immediate Armistice In Korea

UNITED NATIONS, N. Y., Oct. 17 (AP)—Poland demanded today that the U. N. Assembly recommend an immediate armistice in Korea on warmed-over terms already rejected by the United Nations Command.

This was regarded by many Western delegates as a tip on the policy declaration Soviet Foreign Minister Andrei V. Vishinsky will make in the Assembly tomorrow and they gloomily forecast little progress if such is the case.

Polish Foreign Minister Stanislaw Skrzyszewski assailed the United States in old and familiar terms. Then he outlined these proposals for a Korean settlement:

1. Immediate cessation of hostilities—land, sea and air.

2. Return of all prisoners of war to their homeland in accord with established international stipulations.

3. Withdrawal from Korea of foreign troops, including Red Chinese "volunteers" within two to three months and peaceful settlement of the Korean question on the principle of unification of Korea, to be carried out by the Koreans themselves under supervision of a commission with the participation of the parties immediately interested and including states which did not take part in the Korean War.

The immediate reason was that this is all Vishinsky has to offer tomorrow there is not much chance for progress here on Korea. The West is ready to stop fighting but is flatly opposed to forced repatriation of prisoners. The Communists and the U. N. Command have been split for months on the issue of repatriating prisoners and the talks at Panmunjon have been indefinitely suspended because of the lack of progress there.

Some hours before, the Polish delegate spoke, the U. N. Commission on the Unification and Rehabilitation of Korea recommended to the Assembly that U. N. forces remain in Korea long after an armistice is reached.

Two Northeast La. Men War Casualties

The department of defense reported two northeast Louisianians as casualties in last week's casualty list, No. 673.

Marine Corporal, Charles H. Hines, son of Mr. and Mrs. Carroll W. Maddox, Haynesville was reported killed in action. He was previously, in a defense dept. order, reported missing.

Private First Class Jerry A. Graham, another Marine, son of Mrs. Pauline Rice of Olla was reported wounded.

TRUMAN SAYS IKE COMFORTS, AIDS COMMIES

President Accuses General Of Making False Promises

ABOARD TRUMAN TRAIN, Oct. 17 (AP)—President Truman accused Gen. Dwight D. Eisenhower today of giving aid and comfort to communism by making false promises 'at American boys can soon be brought home from Korea.'

Truman declared the general "appears to be willing to undermine our safety if that will get him elected president."

"I have never seen anything cheaper in politics," the barnstorming President told a cheering crowd at Lawrence, Mass.

Truman told the crowd that in speech after speech Eisenhower has been leaving the impression that if he reaches the White House "he will majestically let the Koreans take over all the fighting and bring our boys home."

"Of course, he cannot do it, without surrendering Korea, until the present Korean conflict is at an end," Truman said, "and he knows it. But he doesn't mind leading people to thinking he can do it as soon as he is elected."

"This is what he calls a crusade for higher moral standards and better ethics in government."

"The great danger of these false promises—the great danger of all this isolationist attitude on our foreign policy—is that they give aid and comfort to the Communists."

"The Communists want us to cut down our defense effort. They want us to pull out of Korea. . . . that is their strategy for us. That is the real trap the Republicans are likely to lead us into."

Already, the President went on, there are 50 per cent more South Koreans in the battle lines than there are Americans, and American training schools are turning out 14,000 South Korean troops a month.

But these Koreans can't replace all the Americans in the near future, Truman said, because:

"It takes a long time to make good officers. It takes a good while to handle modern weapons and to service them. But we are making excellent progress . . ."

COTTON LOANS ARE AVAILABLE

PMA Lists Five Qualified Advisers In Ouachita Parish

Machinery has been set up to help Northeast Louisiana cotton farmers secure loans and hold their 1952 crops until marketing conditions improve, according to an announcement from the Production and Marketing Administration.

I. E. Lucas, head of the Ouachita parish unit of PMA, released an announcement from the Production and Marketing Administration.

I. E. Lucas, head of the Ouachita parish unit of PMA, released an announcement in which he named four persons who are qualified to advise Ouachita parish farmers in seeking such loans. All four have been approved by the parish PMA committee, he said.

The four advisers are: Mark W. Stroud, J. F. Stone, Jr., Mrs. Lorena McCoy and Lucas.

In other parishes, details may be obtained from PMA officers.

Lucas pointed out that any eligible farmer may secure a loan. He reminded that the department of agriculture has a price support on most non-perishable crops grown in this area.

"When a loan is obtained, the farmer still retains title to the cotton and may sell it at any time he sees fit," Lucas said. However, he pointed out that cotton must be sold before Aug. 1, 1953.

Jes' Ramblin'

Another interesting speaker was "discovered" by Leon Hammonds who introduced Mrs. Lillie Harrington, well known Monrovia, to the Citizens Club. Introduced as probably the most travelled — person in the area, whose voyages include eight crossings of the Atlantic and several across the Pacific, she told in entertaining manner of Oberammergau.

The Passion Play, given there

MILLIONAIRE NEWSBOY TO RETIRE — Jimmie Widmeyer, known to Cincinnatians as the millionaire newsboy, is shown hawking his wares at his old familiar stamping ground at Fifth and Walnut streets in downtown Cincinnati, shortly after announcing his retirement Nov. 1. Jimmie, who made a million dollars and lost it, has recouped a large part of his losses. He alternately comes to work in an expensive automobile or a station wagon. (AP Wirephoto)

Shriners Of North La. To Parade Here Today

Monroe will play host today to approximately 1,000 visiting Shriners and their wives from the El Karubah Temple of Shreveport, who are joining members of the Northeast Louisiana Shrine Club in a day - long business and social meeting.

The Shriners, arrayed in the colorful costumes of the Near East, will put on a parade beginning at 2 p. m. The group will gather in front of the West Monroe Baptist Church and march across the old bridge down DeSard St. to the Five Points, where they will disband.

While the members of the Shrine Clubs are conducting a business meeting at Neville High School auditorium at 3:30 p. m. which will be the first section of the Centennial, the ladies will hold a coffee hour at the Frances Hotel.

All Nobles and their wives will gather at the high school at 6 p. m. for a barbecue. The activities will be concluded with a dance on the roof of the Frances Hotel for all Shriners and wives. The dance will begin at 9 p. m.

The Shreveport Temple's famed drum and bugle corps plus Rayville and Tallulah High School bands will fall into step to some of the peppiest marches ever heard on the streets of the Twin Cities.

Gala streamers and confetti and trick floats will complete the show.

The first section of the Shrine ceremonial will be held at 3:30 p. m. at Neville High School auditorium. The 25 novices to be initiated will then "cross the hot sands."

By records, the governor had reference to Mitchell's statement that activities of pro-Eisenhower Democratic leaders would be filed "in the record book for future reference."

"Record . . . damn their record," Kennon exploded. "I made a record when I was campaigning for governor that I was anti-Truman,

Reds Suffer 18,000 Loss In 9 Days

SEOUL, Saturday, Oct. 18 (AP)—U. S. Seventh Division troops today captured the last strong point on Triangle Hill in Central Korea after a bitter one - hour, 40 - minute fight.

Chinese Red casualties in their losing battle for the height, Pike's Peak, were added to the estimated 18,000 killed and wounded along the Central Front in the past nine days.

AP Correspondent Milo Farnett reported from the central sector that the peak fell to the American infantrymen at 7:30 a. m. Action against pockets of Red resistance continued beyond that hour.

The captured peak is at the northwest corner of Triangle Hill, a steep rocky mass whose crest was won by the 31st Regiment Tuesday.

Launching today's attack at 5:30 a. m., the Americans moved toward their objective under a screen of mortar and artillery fire. They were opposed by heavy Chinese mortar and artillery but only light small arms.

The Reds kept banging away with mortars and artillery in covering withdrawal to nearby Papsan Mountain.

Last night at 11:05, a Chinese Red battalion — between 500 and 750 men — had attacked from Pike's Peak. They got within grenade-throwing range before the Americans drove them back at 1 a. m.

"Our flares showed one group of 100 Chinese moving back to Pike's Peak carrying 100 more killed or wounded," Farnett said.

About 80 guns of five U. S. battalions last night fired a time-on-target barrage on a Communist command post and staging area north of Triangle Hill. A time-on-target barrage is one in which the guns fire so that their shells all land on the target at the same moment.

On nearby Sniper Ridge, South Korean troops last night and early today turned back three big Communist assaults. AP Correspondent John Fujii, on Sniper Ridge during the battle, reported that the South Koreans piled up Chinese Red bodies.

MYSTERY LIGHT CALLED METEOR

Eerie Glow In Wee Hours Causes Mistaken Report Of Plane Crash

NEW ORLEANS, Oct. 17 (AP)—A flaming white-to-blue light blazed the sky and startled many Mississippians and Louisianians early today.

The eerie light was probably caused by a meteor, according to Dr. Joseph F. Thomson, associate professor of astronomy at Tulane University in New Orleans.

Robert J. Landry, airport traffic controller at the International Airport in New Orleans said the "object" was definitely a meteor.

He said the light appeared at 4:10 a. m. (CST) and exploded about 10 seconds later.

In disintegrating, the fiery meteor illuminated the sky, Landry added.

The light caused a mistaken report of a plane crash.

US WARNS REDS AGAINST NEW PLANE ATTACKS

Protest Note Charges Russia With Wanton Destruction Of B29

WASHINGTON, Oct. 17 (AP)—The United States charged Russia today with wanton destruction of an unarmed B29 American bomber near Japan and warned Moscow of possible grave consequences from such "reckless" attacks.

A protest note couched in some of the strongest terms the United States has used in relations with the Soviets demanded compensation for the plane and any of its crew of eight men who may have perished. It disappeared Oct. 7 and Moscow contended it violated Soviet frontiers by flying in the area of the Russian-occupied Yuri Island.

Denying this flatly, the U. S. accused Moscow of "calculated misrepresentation of the facts." It urged the Soviet government "seriously to consider the grave consequences which can flow from its reckless practice. If persisted in, it is attacking without provocation the aircraft of other states."

The protest was delivered to the Foreign Office in Moscow by Embassy Counselor Elin O'Shaughnessy and immediately made public by the State Department.

The Far East episode was the fourth in which Soviet fighters have destroyed or forced down American planes. It almost coincided with the Oct. 8 attack by Soviet fighter planes on an American hospital aircraft near Berlin. This plane landed safely.

The missing bomber, the U. S. said, was on a routine flight.

"The plane was not equipped for combat operations of any kind," Moscow was told. "It carried no bombs and its guns were inoperative. Its officers were under explicit instructions to remain within Japanese territory at all times."

The possible "grave consequences" mentioned in the note were not spelled out.

WMBA Samples Opinion On W. Monroe Chamber

Questionnaires designed to sample opinion in favor of establishing an independent Chamber of Commerce in West Monroe are being mailed to West Monroe business firms.

M. Kelly Thompson, president of the West Monroe Businessmen's Association, said last night the questionnaires started going out yesterday to approximately 300 firms. He said he expected to have a reply from most of them within one week.

In a mimeographed letter to each firm, it was pointed out that a survey had shown that at least \$10,000 must be assured before a successful chamber could be organized. The letter said that a survey had been made of Chamber of Commerce organizations in cities approximately the size of West Monroe.

The WMBA is spearheading the move to determine the feasibility of organizing a Chamber of Commerce.

Actually, according to charter organizers of WMBA, the original purpose of the Businessmen's Association was to grow into a Chamber of Commerce.

West Monroe is listed as a part of the Monroe - West Monroe Chamber of Commerce which is domiciled in Monroe. Many West Monroe merchants have expressed displeasure under that arrangement and contend their city is large enough to support an independent chamber.

Thompson said the letter now being mailed out would "give West Monroe a chance to give a yes or no answer" on whether or not a Chamber shall be established.

The letter, enclosed with an addressed, stamped envelope asks a yes or no answer and how much the merchant would be willing to pay annually to maintain the organization. Also enclosed is a form making it convenient for each merchant to state his position.

The Chamber of Commerce issue has been under discussion for several months in the WMBA.

Collector Of Revenue Urges Support Of Ike

BATON ROUGE, La., Oct. 17 (AP)—Louisiana collector of revenue Rufus Fontenot urged "parents, school teachers and every citizen interested in our school" to vote for Gen. Dwight Eisenhower and return to the state \$850,000 a year it is losing in tide-land revenues.

"It is very difficult for me to understand," Fontenot said, "how anyone who is vitally interested in the education of the children of Louisiana can support a man who is going to take the tide-lands away from us, rather than support a man who has stated positively that he will let Louisiana retain her tide-lands."

US Troops Take Prize Peak In Bitter Conflict

STEVENSON SAYS SOUTH'S REVOLT IS EXAGGERATED

Democratic Nominee Receives Cheers From Texas Crowd

FT. WORTH, Tex., Oct. 17 (AP)—Gov. Adlai E. Stevenson, discounting party rebels, declared today "this talk about infidelity deep in the Democratic heart of Texas is greatly exaggerated."

Driving to keep the South solid for the Democrats, the presidential nominee faced the issue of disunion in the ranks promptly as he arrived in the Lone Star State from California.

Addressing a cheering crowd at the Will Rogers Memorial Coliseum grounds, the Illinois governor said he had been looking forward to visiting Texas—where some prominent Democratic leaders have repudiated him and are backing his opponent for the presidency, Gen. Dwight D. Eisenhower.

Deputy Police Chief Andy Fournier estimated the crowd at about 6,000 persons.

Eisenhower, when he was in Ft. Worth Wednesday, drew a crowd of about the same size.

Stevenson told his audience he had been warned that "there is political intimidation and coercion in Texas these days and that I, a candidate for president of the United States of the Democratic party, might even be exposed to disorder created by organized hoodlums."

"I don't believe it, and if fascism ever starts in this country I don't believe it will start or even live in the fiercely free heart of Texas, where a man believes that democracy means not just that I'm as good as you are, but rather that you're as good as I am," he said.

Pearl's Operation Considered Success

BOSTON, Oct. 17 (AP)—Little Pearl Simon — who said God warned her she would die if operated on — underwent a successful heart operation today.

Children's Medical Center said in a post-operative bulletin that "barring unforeseen complications, the child ought to be well, be greatly benefited and return to normal."

Heart specialists said the eight-year-old Louisiana girl suffered from a condition known as patent ductus arteriosus — a leak between the two blood vessels leading from the heart.

Without the operation, the little girl from Vermilion, La., would not have lived four more years, physicians said.

They said prior to the operation that the "risk is high but she should be given a chance to live."

Pearl left the medical center last Saturday after the dream in which she said God warned her she would die if operated on.

Byrd Says He Cannot Back Adlai Stevenson

WINCHESTER, Va., Oct. 17 (AP)—Sen. Harry F. Byrd, Virginia Democrat, broke his silence in the presidential campaign tonight by saying he could not endorse the Stevenson - Sparkman ticket.

Byrd devoted a state-wide broadcast to an attack on "Trumanism" and said he had looked in vain for any signs of independent action by Gov. Adlai Stevenson, the Democratic presidential nominee.

Byrd made no mention in his speech of Gen. Dwight D. Eisenhower, Stevenson's Republican opponent in the presidential race.

The senator's announcement that he cannot endorse the national Democratic ticket was bound to boost the hopes of Eisenhower supporters that traditionally Democratic Virginia could be swung into the Republican column this year.

Byrd has long been leader of the Democratic organization in Virginia and has many supporters in the South and elsewhere.

However Gov. John S. Battle of Virginia, a close associate of Byrd, is supporting Stevenson and so are other state party leaders, including Sen. Willis Robertson.

POLES DEMAND KOREAN TRUCE

Asks UN To Recommend Immediate Armistice In Korea

UNITED NATIONS, N. Y., Oct. 17 (AP)—Poland demanded today that the U. N. Assembly recommend an immediate armistice in Korea on warmed-over terms already rejected by the United Nations Command.

This was regarded by many Western delegates as a tip on the policy declaration Soviet Foreign Minister Andrei Y. Vishinsky will make in the Assembly tomorrow and they gloomily forecast little progress if such is the case.

Polish Foreign Minister Stanislaw Skrzyszewski assailed the United States in old and familiar terms. Then he outlined these proposals for a Korean settlement:

1. Immediate cessation of hostilities—land, sea and air.

2. Return of all prisoners of war to their homeland in accord with established international stipulations.

3. Withdrawal from Korea of foreign troops, including Red Chinese "volunteers" within two to three months and peaceful settlement of the Korean question on the principle of unification of Korea, to be carried out by the Koreans themselves under supervision of a commission with the participation of the parties immediately interested and including states which did not take part in the Korean War.

The immediate reaction was that if this is all Vishinsky has to offer tomorrow there is not much chance for progress here on Korea. The West is ready to stop fighting but is flatly opposed to forced repatriation of prisoners. The Communists and the U. N. Command have been split for months on the issue of repatriating prisoners and the talks at Panmunjom have been indefinitely suspended because of the lack of progress there.

Some hours before the Polish delegate spoke, the U. N. Commission on the Unification and Rehabilitation of Korea recommended to the Assembly that U. N. forces remain in Korea long after an armistice is reached.

Two Northeast La. Men War Casualties

The department of defense reported two northeast Louisianians as casualties in last week's casualty list, No. 673.

Marine Corporal Charles H. Hines, son of Mr. and Mrs. Carroll W. Maddox, Haynesville was reported killed in action. He was previously, in a defense dept. error, reported missing.

Private First Class Jerry A. Graham, another marine, son of Mrs. Pauline Rice of Olla was reported wounded.

TRUMAN SAYS IKE COMFORTS, AIDS COMMIES

President Accuses General Of Making False Promises

ABOARD TRUMAN TRAIN, Oct. 17 (AP)—President Truman accused Gen. Dwight D. Eisenhower today of giving aid and comfort to communism by making false promises at American boys can soon be brought home from Korea.

Truman declared the general "appears to be willing to undermine our safety if that will get him elected president."

"I have never seen anything cheaper in politics," the barnstorming President told a cheering crowd at Lawrence, Mass.

Truman told the crowd that in speech after speech Eisenhower has been leaving the impression that if he reaches the White House "he will majestically let the Koreans take over all the fighting and bring our boys home."

"Of course, he cannot do it, without surrendering Korea, until the present Korean conflict is at an end," Truman said, "and he knows it. But he doesn't mind leading people to thinking he can do it as soon as he is elected."

"This is what he calls a crusade for higher moral standards and better ethics in government."

"The great danger of these false promises—the great danger of all these isolationist attacks on our foreign policy—is that they give aid and comfort to the Communists."

"The Communists want us to cut down our defense effort. They want us to pull out of Korea. . . . that is their strategy for us. That is the real trap the Republicans are likely to lead us into."

Already, the President went on, there are 50 per cent more South Koreans in the battle lines than there are Americans, and American training schools are turning out 14,000 South Korean troops a month.

But these Koreans can't replace all the Americans in the near future, Truman said, because:

"It takes a long time to make good officers. It takes a good while to handle modern weapons and to service them. But we are making excellent progress . . ."

COTTON LOANS ARE AVAILABLE

PMA Lists Five Qualified Advisers In Ouachita Parish

Machinery has been set up to help Northeast Louisiana cotton farmers secure loans and hold their 1952 crops until marketing conditions improve, according to an announcement from the Production and Marketing Administration.

I. E. Lucas, head of the Ouachita parish unit of PMA, released an announcement from the Production and Marketing Administration.

I. E. Lucas, head of the Ouachita parish unit of PMA, released an announcement in which he named four persons who are qualified to advise Ouachita parish farmers in seeking such loans. All four have been approved by the parish PMA committee, he said.

The four advisers are: Mark W. Stroud, J. F. Stone, Jr., Mrs. Lorena McCoy and Lucas.

In other parishes, details may be obtained from PMA officers.

Lucas pointed out that any eligible farmer may secure a loan. He reminded that the department of agriculture has a price support on most non-perishable crops grown in this area.

"When a loan is obtained, the farmer still retains title to the cotton and may sell it at any time he sees fit," Lucas said. However, he pointed out that cotton must be sold before Aug. 1, 1953.

Jes' Ramblin'

Another interesting speaker was "discovered" by Leon Hammonds who introduced Mrs. Lillie Harrington, well known Monroevian, to the Civic Club. Introduced as probably the most travelled person in Monroe, whose voyages include eight crossings of the Atlantic and several across the Pacific, she told in entertaining manner of Oberammergau.

The Passion Play, given there

MILLIONAIRE NEWSBOY TO RETIRE — Jimmy Widmeyer, known to Cincinnatians as the millionaire newsboy, is shown hawking his wares at his old familiar stamping ground at Fifth and Walnut streets in downtown Cincinnati, shortly after announcing his retirement Nov. 1. Jimmy, who made a million dollars and lost it, has recouped a large part of his losses. He alternately comes to work in an expensive automobile or a station wagon. (AP Wirephoto)

Shriners Of North La. To Parade Here Today

Monroe will play host today to approximately 1,000 visiting Shriners and their wives from the El Karubah Temple of Shreveport, who are joining members of the Northeast Louisiana Shrine Club in a day-long business and social meeting.

FRENCH PLANES HAMMER REBELS

Vietminh Communists Await Supplies Before New Jump Off

HANOI, Indo-China, Oct. 17 (AP)—French fighters and bombers hammered Vietminh battalions entrenched in the hills around Nghia Lo today in an attempt to break up a mortar barrage regarded as the prelude to a direct assault on the town.

The Communist-led rebels appeared to be waiting for their coolies to pack in more supplies before tackling at close quarters the French and pro-French Thai troops guarding Nghia Lo, a gateway to Northwest Indo-China territory on Communist China's frontier.

The French estimate that 10,000 Communist-trained shock troops and 20,000 coolies are involved in the offensive touched off Tuesday.

Armed with heavy mortars and recoilless 75 millimeter guns, they brought Nghia Lo under direct fire Thursday after seizing a half dozen advance posts.

Kennon 'Hopping Mad' At Reprisal Threats

BATON ROUGE, La., Oct. 17 (AP)—Gov. Robert Kennon, pro-Eisenhower Democrat, was hopping mad today at Democratic national committeeman Stephen Mitchell for "strongarm methods" against bolting Democratic leaders.

Kennon said Mitchell's actions might stir enough reaction to carry Louisiana for Gen. Dwight Eisenhower, the Republican presidential nominee.

In fact, the governor was so burned up he telephoned Texas Gov. Allan Shivers, who is also backing Eisenhower.

"Gov. Shivers is pretty mad about this too," Kennon reported to a press conference. "He feels the way I do. Let them keep records . . . but they better get a book big enough to list the quarter of a million Louisiana Democrats who are going to vote for the general."

By records, the governor had reference to Mitchell's statement that activities of pro-Eisenhower Democratic leaders would be filed "in the record book for future reference."

"Record . . . damn their record," Kennon exploded. "I made a record when I was campaigning for governor that I was anti-Truman,

Reds Suffer 18,000 Loss In 9 Days

SEOUL, Saturday, Oct. 18 (AP)—U. S. Seventh Division troops today captured the last strong point on Triangle Hill in Central Korea after a bitter one-hour, 40-minute fight.

Chinese Red casualties in their losing battle for the height, Pike's Peak, were added to the estimated 18,000 killed and wounded along the Central Front in the past nine days.

AP Correspondent Milo Farneti reported from the central sector that the peak fell to the American infantrymen at 7:30 a.m. Action against pockets of Red resistance continued beyond that hour.

The captured peak is at the northwest corner of Triangle Hill, a steep rocky mass whose crest was won by the 31st Regiment Tuesday.

Launching today's attack at 5:30 a.m., the Americans moved toward their objective under a screen of mortar and artillery fire. They were opposed by heavy Chinese mortar and artillery but only light small arms.

The Reds kept banging away with mortars and artillery in covering withdrawal to nearby Papsan Mountain.

Last night at 11:05, a Chinese Red battalion — between 500 and 750 men — had attacked from Pike's Peak. They got within grenade-throwing range before the Americans drove them back at 1 a.m.

"Our flares showed one group of 100 Chinese moving back to Pike's Peak carrying 100 more killed or wounded," Farneti said.

About 90 guns of five U. S. battalions last night fired a time-on-target barrage on a Communist command post and staging area north of Triangle Hill. A time-on-target barrage is one in which the guns fire so that their shells all land on the target at the same moment.

On nearby Sniper Ridge, South Korean troops last night and early today turned back three big Communist assaults. AP Correspondent John Fujii, on Sniper Ridge during the battle, reported that the South Koreans piled up Chinese Red bodies.

MYSTERY LIGHT CALLED METEOR

Eerie Glow In Wee Hours Causes Mistaken Report Of Plane Crash

NEW ORLEANS, Oct. 17 (AP)—A flaming white-to-bluish light blazed the sky and startled many Mississippians and Louisianians early today.

The eerie light was probably caused by a meteor, according to Dr. Joseph F. Thomson, associate professor of astronomy at Tulane University in New Orleans.

Robert J. Landry, airport traffic controller at the International Airport in New Orleans said the "object was definitely a meteor."

He said the light appeared at 4:10 a. m. (CST) and exploded about 10 seconds later.

In disintegrating, the fiery meteor illuminated the sky, Landry added.

The light caused a mistaken report of plane crash.

Egypt Will Establish Republic Government

CAIRO, Egypt, Oct. 17 (AP) — Egypt is going to abandon her monarchy and become a republic, a usually reliable source said tonight.

Plans are being laid for the transition, he said, but declined to say when it would take place.

Rumors circulated throughout Cairo that the Egyptian state Broadcasting Company would issue a momentous announcement shortly. Newspaper offices said they were standing by for such an announcement, but an Army

spokesman reported there would be none tonight.

Egypt's King Fuad II, nine months old yesterday, is in Italy with his father, the exiled Farouk.

A three-man Regency Council that has been ruling for the baby monarch was reduced Tuesday to a single regent, Prince Mohammed Abdel Monem, a second cousin of Farouk. The shakeup was set off when Premier Gen. Mohammed Naguib fired an Army officer, Col. Rashad Mehanna, from the council.

The Egyptian strongman accused the officer of "actions which give the impression there was a split in the current Egyptian reform drive"—a drive that led to Farouk's ouster July 28.

Naguib accused Farouk today of "wooing the Western Powers" with unfounded charges that the new government is "dictated by Farouk's imagination." He denounced scoundrels for which he said Farouk was responsible.

The Premier issued a communique to answer what he described as allegations "dictated by Farouk's imagination." He denounced scoundrels for which he said Farouk was responsible.

Armory Building Will Be Built In New Iberia

Construction of a New Iberia armory to house a Louisiana National Guard unit there will begin soon, Col. Frank G. Spleas, assistant adjutant general, announced yesterday.

The \$132,000 armory will be located in City Park on Parkway drive adjoining the recently constructed motor storage building for Company G, 136 Infantry Regiment.

The Iberia Parish Police Jury, which originally made the building site available to the state military department, is paying the engineering fees for the new armory.

The armory will be 108 x 136 brick structure containing classrooms, locker and supply rooms, a strong room for weapons, kitchen, indoor rifle range and a drill hall measuring 60 x 90 feet.

It will be one of four such armories being planned for immediate construction with matching state and federal funds being used.

Bids for construction of a new armory at Donaldsonville will be accepted at the adjutant general's office in New Orleans next Tuesday.

Plans are also being prepared to build armories at Many and at Jeanerette. Blueprints for all four buildings are identical.

M. P. TESTIMONY STILL UNDERWAY

Defense Witness Spotlighted In Newman Case

Friday's afternoon session of the Newman case heard Professor H. A. Flanakin, director of the engineering experiment station at Louisiana State University, continue his testimony under cross examination by plaintiff counsel.

Flanakin who has been on the stand two days, discussed under cross examination lengthy details of studies made at the railroad crossing as to its safety and also the length of time it would take for a vehicle to come to a complete stop.

Attorneys for both plaintiff and defense engaged in verbal exchanges over the qualifications surrounding questions asked the witness.

Mrs. Lucy Emfinger Newman, plaintiff in the case, is asking judgment in federal court for damages against the Missouri Pacific Railroad Co. totaling \$100,500. She asks \$75,000 for herself, \$25,000 for her 14-year-old son and \$550 for burial expenses.

Ernest Newman was killed April 9, 1951 on a railroad crossing one and one half miles south of Wisner. His widow charges that negligence on the part of the company caused his death.

Plaintiff counsel brought out testimony before closing its case Thursday that the train had not issued a warning signal before entering the crossing and that the view of the track was blocked by high bushes and shrubs. Defense counsel denies these accusations.

Judge Gaston Porterle will continue hearing the case Monday.

OPS OFFICIALS TO MAKE TOURS

Will Make Advisory Visits To Monroe Every Two Weeks

Office of Price Stabilization representatives will be available alternate Wednesdays for consultation by businessmen in Monroe, Baton Rouge and Lafayette, the New Orleans office announced yesterday.

Trade advisory sessions will be held from 9 to 11 a. m. in office space provided by the Chamber of Commerce, officials said. An opening date was not released yesterday.

This is a new method of providing information and at the same time will determine the businessman's understanding and compliance with requirements, A. F. Roemke, price executive of the agency, said.

In addition to providing information, the OPS representatives will ascertain what businesses have failed to post community food prices, restaurant prices or charges exacted for services, he added.

Roemke said that the statewide checkup move will offer merchants a final opportunity to comply with applicable regulations before they are turned over to the agency's enforcement branch.

Missouri and Tennessee each are bounded by eight other states of the Union.

Deaths

ROBERT WAYNE CRYE

Infant son of Mr. and Mrs. Curtis Crye of Mer Rouge, age two days, died last night in a hospital at Bastrop. Besides the parents, it is survived by his maternal grandparents, Mr. and Mrs. Clarence Fontenot of Mer Rouge and his paternal grandparents, Mr. and Mrs. R. T. Crye of Mer Rouge.

Funeral services will be held at the Horse Shoe Baptist Church Saturday at 2:00 o'clock with Reverend Townsend officiating. Interment, under direction of Hall Funeral Home, will be in Carter's Cemetery.

INFANT BONNETTE

The infant daughter of Mr. and Mrs. Kenneth Bonnette died at a local hospital Friday morning. Besides her parents, she is survived by one sister, Janice Bonnette, paternal grandparents are Mr. and Mrs. W. V. Bonnette of West Monroe, and maternal grandparents, Mr. and Mrs. J. H. Kilpatrick, West Monroe.

Funeral services will be held at 10:00 o'clock Saturday morning with graveside services in Walnut Grove Cemetery, under direction of Hall Funeral Home.

SAM O. SCRUGGS

Sam O. Scruggs, 82, died today in an Alexandria hospital.

Funeral services will be held at 3 p. m. today at Trinity Baptist with the Rev. Filer J. Seals officiating.

Interment follows in Mt. Vernon Cemetery under the direction of Hixon Brothers Funeral Home.

Palbearers will be B. S. Taylor, Clyde McKinn, H. G. Hudson, Archie Davis, George Varino and Homer DeLaney.

Survivors are five daughters, Mrs. Carrie Whitehead, of Meridian, Mrs. D. L. Thrasher and Mrs. Roy Whitlock, both of West Monroe, Mrs. Myrtle Simpson, of Chicago and Mrs. J. W. McLain, of Dallas, Tex.; 19 grandchildren and 26 great grandchildren.

BEN F. BROOKS

Ben F. Brooks, 64, of Minden, died Tuesday 1:30 a. m. in a Minden Hospital. Funeral services were held at graveside in Memorial Park Cemetery in Monroe Friday morning.

Rev. Truman Aldredge, pastor of First Baptist Church in Minden, officiated. Brooks was a member of the Minden Baptist Church and Masonic Lodge.

Survivors are: his wife, Pearl; one son, Bernard H. Brooks; one granddaughter, and one grandson. Pallbearers were: Allen Brooks, Bob Brooks, Paul E. Brooks, Durwood Brooks, James Brooks, Samuel Hixon, all nephews.

He was formerly of Swartz but moved to Minden several years ago when he entered the grocery business.

16TH STRAIGHT

COPENHAGEN, Denmark, Oct. 17 (AP)—Welterweight Jimmy King of Buffalo, N. Y., racked up his 16th straight victory by outpointing Denmark's Christian Christensen in a ten-round bout. King was outweighted, 149½ to 152½.

The industrial method of chrome tanning was perfected in 1888. This process requires no more than three days, whereas the preparation of old using the vegetable tanning process took 90 days.

DENY TENURE LAW AFFECTED

Teachers Told Amendment Doesn't Change Setup

A report that the Louisiana tenure law would be killed with the approval of civil service constitutional amendment No. 1 has been contested by a PTA spokesman and a civil service league director.

The civil service amendment goes before Louisiana voters Nov. 4 along with 33 others drawn up by the Kennon administration.

Mr. J. H. Stringer, president of the Louisiana Parent-Teachers' Association, branded rumors that the teacher tenure law would be affected by the amendment as "wholly incorrect and without foundation."

She contends the tenure law would remain in force and unaltered regardless of the outcome of the amendment.

Joseph Lallande, executive director of the Louisiana Civil Service League, echoed Mrs. Stringer's statements and said "The amendment plainly lists" the teaching profession as among those that will be exempted by the amendment.

"I have heard this opinion expressed considerably during my tour of PTA districts," Mrs. Stringer told board managers of the PTA association in Alexandria.

To verify her statement, the president of the Louisiana PTA said they had contacted Lallande.

A telegram from Lallande read aloud to the group confirmed Mrs. Stringer's statement.

The board of managers unanimously endorsed the Civil Service Amendment No. 1 because "this amendment does not in any way conflict with the Teacher Tenure Laws Teacher Retirement Laws or other teacher welfare laws."

The association supported the institution of Civil Service in Louisiana in 1940; strongly opposed its repeal in 1948 and has advocated and worked for the restoration of Civil Service since, Mrs. Stringer said.

Fire Guts Negro Home In Booker T. Addition

A fire of unknown origin last night gutted a four-room frame building at 212 White St. in Booker T. Washington Addition. Monroe firemen battled the blaze for about two hours to bring it under control.

The house was occupied by Matthews Butcher, Negro, and owned by Guy Fletcher.

Engines 2 and 3 answered the signal at 7:54 p. m. and returned to the station at 10 p. m.

JES' RAMBLIN'

every 10 years, she declared, the most inspiring event of all her wide travels, and she described it in detail to the information and delight of her hearers.

Mrs. Mae Lucky will take over the day after the next New Year's in the post held by Miss Lillian Collins as parish registrar of voters. This position has been capably filled by the outgoing official for 27 years and she will now receive a pension sufficiently large to care for her future needs.

Mrs. Lucky was named by the Ouachita parish police jury from a field of a number of aspirants.

The man who electrified the world by his exploits through a role of Communist on behalf of the FBI, Matt Cvetic by name, now on a lecture tour, will visit Monroe on October 28 and will tell of his hair-raising exploits. His appearance is sponsored by the L. B. Faulk Post of the American Legion and is quite in accord with the efforts through the years to crush communism.

At the present time, there is a radio program presented that is entitled: "I Was A Communist for the FBI." It is being heard on many radio stations of Louisiana and is heard with unusual interest.

When he appears at Neville High School auditorium at 8 p. m., October 28, it is expected that there will be a full house. The Legion post plans to ask only a fairly nominal admission fee as it is out

Miss. Game And Fish Supervisor Is Killed

WAYNESBORO, Miss., Oct. 17 (AP)—H. E. (High) Johnston, Mississippi Game and Fish Commission supervisor, was killed today when the automobile he was driving smashed broadside into a moving passenger train.

Police said the accident happened about 8:40 a. m. just two blocks north of the local railroad station.

The smashup came as the Gulf, Mobile and Ohio "Rebel" slowed down for its southbound stop here en route to New Orleans.

Johnston's automobile plowed into the second unit of the diesel engine, officers reported.

Hospital authorities said Johnston suffered a punctured right lung, a crushed shoulder and head and chest injuries.

He died while preparations were being made to take him to the Jones County Hospital at Laurel.

Johnston, 48, was supervisor for the Game and Fish Commission district composed of Scott, Newton, Clarke, Wayne, Lauderdale, Jones, Smith and Jasper Counties. His residence was at Sebastopol.

to cover expenses, but not to make money out of the appearance of this unusual man.

One of the key enlisted men of the 46th Engineer Construction Battalion stationed at Camp Polk is SFC Guy Vickers, 28, of Monroe.

Vickers, a soldier who has crossed two oceans in nine years of army service, is the son of Mr. and Mrs. James W. Vickers, 806 Winnansboro Road, Monroe.

Last week Vickers led Company B of the 46th in construction of a bridge over Drakes Creek here. The operation was a part of the Army Training Tests given to his unit under simulated combat conditions.

An operations sergeant for the company he was responsible for the coordination of manpower, material, and equipment and kept a

close check on work as it progressed.

One of his main duties is to be sure that the right material arrives at the right time for every project. During the combat tests, Vickers and his men worked around the clock using floodlights during the night.

These abilities, however, did not come overnight. Always an army engineer, Vickers has worked on projects from Japan to Germany. He has held just about every job available in an engineer battalion.

Henson S. Coon, Jr., son of Dr. and Mrs. Henson S. Coon, Sr., and Jake Norman Coon, Jr., son of Mr. and Mrs. J. Norman Coon, Sr., have been pledged to the Louisiana Tau Upsilon chapter of Sigma Alpha Epsilon fraternity at Tulane University.

INFANT BONNETTE

The infant daughter of Mr. and Mrs. Kenneth Bonnette died at a local hospital Friday morning. Besides her parents, she is survived by one sister, Janice Bonnette, paternal grandparents are Mr. and Mrs. W. V. Bonnette of West Monroe, and maternal grandparents, Mr. and Mrs. J. H. Kilpatrick, West Monroe.

Funeral services will be held at 10:00 o'clock Saturday morning with graveside services in Walnut Grove Cemetery, under direction of Hall Funeral Home.

SAM O. SCRUGGS

Sam O. Scruggs, 82, died today in an Alexandria hospital.

Funeral services will be held at 3 p. m. today at Trinity Baptist with the Rev. Filer J. Seals officiating.

Interment follows in Mt. Vernon Cemetery under the direction of Hixon Brothers Funeral Home.

Pallbearers will be B. S. Taylor, Clyde McKink, H. G. Hudson, Archie Davis, George Varino and Homer DeLaney.

Survivors are five daughters, Mrs. Carrie Whitehead, of Meridian, Mrs. D. L. Thrasher and Mrs. Roy Whitlock, both of West Monroe, Mrs. Myrtle Simpson, of Chicago and Mrs. J. W. McLain, of Dumas, Tex.; 19 grandchildren and 26 great grandchildren.

BEN F. BROOKS

Ben F. Brooks, 64, of Minden, died Thursday at 1:30 a. m. in a Minden Hospital. Funeral services were held at graveside in Memorial Park Cemetery in Monroe Friday morning.

Rev. Truman Aldredge, pastor of First Baptist Church in Minden, officiated. Brooks was a member of the Minden Baptist Church and Masonic Lodge.

Survivors are: his wife, Pearl; one son, Bernard H. Brooks; one granddaughter, and one grandson.

Pallbearers were: Allen Brooks, Bob Brooks, Paul E. Brooks, Durwood Brooks, James Brooks, Samuel Hixon, all nephews.

He was formerly of Swartz but moved to Minden several years ago when he entered the grocery business.

16TH STRAIGHT

COPENHAGEN, Denmark, Oct. 17 (AP)—Welterweight Jimmy King of Buffalo, N. Y., racked up his 16th straight victory of his European tour tonight by outpointing Denmark's Christian Christensen in a ten-round bout. King was out-weighted, 149 1/2 to 152 1/2.

The industrial method of chrome tanning was perfected in 1888. This process requires no more than three days, whereas the preparation of old using the vegetable tanning process took 90 days.

DENY TENURE LAW AFFECTED

Teachers Told Amendment Doesn't Change Setup

A report that the Louisiana tenure law would be killed with the approval of civil service constitutional amendment No. 1 has been contested by a PTA spokesman and a civil service league director.

The civil service amendment goes before Louisiana voters Nov. 4 along with 33 others drawn up by the Kennon administration.

Mr. J. H. Stringer, president of the Louisiana Parent - Teachers' Association, branded rumors that the teacher tenure law would be affected by the amendment as "wholly incorrect and without foundation."

She contends the tenure law would remain in force and unaltered regardless of the outcome of the amendment.

Joseph Lallande, executive director of the Louisiana Civil Service League, echoed Mrs. Stringer's statements and said "The amendment plainly lists" the teaching profession as among those that will be exempted by the amendment.

"I have heard this opinion expressed considerably during my tour of PTA districts," Mrs. Stringer told board managers of the PTA association in Alexandria.

To verify her statement, the president of the Louisiana PTA said they had contacted Lallande.

A telegram from Lallande read aloud to the group confirmed Mrs. Stringer's statement.

The board of managers unanimously endorsed the Civil Service Amendment No. 1 because "this amendment does not in any way conflict with the Teacher Tenure Laws Teacher Retirement Laws or other teacher welfare laws."

The association supported the institution of Civil Service in Louisiana in 1940; strongly opposed its repeal in 1948 and has advocated and worked for the restoration of Civil Service since, Mrs. Stringer said.

Fire Guts Negro Home In Booker T. Addition

A fire of unknown origin last night gutted a four-room frame building at 212 White St. in Booker T. Washington Addition. Monroe firemen battled the blaze for about two hours to bring it under control.

The house was occupied by Matthews Butcher, Negro, and owned by Guy Fletcher.

Engines 2 and 3 answered the signal at 7:54 p. m. and returned to the station at 10 p. m.

(Continued from First Page)

every 10 years, she declared, the most inspiring event of all her wide travels, and she described it in detail to the information and delight of her hearers.

Mrs. Mae Lucky will take over the day after the next New Year's in the post held by Miss Lillian Collins as parish registrar of voters. This position has been capably filled by the outgoing official for 27 years and she will now receive a pension sufficiently large to care for her future needs.

Mrs. Lucky was named by the Ouachita parish police jury from a field of a number of aspirants.

The man who electrified the world by his exploits through a role of Communist on behalf of the FBI, Matt Cvetic by name, now on a lecture tour, will visit Monroe on October 28 and will tell of his hair-raising exploits. His appearance is sponsored by the L. B. Faulk Post of the American Legion and is quite in accord with the efforts through the years to crush communism.

At the present time, there is a radio program presented that is entitled: "I Was A Communist for the FBI." It is being heard on many radio stations of Louisiana and is heard with unusual interest.

When he appears at Neville High School auditorium at 8 p. m., October 28, it is expected that there will be a full house. The Legion post plans to ask only a fairly nominal admission fee as it is out

Miss. Game And Fish Supervisor Is Killed

WAYNESBORO, Miss., Oct. 17 (AP)—H. E. (High) Johnston, Mississippi Game and Fish Commission supervisor, was killed today when the automobile he was driving smashed broadside into a moving passenger train.

Police said the accident happened about 8:40 a. m. just two blocks north of the local railroad station.

The smashup came as the Gulf, Mobile and Ohio "Rebel" slowed down for its southbound stop here en route to New Orleans.

Johnston's automobile plowed into the second unit of the diesel engine, officers reported.

Hospital authorities said Johnston suffered a punctured right lung, a crushed shoulder and head and chest injuries.

He died while preparations were being made to take him to the Jones County Hospital at Laurel.

Johnston, 48, was supervisor for the Game and Fish Commission district composed of Scott, Newton, Clarke, Wayne, Lauderdale, Jones, Smith and Jasper Counties. His residence was at Sebastopol.

to cover expenses, but not to make money out of the appearance of this unusual man.

One of the key enlisted men of the 46th Engineer Construction Battalion stationed at Camp Polk is SFC Guy Vickers, 28, of Monroe.

Vickers, a soldier who has crossed two oceans in nine years of army service, is the son of Mr. and Mrs. James W. Vickers, 806 Winnsboro Road, Monroe.

Last week Vickers led Company B of the 46th in construction of a bridge over Drakes Creek here. The operation was a part of the Army Training Tests given to his unit under simulated combat conditions.

As operations sergeant for the company he was responsible for the coordination of manpower, material, and equipment and kept a

close check on work as it progressed.

One of his main duties is to be sure that the right material arrives at the right time for every project. During the combat tests, Vickers and his men worked around the clock using floodlights during the night.

These abilities, however, did not come overnight. Always an army engineer, Vickers has worked on projects from Japan to Germany. He has held just about every job available in an engineer battalion.

Henson S. Coon, Jr., son of Dr. and Mrs. Henson S. Coon, Sr., and Jake Norman Coon, Jr., son of Mr. and Mrs. J. Norman Coon, Sr., have been pledged to the Louisiana Tau Upsilon chapter of Sigma Alpha Epsilon fraternity at Tulane University.

Editorials

Changing Times

In the old days, and even now, in private life, if we committed an error, or a mistake, the usual thing to do is, or was, to apologize and make restitution. In traffic here in the Twin Cities, if your neighbor tears up your car, or even if a perfect stranger dents a fender, you will be paid in full for damages and will receive an apology if it's not your fault.

If you hit someone and find out later that you were in the wrong, you apologize.

Well, now, things are different. At least, on the international scene.

The Air Force sends an airplane, an ambulance plane over Germany to Berlin. In the fog, it flies out of the corridor the Russians have so benevolently provided for us from Berlin to the Federal Republic, and the MIG's who seem to be everywhere, fire on it. If there had not been a thick cloud bank handy, they would have brought it down.

In Japan, the Soviets admit they shot down a B-29 flying over north Japan. They said it "fired on the Soviet fighters." It was an unarmed training bomber.

In both cases, they demanded an apology for an offense they committed.

The strange and terrible fact is that they might get one. The Acheson "tea party" type state department which believes that we should never step on the toes of our adversaries even when they are shooting at us, will send a polite protest hoping that it will not happen again.

Now this has been going on for too long a time. We have been whipped, browbeaten, and jumped at every turn in the diplomatic road by a man who believes that we should have patience with a tyrant who, it has been proven, treats respect with a shotgun.

Don't you readers think that it's about time Acheson learned? We pose this anxious solution. He doesn't want to learn. He has so many friends and associates who he cannot "turn his back upon" that he cannot say anything against their friends the Soviets. This is one answer.

America doesn't have to go back too far in the past to remember when it had the respect of every nation in the world. We were never feared because we never tried to step on the other fellow's toes.

However, when they stepped on ours, they learned to regret that mistake, and regret it fast. Now, the Truman-Acheson policy is to try and buy friendship. Your character will win you friends. You cannot buy them. This is a proven fact in all walks of life.

We contend that Acheson is directly responsible for the tragic situation we find ourselves in now and he should be immediately removed from his office.

For those who haven't analyzed our present position, let us brief you. We have 120,000 casualties in a war which we are fighting at our friends' insistence. We are paying the bills with the blood of our young manhood, we are paying those same bills with taxes which confiscate our income, our friends in the U. N. are insisting that they be allowed to continue trade with the very nation they are supposed to be fighting. They complain because they have to send a token force of men into battle.

They hold a direct rein on ours, the American military commanders who are trying to fight the war.

In other words, our boys are committed to a battle they cannot expect to win because their secretary of state, upon the insistence of his fellow diplomats in Europe, doesn't want to win.

Acheson has held back the military commanders at every turn. He and Truman in a midnight maneuver which will go down in the annals of history as a great piece of treason, fired the very man who had tried to win that war for us. We refer to MacArthur.

Going further, we will say that we think Truman and Acheson don't want to win the war, not because they are afraid of Russia, but because it gives their administration a chance to retain itself in office by its very falseness. This prosperity, based on war and the preparation for it, will bring us to our knees whether Truman and Acheson know it or not.

Acheson has the blood of every casualty of the war on his very hands.

His policies have brought about the war. As late as 1948, Truman was referring to that arch despot Stalin as "good old Joe."

We say that unless Truman and Acheson no longer occupy their present positions by the first of next year, defeat will rear its ugly head very soon. Truman should remove Acheson immediately if he is the patriot he claims to be.

These changing times have almost brought us to ruin.

They must be changed again, for the better. We can do this in November 4th, by electing men who have sworn to stop this calamity, Eisenhower and Nixon. Let's quit being pushed around, let's stop acting like Europeans. After all, we are Americans.

Vote Power Heads West

As of now the presidential election balance of power in the United States is in the industrial East and the agricultural Middle West. These two regions have 276 electoral votes, which is 10 more than needed to elect a President. No other combination of regions that did not include one of these could turn the trick.

But there is a shift to the West. California had only 26 electoral votes in 1940 but now has 32, making it equal to Pennsylvania, which lost several. Pennsylvania and California are surpassed only by New York in electoral votes.

The western states have gained eight electoral votes since 1948. The 11 Middle West states from Ohio and Michigan through the Dakotas, Nebraska and Kansas possess the same voting power as four years ago. The five border states and 10 eastern states have lost electoral votes.

In the slow process of time it appears likely that the West and Far West will join forces to win election. The Middle West switching its allegiance from the East to the West would be a coup of colossal proportions.

In a few decades, may lose its political dominance. It is bound to be in the political limbo of dominance. At any rate, speculation in the future of the West and Far West are always in the air. The West is a land of opportunity and the future of the West is a land of opportunity.

These Days

By George Sokolsky

THE WEST VIRGINIA WRANGLE
Senator Harley Martin Kilgore of West Virginia made his own record as one who has shown an unusually kindly attitude toward Soviet Russia and American Communists during his career in the United States Senate. The choice of friends, associates and causes was his to make.

However, in 1952, when he is a candidate for re-election, that record does not look so good, particularly in print. William Bradford Huie, editor of the "American Mercury" magazine, wrote an article setting forth Senator Kilgore's record. The tone and character of the article may be judged from this paragraph:

"The twelve-year Senate record of the Honorable Harley Martin Kilgore is untarnished by any display of independence: he has remained faithful to the party line; he is the favorite Senator of the Daily Worker; he looks unflinchingly to the Stalin worshippers both with which to purchase his re-election."

This article, in full, was reprinted in three West Virginia newspapers. His opponent is former Senator Chapman Revercomb who has a formidable anti-Communist record. So their campaign is over the question of Communism and of Kilgore's attitude toward the Russians.

"The Charleston Daily Mail" reprinted the Huie article and Kilgore chose to file a suit for libel because of a headline. So far as I know he has taken no action against anyone else, including the originator of the article. But when a newspaper in a comparatively small city has a \$2,000,000 libel suit filed against it, it faces either a catastrophe or a joke. A year ago the aforesaid Kilgore sued another newspaper, the Charleston "Gazette" for \$1,000,000, but has permitted it to lie dormant. The idea apparently is to scare the newspapers of West Virginia from publishing data from Kilgore's record.

Meanwhile, his opponent, Chapman Revercomb, challenged Kilgore to debate Huie's charges. Revercomb said:

"Let Kilgore come out on the stump and debate these charges before the people of West Virginia, as I have challenged him to do. Let him answer these charges, if he can, as I have repeatedly dared him to do."

Back in the days of the United Front, when American public officials ate caviar and drank vodka in the Russian Embassy and had

themselves photographed under the portrait of Joe Stalin, the trio of Claude Pepper of Florida, Glen Taylor of Idaho, and Harley Kilgore of West Virginia were the prominent supporters of what some of us regarded as the Russian line. It would be stupid to call these men Communists or even fellow travelers. The worst that can be said about them is that they were political opportunists who thought that there were advantages on the extreme left.

Taylor got himself deeply entangled in the Progressive Party, ran for Vice President in 1948 with Henry Wallace, destroyed his political career and is now a forgotten man. Claude Pepper was accepted generally as a brilliant mind who outsmarted himself. He was defeated for re-nomination. Kilgore is running this year and may follow his colleagues into limbo.

In 1948, which is long after any intelligent man should have known that Soviet Russia was not the ally of this country but its enemy, Senator Kilgore spoke at a meeting in honor of M. M. Goussier, chairman of Amtorg, the Soviet trading company in this country which also pursued espionage as a sideline. Kilgore said:

"We must lend the Soviet Union every possible financial assistance to accelerate her reconstruction not only as a matter of justice and sympathy, but also in order to help develop our commercial relations for the benefit of both our people. Fortunately for the world as a whole all the great powers are ardently devoted to safeguarding the peace. No reasonable man can doubt that the deepest aspiration of the Soviet Union is lasting peace."

"The Charleston Daily Mail," in reply to this, quotes J. Edgar Hoover on the subject of Amtorg:

"Ever since we recognized Russia in 1933, Moscow's spies have been at work. At first they penetrated factories and laboratories. In order to grab our most advanced manufacturing processes. For this purpose, the Amtorg trading corporation, established here to promote trade with the Soviet Union, provided excellent cover. Amtorg officials recruited undercover agents who stole formulas for petroleum products, lacquers, textiles, and industrial chemicals."

Some Democrats think that they can squeeze one more victory out of an alliance with the pinkies. They ought to lose because Russia is our avowed enemy. (Copyright, 1952, King Features Syndicate, Inc.)

The Washington Parade

By Peter Edson

WASHINGTON (NEA)—Another chapter in the so-called "tidelands" oil case will soon be made public. It will be in the form of a report to the U. S. Supreme Court, filed by Attorney William H. Davis of New York, former chairman of the War Labor Board.

Mr. Davis was appointed special master to investigate certain aspects of this case in February, 1949, and has been working on it ever since. This is a tip-off on the complexity of this business, about which there has been considerable emotional strain, without a great deal of understanding of the fundamental issues involved.

If the Davis report is filed before the November election it may have some political impact on the results in California, Louisiana and Texas. How much effect it will have is, of course, unpredictable. It will depend on the nature of the special master's findings whether they favor federal title to the offshore oil rights, states' rights, or a fair compromise between the two.

It is usual practice for the Supreme Court to accept a special master's recommendations. But it will take the court some time to make up its mind. So the crisis—if any—may be passed over till after the election. Even so, the offshore oil case, as it should be called, is bound to be an issue before Congress in 1953.

General Eisenhower has indicated that he would sign a bill giving the states title to offshore oil rights. Governor Stevenson has said he would not. That is the crux of the whole business.

Shore Lines Complicate The Problem

Contrary to general opinion, there is no dispute over the tidelands—the lands between the average low-tide limit to the high-tide line. The federal government admits these tidelands belong to the states. The dispute is over the land from the mean low-tide line out to the three-mile marginal sea limit and beyond the shelf.

The specific problem which the Supreme Court asked Special Master Davis to determine was what segments of the California coast require adjudication as to boundary.

UNCLE EF

If Eisenhower isn't elected head of the government, we suppose he can still be president of Columbia University. As to Stevenson, if he isn't elected, Uncle Ef thinks he may win the job for nothing and without a campaign. He should be in big demand as a troubleshooter of business.

THE TRIBE'S MEDICINE MAN REPORTS THEIR DECISIONS

Lights Over Broadway

By Walter Winchell

Memos to the Editors

Any true citizen offered by the Reds in Korea by the United Nations (and sponsored by Dean Acheson) must be carefully examined—as it may contain confessions which we previously refused to give. If we make concessions now (that we refused to make a year ago) then we have wasted many lives and there is a rumor indicating that we might grant them to end hostilities before Election Day. Politics being what they are... Everyone wants an immediate truce and an honorable peace but any decision must be without political considerations. So, watch Mr. Acheson, once the lawyer for Stalin's Soviet Union.

The top show in town is at the U. S. Courthouse where more leading comedies are on trial. . . . In another courtroom U. N. employees blandly told the probing United States Senators nothing. . . . The patience of Senator Willis Smith (North Carolina), Senator Herbert R. O'Connor (Maryland), Senator Homer Ferguson (Michigan), Senator Pat McCarran (Nevada) and counsel Bob Morris and Roy Cohn (for the investigating committee) is amazing. . . . Sen. O'Connor finally let off some steam with a denunciation of one "American" employee (at the U. N.) who kept asking Trygve Lie's man (at the table): "Is it all right for me to answer that?" . . . After many hours as a spectator, we finally had to walk out for some fresh air. . . . The stink was suffocating.

Max Lerner complained yesterday: "In order to 'prove' the New York Post a hotbed of subversives, Winchell arrays against me (as against his other targets) the number of times I am mentioned in the Dies Committee Index. It is a curious indictment for him to make, considering the number of times he is himself cited." . . . Now, Max, don't be a chump (like your editor Wechsler) and leave yourself wide open for an uppercut. . . . I am not mentioned (in it) as a Communist. . . . I'm listed as a Communist. . . . But your names are down as such—you sucker for a Left.

We walked among the Broadway gamblers fraternally early this dawn (for the 2nd time in as many days) and they inquired: "What about the millionaire you mentioned on the teevy Sunday night, who wants to bed \$200,000 to \$200,000 on Ike at 7 to 5?" . . . "He is ready," we said. "Is it against the law for me to say that or tell him about any of you takers?" . . . A spokesman (for the Boys) shook his head wearily and said: "That's too much dough." . . . He then announced he had just bet \$5,000 (on Ike at 3 to 2), figuring the odds would go up, etc. . . . He added they all would enjoy taking seeds of the same Canadian millionaire's offer (100 to 1 that Ike "would win Florida." . . . We didn't say he would bet 100 to 1 on Ike taking Florida. . . . We said that he said Ike would win "Cal., Ohio, Penn. and Fla." and "that it's 100 to 1 he'll win Florida." (End of Droop).

Tip to Drew P.: Get off that cancer "doctor" you are plugging. . . . He is not a doctor. . . . The George Welborn Ferguson of Ecuador (for whom you received \$1,000 donation) tried his solution through Dr. Ian McDonald of the Los Angeles County Hospital. . . . The results, I am informed by highest authorities in cancer, were no good. . . . Merck & Co., who were interested (through one of your friends in Ecuador) sent their Dr. Ferguson to Ecuador to sew up Ferguson's "discovery." He closed a contract with Ferguson and brought back to N. Y. several gallons of the head-shrinking solution used by the Indians in Ecuador jungles. . . . The Merck Pharmaceutical chemists gave it a trial. . . . It was not found to have any effect on human cancer. . . . We all appreciate your wanting to help fight cancer, but, Drew, you are being conned. . . . I refer you to the Memorial Hospital's top doctors, one of whom flew to Ecuador (to visit Ferguson) and reported unfavorably on his whatevritis.

A revolt against the editorial board of the campus newspaper (The Daily Columbia Spectator) is reported developing at Columbia University. . . . Students supporting Republican Presidential candidate Eisenhower (president of that university) contend that the campus newspaper (which recently came out for Democratic Presidential candidate Stevenson) is operated by a "self-perpetuating group of

LITTLE LIZ

The guy who takes a chance and passes on hills and curves doesn't deserve a second chance.

Left-wing thinkers" who don't think for the student body.

The situation has worked this way, according to those student critics: persons of one train of thought (once in control of the editorial board) have seen to it that their successors think the same. . . . These critics allege the Left-wing action goes back to J. Wechsler, a former member of The Young Communist League, who was an editor of The Spectator (during the 1930s) while a member of the Communist apparatus. He now edits the N. Y. Schiff. . . . The student critics say that the editorial board of The Spectator became thoroughly "Red" in 1932, when Reed Harris was editor. He was ousted because of a series of editorials, culminating in "Murder on the Campus," which offended university authorities. . . . Harris is presently employed by the U. S. Dept. of State. (End of shock.)

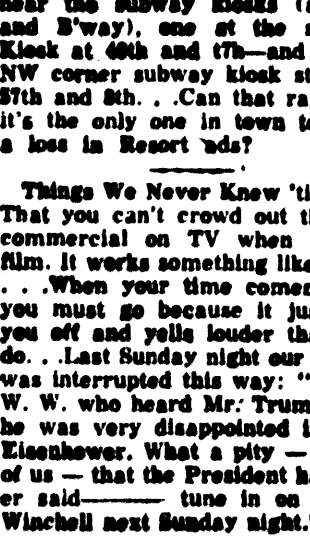

Right-wingers charge The Spectator would have the public believe that it speaks for the voice of Columbia U. . . . Our Children

By Angelo Patri

An open door says "Welcome." There are not enough of such doors in the community of today. Too many that might be wide open to welcome soul-tried men and women, the troubled youth, the loving youngsters, are tightly closed.

One lovely day in late summer when the world series was on, the saloons and the poolrooms were wide open. Music poured out of those open doors and windows. Sounds of laughter and loud voices drew crowds of boys and girls into places they should not be. Lonely men and women were there, and soldiers home on furlough. So much for those open doors.

Was it Moody who asked, when criticized for the gaiety of his hymns, "Is the devil to have all the good tunes?" Some wise man said this and it is time we said "No," and did something about it. On the corner stood a beautiful stone church, its spire rising toward the blue sky. Every door of this church was locked fast and to make doubly sure there were tall wrought iron gates, chained and padlocked. Two blocks away was a big schoolhouse with generous playgrounds. The grounds were surrounded by tall steel fences, each gate padlocked. The doors of the building were locked and again, reinforced by chained and padlocked iron gates.

Why do we permit that? We are agreed that children and young people need places of recreation, places where they can meet and have fun in wholesome surroundings. We all agree that quiet and meditation in a church are healing to the weary, suffering people. Yet we padlock the doors of such places, while the other sort are wide open, with the welcome sign out in full sight and hearing.

Yes, it costs money and we are burdened with taxes. How about members of a church volunteering for service? Taking turns in keeping the church open? How about somebody volunteering to pay for a ton of coal to keep a church or parish house open for a month or so? There is that old saying, "Where there is a will, there is a way."

In these days of confusion, sorrow, even despair in the hearts of men, no church door, no school recreation center, should be padlocked. The devil must not be given all the good tunes. Don't until you have tried valiantly, say this cannot be done. It must be done.

Children learn about the world and the things in it by touch as well as by sight, but mothers have a trying time with breakables. Dr. Patri's leaflet P-6, "Touching Things," gives some helpful advice. To obtain a copy, send 10 cents in coin to him, care this newspaper, P. O. Box 99, State College, New York 19, N. Y. (Released by the Bell Syndicate Inc.)

Hollywood Spotlight

By Erskine Johnson

HOLLYWOOD (NEA)—Eddie Cantor, who cancelled out of his Oct. 26 appearance on the Comedy Hour because of that heart attack, probably won't return to the home screens until after Jan. 1. His medics are urging a long, long rest.

What's wrong with TV lighting? Here's the answer from an ace Hollywood cameraman, Milton Krassner: "They're losing all the definition with their lighting. Every time I see a face on TV it blends into a wall. It's about time TV cameramen borrowed a few movie tricks."

June Valli, the singer who replaced Eileen Wilson on "Hit Parade," shed 40 pounds to make the TV glamour league. Eileen, by the way, is starting a coast-to-coast night club tour. . . . Jack Carson will play a "fallible sleuth" in his situation comedy shows due for filming.

Gale Storm, who's Margie opposite Charles Farrell, and Bill Frawley, who's Fred Meritt on "I Love Lucy," are turning the same tune. Says Gale: "TV has done more for me in 12 weeks than pictures did in 12 years." Says Bill: "I was in movies for 30 years. No one paid any attention to me. Now I'm mobbed wherever I go. It's fantastic."

He Has His Cake, But—Charlton Heston, about the lack of a TV set in his home: "I feel called upon to act in television but not to look at it."

Editorials

Changing Times

In the old days, and even now, in private life, if we committed an error, or a mistake, the usual thing to do is, or was, to apologize and make restitution. In traffic here in the Twin Cities, if your neighbor tears up your car, or even if a perfect stranger dents a fender, you will be paid in full for damages and will receive an apology if it's not your fault.

If you hit someone and find out later that you were in the wrong, you apologize.

Well, now, things are different. At least, on the international scene.

The Air Force sends an airplane, an ambulance plane over Germany to Berlin. In the fog, it flies out of the corridor the Russians have so benevolently provided for us from Berlin to the Federal Republic, and the MIG's who seem to be everywhere, fire on it. If there had not been a thick cloud bank handy, they would have brought it down.

In Japan, the Soviets admit they shot down a B-29 flying over north Japan. They said it "fired on the Soviet fighters." It was an unarmed training bomber.

In both cases, they demanded an apology for an offense they committed.

The strange and terrible fact is that they might get one. The Acheson "tea party" type state department which believes that we should never step on the toes of our adversaries even when they are shooting at us, will send a polite protest hoping that it will not happen again.

Now this has been going on for too long a time. We have been whipped, browbeaten, and jumped at every turn in the diplomatic road by a man who believes that we should have patience with a tyrant who, it has been proven, treats respect with a shotgun.

Don't you readers think that it's about time Acheson learned? We pose this anxious solution. He doesn't want to learn. He has so many friends and associates who he cannot "turn his back upon" that he cannot say anything against their friends the Soviets. This is one answer.

America doesn't have to go back too far in the past to remember when it had the respect of every nation in the world. We were never feared because we never tried to step on the other fellow's toes.

However, when they stepped on ours, they learned to regret that mistake, and regret it fast. Now, the Truman-Acheson policy is to try and buy friendship. Your character will win your friends. You cannot buy them. This is a proven fact in all walks of life.

We contend that Acheson is directly responsible for the tragic situation we find ourselves in now and he should be immediately removed from his office.

For those who haven't analyzed our present position, let us brief you. We have 120,000 casualties in a war which we are fighting at our friends insistence. We are paying the bills with the blood of our youngmanhood, we are paying those same bills with taxes which confiscate our income, our friends in the U. N. are insisting that they be allowed to continue trade with the very nation they are supposed to be fighting. They complain because they have to send a token force of men into battle.

They hold a direct rein on ours, the American military commanders who are trying to fight the war.

In other words, our boys are committed to a battle they cannot expect to win because their secretary of state, upon the insistence of his fellow diplomats in Europe, doesn't want to win.

Acheson has held back the military commanders at every turn. He and Truman in a midnight maneuver which will go down in the annals of history as a great piece of treason, fired the very man who had tried to win that war for us. We refer to MacArthur.

Going further, we will say that we think Truman and Acheson don't want to win the war, not because they are afraid of Russia, but because it gives their administration a chance to retain itself in office by its very false prosperity. This prosperity, based on war and the preparation for it, will bring us to our knees whether Truman and Acheson know it or not.

Acheson has the blood of every casualty of the war on his very hands.

His policies have brought about the war. As late as 1948, Truman was referring to that arch despot Stalin as "good old Joe."

We say that unless Truman and Acheson no longer occupy their present positions by the first of next year, defeat will rear its ugly head very soon. Truman should remove Acheson immediately if he is the patriot he claims to be.

These changing times have almost brought us to ruin.

They must be changed again, for the better. We can do this in November 4th, by electing men who have sworn to stop this calamity, Eisenhower and Nixon. Let's quit being pushed around, let's stop acting like Europeans. After all, we are Americans.

Vote Power Heads West

As of now the presidential election balance of power in the United States is in the industrial East and the agricultural Middle West. These two regions have 276 electoral votes, which is 10 more than needed to elect a President. No other combination of regions that did not include one of these could turn the trick.

But there is a shift to the West. California had only 22 electoral votes in 1940 but now has 32, making it equal to Pennsylvania, which lost several. Pennsylvania and California are surpassed only by New York in electoral votes.

The western states have gained eight electoral votes since 1948. The 11 Middle West states from Ohio and Michigan through the Dakotas, Nebraska and Kansas possess the same voting power as four years ago. The five border states and 10 eastern states have lost electoral votes.

In the slow process of time it appears likely that the Middle West and Far West will join forces to win elections, the Middle West switching its allegiance from the East. Westward the course of empire takes its way.

The East, in a few decades, may lose its political power, with consequent loss to its politicians of dominance in selecting and electing Presidents. At any rate, speculation as to future political shifts and trends are always interesting. This one has the weight of population shifts to buttress it.

These Days

By George Sokolsky

THE WEST VIRGINIA WRANGLE
Senator Harley Martin Kilgore of West Virginia made his own record as one who has shown an unusually kindly attitude toward Soviet Russia and American Communists during his career in the United States Senate. The choice of friends, associates and causes was his to make.

However, in 1952, when he is a candidate for re-election, that record does not look so good, particularly in print. William Bradford Huie, editor of the "American Mercury" magazine, wrote an article setting forth Senator Kilgore's record. The tone and character of the article may be judged from this paragraph:

"The twelve-year Senate record of the Honorable Harley Martin Kilgore is untarnished by any display of independence: he has remained faithful to the party line; he is the favorite Senator of the Daily Worker; he looks unblushingly to the Stalin worshippers both with which to purchase his re-election."

This article, in full, was reprinted in three West Virginia newspapers. His opponent is former Senator Chapman Revercomb who has a formidable anti-Communist record. So their campaign is over the question of Communism and of Kilgore's attitude toward the Russians.

"The Charleston Daily Mail" reprinted the Huie article and Kilgore chose to file a suit for libel because of a headline. So far as I know he has taken no action against anyone else, including the originator of the article. But when a newspaper in a comparatively small city has a \$2,000,000 libel suit filed against it, it faces either a catastrophe or a joke. A year ago the aforesaid Kilgore sued another newspaper, the Charleston "Gazette" for \$1,000,000, but has permitted it to lie dormant. The idea apparently is to scare the newspapers of West Virginia from publishing data from Kilgore's record.

Meanwhile, his opponent, Chapman Revercomb, challenged Kilgore to debate Huie's charges. Revercomb said:

"Let Kilgore come out on the stump and debate these charges before the people of West Virginia, as I have challenged him to do. Let him answer these charges, if he can, as I have repeatedly dared him to do."

Back in the days of the United Front, when American public officials ate caviar and drank vodka in the Russian Embassy and had

themselves photographed under the portrait of Joe Stalin, the trio of Claude Pepper of Florida, Glen Taylor of Idaho, and Harley Kilgore of West Virginia were the prominent supporters of what some of us regarded as the Russian line. It would be stupid to call these men Communists or even fellow travelers. The worst that can be said about them is that they were political opportunists who thought that there were advantages on the extreme left.

Taylor got himself deeply entangled in the Progressive Party, ran for Vice President in 1948 with Henry Wallace, destroyed his political career and is now a forgotten man. Claude Pepper was accepted generally as a brilliant mind who outsmarted himself. He was defeated for re-nomination. Kilgore is running this year and may follow his colleagues into limbo.

In 1945 which is long after any intelligent man should have known that Soviet Russia was not the ally of this country but its enemy, Senator Kilgore spoke at a meeting in honor of M. M. Goussiev, chairman of Amtorg, the Soviet trading company in this country which also pursued espionage as a sideline. Kilgore said:

"We must lend the Soviet Union every possible financial assistance to accelerate her reconstruction not only as a matter of justice and sympathy, but also in order to help develop our commercial relations for the benefit of both our people. Fortunately for the world as a whole all the great powers are ardently devoted to safeguarding the peace. . . . No reasonable man can doubt that the deepest aspiration of the Soviet Union is lasting peace."

"The Charleston Daily Mail," in reply to this, quotes J. Edgar Hoover on the subject of Amtorg: "Ever since we recognized Russia in 1933, Moscow's spies have been at work. At first they penetrated factories and laboratories, in order to grab our most advanced manufacturing processes. For this purpose, the Amtorg trading corporation, established here to promote trade with the Soviet Union, provided excellent cover. Amtorg officials recruited undercover agents who stole formulas for petroleum products, lacquers, textiles, and industrial chemicals."

Some Democrats think that they can squeeze one more victory out of an alliance with the pinkies. They ought to lose because Russia is our avowed enemy. (Copyright, 1952, King Features Syndicate, Inc.)

The Washington Parade

By Peter Edson

WASHINGTON —(NEA)— Another chapter in the so-called "ideals" oil case will soon be made public. It will be in the form of a report to the U. S. Supreme Court, filed by Attorney William H. Davis of New York, former chairman of the War Labor Board.

Mr. Davis was appointed special master to investigate certain aspects of this case in February, 1949, and has been working on it ever since. This is a tip-off of the complexity of this business, about which there has been considerable emotional steam, without a great deal of understanding of the fundamental issues involved.

If the Davis report is filed before the November election it may have some political impact on the results in California, Louisiana and Texas. How much effect it will have is, of course, unpredictable. It will depend on the nature of the special master's findings—whether they favor federal title to the offshore oil rights, states' rights, or a fair compromise between the two.

It is usual practice for the Supreme Court to accept a special master's recommendations. But it will take the court some time to make up its mind. So the crisis—if any—may be passed over till after the election. Even so, the offshore oil case, as it should be called, is bound to be an issue before Congress in 1953.

General Eisenhower has indicated that he would sign a bill giving the states title to offshore oil rights. Governor Stevenson has said he would not. That is the crux of the whole business.

Shore Lines Complicate The Problem

Contrary to general opinion, there is no dispute over the tidelands—the lands between the average low-tide limit in to the high-tide line. The federal government admits these tidelands belong to the states. The dispute is over the land from the mean low-tide line out to the three-mile marginal sea limit and beyond the shelf.

The specific problem which the Supreme Court asked Special Master Davis to determine was what segments of the California coast require adjudication as to boundary.

UNCLE EF

If Eisenhower isn't elected head of the government, we suppose he can still be president of Columbia University. As to Stevenson, if he isn't elected, Arch Neabrite says that with his gift for nifties and wisecracks, he should be in big demand as a toastmaster at banquets.

ary between state and federal rights. Also, what procedures the Supreme Court should follow in settling this boundary line.

This problem would be relatively simple if there were a straight shore line, as there is on the Texas Gulf coast. It is much more complicated when there is an irregular coast line, as in Louisiana, or deep bays and off-shore islands, as in California.

The report from Special Master cover three main points:

1. What is the status of the channel areas between the California mainland and the off-shore islands?

These islands are Santa Rosa and Santa Cruz off Santa Barbara, Santa Catalina off Los Angeles and Long Beach, and San Clemente off San Diego. From Santa Barbara to San Diego is roughly 300 miles. San Clemente is about 90 miles west of San Diego.

California argues that underwater oil rights of all this area belong to it. The federal government disputes this claim.

2. What indentations of the California coast constitute bays that belong to the state?

Open-Water Bays are in Dispute
There is no dispute over San Francisco Bay, which is entirely landlocked save for the mile-wide Golden Gate entrance. That is California's. Monterey Bay, south of Santa Cruz, is in the same category, being a deep, semi-circular indentation.

But Santa Monica Bay off Los Angeles is 28 miles wide and San Pedro Bay off Long Beach is 19 miles wide in open water. Here the federal government makes a claim. This is an important area, for the big Huntington Beach oil field taps both tideland and off-shore oil from wells drilled on the coast, but slanted seaward.

3. By what criteria is the low-tide water mark along the California coast to be determined? This is a stickler because California tides are not regular as they are on the Atlantic coast. One tide each day is higher and lower than the other.

California says, take the lowest of the low-tide marks. The federal government, using U. S. Coast and Geodetic Survey data, says, take the average of all tides over 18.6 years to be fair under all circumstances.

This is what the shouting will be about when Special Master Will Davis makes his report to the Supreme Court.

Lights Over Broadway

By Walter Winchell

Memos to the Editors

Any truce agreement offered by the Reds in Korea by the United Nations (and sponsored by Dean Acheson) must be carefully examined — as it may contain concessions which we previously refused to give. If we make concessions now (that we refused to make a year ago) then we have wasted many lives and there is a rumor indicating that we might grant them to end hostilities before Election Day. Politics being what they are. . . . Everyone wants an immediate truce and an honorable peace but any decision must be without political considerations.

So, watch Mr. Acheson, once the lawyer for Stalin's Soviet Union.

The top show in town is at the U. S. Courthouse where more leading comedies are on trial. . . . In another courtroom U. N. employees blandly told the probing United States Senators nothing. . . . The patience of Senator Willis Smith (North Carolina), Senator Herbert R. O'Connor (Maryland), Senator Homer Ferguson (Michigan), Senator Pat McCarran (Nevada) and counsels Bob Morris and Roy Cohn (for the investigating committee) is amazing. . . . Sen. O'Connor finally let off some steam with a denunciation of one "American" employee (at the U. N.) who kept asking Trygve Lie's man (at the table): "Is it all right for me to answer that?" . . . After many hours as a spectator, we finally had to walk out for some fresh air. . . . The stink was suffocating.

Max Lerner complained yesterday: "In order to 'prove' the New York Post a hotbed of subversives, Winchell arranges myself (as against his other targets) the number of times I am mentioned in the Dies Committee Index. It is a curious indictment for him to make, considering the number of times he is himself cited." . . . Max, don't be a chump (like your editor Wechsler) and leave yourself wide open for an upsurge. . . . I am not mentioned (in it) as a Commy - fronter. . . . I'm listed as a Commy - debunker. . . . But your names are not down as such — you sucker for a Left.

A revolt against the editorial board of the campus newspaper (The Daily Columbia Spectator) is reported developing at Columbia University. . . . Students supporting Republican Presidential candidate Eisenhower (president of that university) contend that the campus newspaper (which recently came out for Democratic Presidential candidate Stevenson) is operated by a "self-perpetuating group of

mentioned on the teevy Sunday night, who wants to bed \$230,000 to \$200,000 on Ike at 7 to 5?" . . . "He is ready," we said. "Is it against the law for me to say that or tell him about any of your takers?" . . . A spokesman (for the Boys) shook his head wearily and said: "That's too much dough." . . . He then announced he had just bet \$5,000 (on Ike at 3 to 2), figuring the odds would go up, etc. . . . He added they all would enjoy taking seeds of the same Canadian millionaire's offer (100 to 1) that Ike "would win Florida." . . . We didn't say he would bet 100 to 1 on Ike taking Florida. . . . We said that he said Ike would win "at least 144 votes from N. Y., Cal., Ohio, Oenn. and Fla." and "that it was 100 to 1 he'll win Florida." (End of Droop).

Tip to Drew P.: Get off that cancer "doctor" you are plugging. . . . He is not a doctor. . . . The George Welborn Ferguson of Ecuador (for whom you received \$1,000 donation) tried his solution through Dr. Ian McDonald of the Los Angeles County Hospital. . . . The results, I am informed by highest authorities in cancer, were no good. . . . Merck & Co., who were interested (through one of your friends in Ecuador), sent their Dr. Robinson to Ecuador to sew up Ferguson's "discovery." He closed a contract with Ferguson and brought back to N. Y. several gallons of the head-shrinking solution used by the Indians in Ecuador jungles. . . . The Merck Pharmaceutical chemists gave it a trial. . . . It was not found to have any effect on human cancer. . . . We all appreciate your wanting to help fight cancer, but Drew, yew are being conned. . . . I refer you to the Memorial Hospital's top doctors, one of whom flew to Ecuador (to visit Ferguson) and reported unfavorably on his whatevritis.

The Broadway Bus: You mean you haven't seen The Washington Post's walloping editorial on Josephine Baker? . . . Oh, the poor ingrat! . . . Or the wonderful ones in the Negro press? . . . Happy October 16th! The night (at the Stork) she started to commit professional suicide in the U. S. A. . . . Her chief microphone defender announced he had talked with her on the long distance phone to South America a few weeks ago. . . . But now he announces he sent her a letter to ask her if the reports of what she said about the United States are true, etc. . . . Phones broken, you know. . . . Oh, the poor schmug! . . . At 4 a. m. Monday we counted 155 N. Y. Compost returns on 4 newsstands: At two stands near the subway kiosks (at 50th and B'way), one at the subway Kiosk at 49th and 7th—and at the NW corner subway kiosk stand at 57th and 8th. . . . Can that rag deny it's the only one in town to show a loss in Resort ads?

Things We Never Knew 'til Now: That you can't crowd out the last commercial on TV when it's on film. It works something like radar. . . . When your time comes to go you must go because it just cuts you off and yells louder than you do. . . . Last Sunday night our signoff was interrupted this way: "This is W. W. who heard Mr. Truman say he was very disappointed in Gen. Eisenhower. What a pity — for all of us — that the President has never said — tune in on Walter Winchell next Sunday night."

Barbs: Surgeons have developed new ears made of rubber. Women can stretch gossip without them.

Dad's signature on a check to cover Mom's new nuds is just another sign of fall.

OFF THE RECORD

By Ed Reed

"You go down, dear - - you'd scare any burglar!"

LITTLE LIZ

This guy who takes a chance and passes on hills and curves doesn't deserve a second chance.

Left - wing thinkers' who don't think for the student body.

The situation has worked this way, according to those student critics: persons of one train of thought (once in control of the editorial board) have seen to it that their successors think the same. . . . These critics allege the Left-wing control goes back to J. Wechsler, a former member of The Young Communist League, who was an editor of The Spectator (during the 1930s) while a member of the Communist apparatus. He now edits the N. Y. Schiff. . . . The student critics say that the editorial board of The Spectator became thoroughly "Red" in 1932, when Reed Harris was editor. He was ousted because of a series of editorials, culminating in "Murder on the Campus", which offended university authorities. . . . Harris is presently employed by the U. S. Dept. of State. (End of shock.)

Right - wingers charge The Spectator would have the public believe that it speaks for the voice of Columbia U. They point to the enrollment of Columbia College (2,200) from among which the editorial staff is selected, and assert there are 20,000 students, all told, in Columbia U., of whom the majority are for Gen. Eisenhower.

June Valli, the singer who replaced Eileen Wilson on "Hit Parade," shed 40 pounds to make the TV glamor league. Eileen, by the way, is starting a coast-to-coast night club tour. . . . Jack Carson will play a "fallible sleuth" in his situation comedy shows due for filming.

Gale Storm, who's Margie opposite Charles Farrell, and Bill Fravel, who plays Fred Mertz on "I Love Lucy," are humming the same tune. Says Gale: "TV has done more for me in 12 weeks than pictures did in 12 years." Says Bill: "I was in movies for 20 years. No one paid any attention to me. Now I'm mobbed wherever I go. It's fantastic."

He Has His Cake, But—Charlton Heston, about the lack of a TV set in his home: "I feel called upon to act in television but not to look at it."

Things We Never Knew 'til Now: That you can't crowd out the last commercial on TV when it's on film. It works something like radar. . . . When your time comes to go you must go because it just cuts you off and yells louder than you do. . . . Last Sunday night our signoff was interrupted this way: "This is W. W. who heard Mr. Truman say he was very disappointed in Gen. Eisenhower. What a pity — for all of us — that the President has never said — tune in on Walter Winchell next Sunday night."

Our Children

By Angelo Patri

An open door says "Welcome." There are not enough of such doors in the communities of today. Too many that might be wide open to welcome soul-tired men and women, the troubled youth, the fun-loving youngsters, are tightly closed.

One lovely day in late summer when the world series was on, the saloons and the poolrooms were wide open. Music poured out of those open doors and windows. Sounds of laughter and loud voices drew crowds of boys and girls into places they should not be. Lonely men and women were there, and soldiers home on furlough. So much for those open doors.

Was it Moody who asked, when criticized for the gaiety of his hymns, "Is the devil to have all the good times?" Some wise man said this and it is time we said "No," and did something about it.

On the corner stood a beautiful stone church, its spire rising toward the blue sky. Every door of this church was locked fast and to make doubly sure there were tall wrought iron gates, chained and padlocked. Two blocks away was a big schoolhouse with generous playgrounds. The grounds were surrounded by tall steel fences, each gate padlocked. The doors of the building were locked and again, reinforced by chained and padlocked iron gates.

Why do we permit that? We are agreed that children and young people need places of recreation, places where they can meet and have fun in wholesome surroundings. We all agree that quiet and meditation in a church are healing to the weary, suffering people. Yet we padlock the doors of such places, while the other sort are wide open, with the welcome sign out in full light and hearing.

Yes, it costs money and we are burdened with taxes. How about members of a church volunteering for service? Taking turns in welcoming the church open? How about somebody volunteering to pay for a ton of coal to keep a church or parish house open for a month or so? There is that old saying, "Where there is a will, there is a way."

In these days of confusion, sorrow, even despair in the hearts of men, no church door, no school recreation center, should be padlocked. The devil must not be given all the good times. Don't until you have tried valiantly, say this cannot be done. It must be done.

Children learn about the world and the things in it by touch as well as by sight, but mothers have a trying time with breakables. Dr. Patri's leaflet P-6, "Touching Things," gives some helpful advice. To obtain a copy, send 10 cents in coin to him, care this paper, P. O. Box 99, Station G, New York 19, N. Y.

Hollywood Spotlight

By Erskine Johnson

HOLLYWOOD —(NEA)— Eddie Cantor, who cancelled out of his Oct. 26 appearance on the Comedy Hour because of that heart attack, probably won't return to the home screens until after Jan. 1. His medicals are urging a long, long rest.

What's wrong with TV lighting? Here's the answer from an ace Hollywood cameraman, Milton Krassner:

"They're losing all the definition with flat lighting. Every time I see a face on TV it blends into a wall. It's about time TV cameramen borrowed a few movie tricks."

June Valli, the singer who replaced Eileen Wilson on "Hit Parade," shed 40 pounds to make the TV glamor league. Eileen, by the way, is starting a coast-to-coast night club tour. . . . Jack Carson will play a "fallible sleuth" in his situation comedy shows due for filming.

Gale Storm, who's Margie opposite Charles Farrell, and Bill Fravel, who plays Fred Mertz on "I Love Lucy," are humming the same tune. Says Gale: "TV has done more for me in 12 weeks than pictures did in 12 years." Says Bill: "I was in movies for 20 years. No one paid any attention to me. Now I'm mobbed wherever I go. It's fantastic."

WOMAN BEFORE SANITY BOARD

Action Taken After Negro Child's Body Found In River

A Negro woman was turned over to a sanity commission for hearing in the Fourth District Court Friday morning and three others released to the state probation officer. Also brought up during misdemeanor day in court were approximately forty other cases involving nearly every type of traffic violation.

Rosa Lee Whitfield, Negro, who was indicted by the parish grand jury in fall session on a murder charge of her seven-month-old son was released by Judge David I.

Garrett to the sanity commission. No trial date was set for the Whitfield case.

The Negro woman was charged with the murder of her child after the infant's body was found in the Ouachita river by several children playing on the bank. The identity of the child was unknown for several days, but later neighbors reported that Rosa Lee Whitfield's child had not been seen and an investigation by city detectives and the sheriff department proved her to be the mother of the slain infant. When questioned, she stated that she dropped the infant while bathing it, and that the child died from injuries received in the fall.

The woman told investigating officers that, when she realized that the child was dead, she took it and threw the body into the river.

J. M. Roberts, Jr. THE NEWS INTERPRETING

Associated Press News Analyst Secretary Acheson fooled a lot of delegates at the United Nations with his opening address to the General Assembly.

Some of them had been going around hooting out loud that he would moderate what they anticipated might be as "tough" a speech as the one he made last year, which they didn't think had done anything to ease world tensions.

They feared he would threaten the Communists with direct action, perhaps a blockade of China, unless they agreed to a Korean armistice on the terms already elaborated by U. N. negotiators at Panmunjom.

Lead, the secretary made his point in a speech for solidarity among the non-Communist countries. Not because of preliminary pressure from the Allies, as reported in some quarters, but because he planned it that way. In fact, American sources reported, the original text had been "beefed up" somewhat to avoid any appearance of appeasement of communism, rather than being toned down.

The Americans have long since given up most of their hope that anything which is said will have much effect on Russian policy. That the Acheson speech did not is evidenced by the fact that Soviet Foreign Minister Vishinskiy will speak immediately. Instead of applying to the Kremlin for reaction to Acheson. The line which he brought from Moscow obviously remains unaffected, although he was assiduously underlining various points in the Acheson speech as the secretary proceeded.

The speech, however, obviously attained an important part of its intended effect on other delegations. Faces lighted up as Acheson described the hope of the world for peace through collective security, as he solemnly promised American abstention from aggressive intent of any sort, as he reiterated the nation's inherent interest in the advancement of colonial peoples toward independence.

The applause was far from perfunctory—though by no means unanimous. The Communist bloc was silent, of course, and so were some Latin-Americans and Middle Easterners who frequently withhold their approval on Western actions in the U. N. in sort of silent bargaining for the things they want themselves.

The Assembly had convened in an atmosphere of approaching storm. The secretary had tried to set the keynote for keeping the coming discussions on a high plane. For that the foreign delegates were grateful.

But they knew the storms were coming, nevertheless. The secretary's moderation on Korea and other delicate subjects did not mean that the U. S. would not come up later with concrete proposals regarding the Korean situation which would set off a great battle.

Rubal is the singular of Rubal-yat and, in poetry, means a quatrain.

CITY COURT

MONROE

Three people were fined in regular court yesterday while a large number were sentenced in traffic court.

James Smith, Monroe, charged with drawing and displaying a dangerous weapon, paid a \$200 fine.

George Jones, Downsville, and E. B. Cobb, 4510 Lee Ave., each paid a \$15 fine for being drunk and disorderly.

WEST MONROE

No one was sentenced in West Monroe city court.

GIRLS SPONSORS OF TECH ROTC

List Made Known By Capt. Leo Cline, Commandant At College

RUSTON, Oct. 17. (Special)—Appointment of 12 girls as sponsors of the ROTC cadet corps at Louisiana Tech was announced today by Capt. Leo Cline, commandant of cadets at the college. They are:

Cadet Col. Pat Boone, Shreveport, wing sponsor; Cadet Lt. Col. Annette Proctor, Lake Providence, Group I sponsor; Cadet Lt. Col. Harriet Michaud, Hodge, Group II sponsor; Cadet Maj. Pat Terrell, Ruston, Squadron A; Cadet Maj. Betty Sue Britt, Minden, Squadron B.

Cadet Maj. Betty Ruth Scott, Wisner, Squadron C; Cadet Maj. Peggy Walters, Shreveport, Squadron D; Cadet Maj. Carol Jane Caldwell, Shreveport, Squadron E; Cadet Maj. Janet Cooksey, Shreveport, Squadron F, and Cadet Maj. Olive Gibson, Harrisonburg, band sponsor.

As sponsors, the coeds will march with their respective units in parades and reviews and will participate in other activities of the unit.

The sponsors hold honorary rank of commanding officer of the unit they serve.

WSB REFUSES TO BE RUSHED INTO QUICK DECISION

168,000 Soft Coal Miners Idle; Walkouts Steadily Continue

WASHINGTON, Oct. 17. (AP)—The Wage Stabilization Board today dug its teeth into the tough coal wage case, refusing to be "rushed" into a quick decision despite a steady but slow increase in the number of striking soft coal miners. The total idle was estimated today at 168,000.

Persons close to the board believed a decision might come tomorrow afternoon. Labor members of the agency appear convinced that the \$1.90 daily wage boost is approvable when studied in the light of all WSB pay regulations.

But industry members were reported in firm and solid opposition on the grounds the wage hike far exceeds the board's stabilization rules.

Public members, headed by WSB chairman Archibald Cox, have given no public inkling of their position. The raise cannot be legally paid by coal operators until the WSB approves it and the final decision appears likely to rest with the public members.

The Office of Price Stabilization, meanwhile, held up any action on industry requests for price increases to offset the anticipated cost of the wage boost for more than 350,000 soft coal miners.

The total number of miners out on silent strike in protest against the failure of their latest pay checks to include the pay hike grew slowly to some 168,000. Some were reported returning to work but others quit.

The walkout got under way early this week without any apparent impetus from John L. Lewis, president of the United Mine Workers. It was more an automatic reflex action by the miners who, when their pay checks showed no increase, felt their newest work contract was not being honored.

Phineas Taylor Barnum, "king of the Big Top," was born on July 10, 1810.

Sicily Island To Start Legion Drive

The Mangham American Legion Post No. 286 announces that the 1953 membership drive will start Monday night, October 20th. All members and those who wish to join are urged to attend this important meeting. John F. Bough-ton is commander of this American Legion Post, and Fred A. Childress is the adjutant.

Department Vice - Commander W. Y. Cuney, Gilbert, La., is going to be present at this meeting, as well as 5th District Commander J. C. Gilbert, Sicily Island, La., and 5th District Vice - Commander Y. Bondurant, Wisner, La. Plans will be formulated at this time to start the drive and Commander Bough-ton has promised to equal last year's membership and hopes to equal the all time high for the post. If any present member of this post knows of any eligible veteran please bring him along.

Refreshments will be served.

TRADES COUNCIL FOR ROUND UP

It is announced by the Monroe Central Trades and Labor Council, that a resolution was adopted at their last regular meeting to hold an annual round-up for all members of organized labor in the Monroe area.

The purpose of this meeting is to stress the need for unity and closer fellowship among all members of organized labor. An invitation is extended to members of the thirty-four local unions in the Twin Cities. At this meeting, you can get acquainted with some of the people you see on the streets every day and do not recognize.

There shall be some of the state and local officials in attendance who will address those attending. There will also be other forms of entertainment with music, food and refreshments.

Your membership card from your organization will admit you at the door. Be sure and be at the Carpenter's hall located at 119 1/2 Hall Street at 7:30 p.m. October 20, 1952.

SOCIALISTS FOR SEATING RED CHINESE IN U. N.

French Leader Favors Admission If Chinese Troops Leave Korea

MILAN, Italy, Oct. 17. (AP)—The secretary general of the French Socialist party said today most Socialists favor admission of Communist China to the United Nations—provided that country withdraws its troops from Korea.

Guy Mollet, here for the 19th International Socialist Congress, said in an interview, "One cannot conceive that Communist China should be allowed admission to the United Nations while Chinese are fighting U. N. troops." But, he added, "in principle" most Socialists favor her admission.

The congress, attended by Socialists from 23 nations, officially opened tonight with a ceremony in the La Scala opera house, despite a protest from some city officials against use of the theater for such a purpose.

Six liberal members of the Milan Council criticized Socialist Mayor Virgilio Ferrari for authorizing the meeting and demanded to know what steps he would take to bar future political sessions in the opera house. The mayor made no public reply.

The first business meetings of the congress will be held tomorrow in the Royal Palace here. Morgan Phillips of Britain, president of the international, and Giuseppe Saragat of Italy, chairman of the congress, will speak.

In his interview, Mollet said the congress would be called upon to ask the United Nations for arms limitation, an end of the big power veto and admission of more nations.

REAL ESTATE

F. G. Hudson, Jr., et al. sold to the First Baptist Church of Monroe a certain lot in block 35 of Hudson's Riverside addition for \$4800.

C. M. Johnson sold to Victor R. David a certain parcel of land in lot 19, unit no. 2 of the McHenry subdivision of the north half of section 5, township 18 north, range 4 east for \$117.

WOMAN BEFORE SANITY BOARD

Action Taken After Negro Child's Body Found In River

A Negro woman was turned over to a sanity commission for hearing in the Fourth District Court Friday morning and three others released to the state probation officer. Also brought up during misdemeanor day in court were approximately forty other cases involving nearly every type of traffic violation.

Rosa Lee Whitfield, Negro, who was indicted by the parish grand jury in fall session on a murder charge of her seven-month-old son was released by Judge David I.

Garrett to the sanity commission. No trial date was set for the Whitfield case.

The Negro woman was charged with the murder of her child after the infant's body was found in the Ouachita river by several children playing on the bank. The identity of the child was unknown for several days, but later neighbors reported that Rosa Lee Whitfield's child had not been seen and an investigation by city detectives and the sheriff department proved her to be the mother of the slain infant. When questioned, she stated that she dropped the infant while bathing it, and that the child died from injuries received in the fall. The woman told investigating officers that, when she realized that the child was dead, she took it and threw the body into the river.

J. M. Roberts, Jr. THE NEWS INTERPRETING

Associated Press News Analyst Secretary Acheson foiled a lot of delegates at the United Nations with his opening address to the General Assembly.

Some of them had been going around hoping out loud that he would moderate what they anticipated might be as "tough" a speech as the one he made last year, which they didn't think had done anything to ease world tensions.

They feared he would threaten the Communists with direct action, perhaps a blockade of China, unless they agreed to a Korean armistice on the terms already elaborated by U. N. negotiators at Panmunjom.

Instead, the secretary made his primary appeal for solidarity among the non-Communist countries. Not because of preliminary pressure from the Allies, as reported in some quarters, but because he planned it that way. In fact, American sources reported, the original text had been "beefed up" somewhat to avoid any appearance of appeasement of communism, rather than being toned down.

The Americans have long since given up most of their hope that anything which is said will have much effect on Russian policy. That the Acheson speech did not is evidenced by the fact that Soviet Foreign Minister Vishinsky will speak immediately, instead of applying to the Kremlin for reaction to Acheson.

The line which he brought from Moscow obviously remains unaffected, although he was assiduously underlining various points in the Acheson speech as the secretary proceeded.

The speech, however, obviously attained an important part of its intended effect on other delegations. Faces lighted up as Acheson described the hope of the world for peace through collective security, as he solemnly promised American abstention from aggressive intent of any sort, as he reiterated the nation's inherent interest in the advancement of colonial peoples toward independence.

The applause was far from perfunctory—though by no means unanimous. The Communist bloc was silent, of course, and so were some Latin-Americans and Middle Easterners who frequently withhold their approval on Western actions in the U. N. in a sort of silent bargaining for the things they want themselves.

The Assembly had convened in an atmosphere of approaching storm. The secretary had tried to set the keynote for keeping the coming discussions on a high plane. For that the foreign delegates were grateful.

But they knew the storms were coming, nevertheless. The secretary's moderation on Korea and other delicate subjects did not mean that the U. S. would not come up later with concrete proposals regarding the Korean situation which would set off a great battle.

Rubai is the singular of Rubaiyat and, in poetry, means a quatrain.

CITY COURT

MONROE

Three people were fined in regular court yesterday while a large number were sentenced in traffic court.

James Smith, Monroe, charged with drawing and displaying a dangerous weapon, paid a \$200 fine.

George Jones, Downsville, and E. B. Cobb, 4510 Lee Ave., each paid a \$15 fine for being drunk and disorderly.

WEST MONROE
No one was sentenced in West Monroe city court.

GIRLS SPONSORS OF TECH ROTC

List Made Known By Capt. Leo Cline, Commandant At College

RUSTON, Oct. 17.—(Special)—Appointment of 12 girls as sponsors of the ROTC cadet corps at Louisiana Tech was announced today by Capt. Leo Cline, commandant of cadets at the college. They are:

Cadet Col. Pat Boone, Shreveport, wing sponsor; Cadet Lt. Col. Annette Proctor, Lake Providence, Group I sponsor; Cadet Lt. Col. Harriet Michaud, Hodge, Group II sponsor; Cadet Maj. Pat Terrell, Ruston, Squadron A; Cadet Maj. Betty Sue Britt, Minden, Squadron B.

Cadet Maj. Betty Ruth Scott, Wisner, Squadron C; Cadet Maj. Peggy Walters, Shreveport, Squadron D; Cadet Maj. Carol Jane Caldwell, Shreveport, Squadron E; Cadet Maj. Janet Cooksey, Shreveport, Squadron F, and Cadet Maj. Olive Gibson, Harrisonburg, band sponsor.

As sponsors, the coeds will march with their respective units in parades and reviews and will participate in other activities of the unit.

The sponsors hold honorary rank of commanding officer of the unit they serve.

WSB REFUSES TO BE RUSHED INTO QUICK DECISION

168,000 Soft Coal Miners Idle; Walkouts Steadily Continue

WASHINGTON, Oct. 17.—The Wage Stabilization Board today dug its teeth into the tough coal wage case, refusing to be "rushed" into a quick decision despite a steady but slow increase in the number of striking soft coal miners. The total idle was estimated today at 168,000.

Persons close to the board believed a decision might come tomorrow afternoon. Labor members of the agency appear convinced that the \$1.90 daily wage boost is approvable when studied in the light of all WSB pay regulations.

But industry members were reported in firm and solid opposition on the grounds the wage hike far exceeds the board's stabilization rules.

Public members, headed by WSB chairman Archibald Cox, have given no public inkling of their position. The raise cannot be legally paid by coal operators until the WSB approves it and the final decision appears likely to rest with the public members.

The Office of Price Stabilization, meanwhile, held up any action on industry requests for price increases to offset the anticipated cost of the wage boost for more than 350,000 soft coal miners.

The total number of miners out on silent strike in protest against the failure of their latest pay checks to include the wage hike grew slowly to some 168,000. Some men were reported returning to work but others quit.

The walkout got under way early this week without any apparent impetus from John L. Lewis, president of the United Mine Workers. It was more an automatic reflex action by the miners who, when their pay checks showed no increase, felt their newest work contract was not being honored.

Phineas Taylor Barnum, "king of the Big Top," was born on July 10, 1810.

Sicily Island To Start Legion Drive

The Mangham American Legion Post No. 286 announces that the 1953 membership drive will start Monday night, October 20th. All members and those who wish to join are urged to attend this important meeting. John F. Boughton is commander of this American Legion Post, and Fred A. Childress is the adjutant.

Department Vice - Commander W. Y. Cuney Gilbert, La., is going to be present at this meeting, as well as 5th District Commander J. C. Gilbert, Sicily Island, La., and 5th District Vice - Commander Y. Bondurant, Wisner, La. Plans will be formulated at this time to start the drive and Commander Boughton has promised to equal last year's membership and hopes to equal the all time high for the post. If any present member of this post knows of any eligible veteran please bring him along.

TRADES COUNCIL FOR ROUND UP

It is announced by the Monroe Central Trades and Labor Council, that a resolution was adopted at their last regular meeting to hold an annual round-up for all members of organized labor in the Monroe area.

The purpose of this meeting is to stress the need for unity and closer fellowship among all members of organized labor. An invitation is extended to members of the thirty-four local unions in the Twin Cities. At this meeting, you can get acquainted with some of the people you see on the streets every day and do not recognize.

There shall be some of the state and local officials in attendance who will address those attending. There will also be other forms of entertainment with music, food and refreshments.

Your membership card from your organization will admit you to the door. Be sure and be at the Carpenter's hall located at 119½ Hall Street at 7:30 p.m. October 20, 1952.

SOCIALISTS FOR SEATING RED CHINESE IN U. N.

French Leader Favors Admission If Chinese Troops Leave Korea

MILAN, Italy, Oct. 17.—The secretary general of the French Socialist party said today most Socialists favor admission of Communist China to the United Nations—provided that country withdraws its troops from Korea.

Guy Mollet, here for the 19th International Socialist Congress, said in an interview, "One cannot conceive that Communist China should be allowed admission to the United Nations while Chinese are fighting U. N. troops." But, he added, "in principle" most Socialists favor her admission.

The congress, attended by Socialists from 23 nations, officially opened tonight with a ceremony in the La Scala opera house, despite a protest from some city officials against use of the theater for such a purpose.

Six liberal members of the Milan Council criticized Socialist Mayor Virgilio Ferrari for authorizing the meeting and demanded to know what steps he would take to bar future political sessions in the opera house. The mayor made no public reply.

The first business meetings of the congress will be held tomorrow in the Royal Palace here. Morgan Phillips of Britain, president of the international, and Giuseppe Saragat of Italy, chairman of the congress, will speak.

In his interview, Mollet said the congress would be called upon to ask the United Nations for arms limitation, an end of the big power veto and admission of more nations.

Ph. 2-0974Society Editors
Ph. 5161Mary Gray
Ph. 3-3633Daughters Of American
Revolution Meet Saturday

Members Of Fort Miro Chapter Hear W. D. H. Rodriguez At October Meeting

W. D. H. Rodriguez, local business man and a member of Sons of the American Revolution, was the speaker Saturday afternoon when the Fort Miro Chapter, Daughters of the American Revolution, held their monthly program and business meeting at the Chapter House.

He spoke on "Value of Knowledge of Ancestry" and said in part:

"In thinking of the value of a knowledge of ancestry there are three levels on which ancestry can be considered—national, regional and individual. Thinking of our own national ancestry we know it has been a great factor in our religious life, our love of liberty and our belief in the importance of the individual."

Mr. Rodriguez pointed out that certain mountainous sections of our country were settled by second

sons of English nobility and while many of their descendants today cannot read or write, wherever an individual has been given educational opportunities his record of achievement has been outstanding. One such individual became Supreme Court Justice of his State whereas many of his immediate family could not read or write.

The speaker also brought out that a knowledge of ancestry and tradition is a spur to the ambition of the young, and gave several instances where this had been true.

A notable example being Winston Churchill who was spurred on toward success from very early youth by the accomplishments of his relative, the Duke of Marlborough, but in the end Churchill surpassed his idol in achievements.

The group was particularly intrigued by Mr. Rodriguez' explanation of the English system of counting relationship, explaining that one's mother's first cousin was a first cousin, once removed; a second cousin became one's second cousin, once removed; a great-great uncle became an uncle twice removed. He concluded that in counting relatives by this system one didn't run out of "kissing kin" so fast.

In the absence of the Regent, Miss Frances Flanders, Mrs. J. R. Coulter presided at the business meeting which followed, at the conclusion of which the hostesses, Mrs. C. R. Russell, Mrs. J. F. Taylor, Mrs. Matthew Troy, and Mrs. W. A. Whitfield, Jr., served an assortment of canapés, confectios, and food drinks to the following: Mrs. Shelby Meek, Mrs. George Hemphill, Mrs. Thomas Leigh, Mrs. J. R. Coulter, Mrs. Ivy McDonald, Mrs. W. C. Oliver, Mrs. E. G. Calvert, Mrs. W. H. McGee, Mrs. Arthur Tidwell, Mrs. John Potts, Mrs. Agnes Miller, Mrs. Floyd Martin, Miss Elvora Brinsmade, Mrs. Manning McGuire, Mrs. Roland Brown, Mrs. J. C. Loner, Mrs. W. E. Leigh, Mrs. O. M. Grisham, and Mrs. O. R. Lewis.

Crosley P.-T. A. Plans

Halloween Carnival

The October meeting of the Crosley P.-T. A. was held in the auditorium on Wednesday, October 15. The meeting was called to order by Mrs. B. F. Jackson, president. The P.-T. A. prayer was read by Mrs. L. A. Schaefer. The members of the eighth grade gave the assembly a better insight as to what is going on in the athletic department. The members of the newly formed Athletic Student Council introduced themselves, and did the members of the football squad; the cheerleaders led the choir, athletic council and football team in several rousing cheers.

Lake Oxford explained to the meeting just what steps are being taken to encourage all children in the fifth through the eighth grades, to enter into the school's sports. During the business meeting it was decided four bicycle stands would be purchased for the school grounds. Final plans were made for the coming carnival which will take place Thursday, October 23, at the school.

The room count was won by Mrs. Hodgepeth and Mrs. Gaston's rooms.

Chapter V, P. E. O.
Plans Rummage Sale
At October Meeting

On Monday night, Chapter V, P. E. O. held their regular meeting in the home of Mrs. M. B. Adams. The meeting was opened with the opening code and objects and aims after which Mrs. D. G. Kiper gave the devotionals. Minutes of the last meeting were read by the secretary, Mrs. C. B. Ackel.

During the business session Mrs. J. F. Curry, Jr. was elected the new chaplain after a resignation was accepted from Mrs. F. C. Easton, Jr. Installation of the chaplain was made by the president. A Coke hour was planned for Friday morning in the home of Mrs. Ben Simpson, Jr. during which the ways and means committee will have their Christmas and all-occasion cards on display for P. E. O.'s and their guest. Plans are also being made for a rummage sale to be held Saturday week, October 25th.

P. E. O. members welcome a newcomer to Chapter V, Mrs. H. L. Johns from New Orleans, Chapter G.

After all business was finished, Mrs. R. T. Farr gave an interesting constitutional quiz.

The hostess served delicious refreshments to Mrs. C. B. Ackel, Mrs. J. F. Curry, Jr., Mrs. R. T. Farr, Mrs. A. Signoff, Mrs. E. T. Nichols, Mrs. D. G. Kiper, Mrs. H. D. Touchstone, Mrs. Ben Simpson, Jr., and Mrs. F. L. Smith, Jr.

Martha Jane Oden
Entertains At Pallet
Party Following Game

An after the game pallet party was held in the home of Miss Martha Jane Oden following the Neville - Farmerville football game. The girls were in high spirits as Neville had a 34-7 victory over Farmerville.

The following girls enjoyed this gala event: Bob and Nell Rogers, Cella Montross, Pat Ruple, Connie Pickering, Carolyn Graham, Jo Ann Walworth, Toni Burlington, Mary Rita Smith, Earline Mathis, Barbara Torrence, Barbara Stollar, Sally Smith, Marilyn Nectoux, Pat Patterson, and Lynda Gaar and Joann Heinberg.

TOYS BRING HEADACHES

MANILA — The Philippines banned the importation of all foreign toys last year except rubber balls but the plan seems to have flopped.

Local toy-makers are complaining that cheaper and better quality toys, mostly from Japan and the United States, are still flooding the local market. The local manufacturers called on the government to tighten import controls. They also seek to improve the quality of their own goods and refrain from unfair trade practices among themselves.

BITE FOLLOWS STING

GREENCASTLE, Ind. (AP)—A double - trouble bumblebee swooped into Mrs. James McIntyre's garden, stung both her and her dog. Then the dog bit her.

Dorothy Dix

DEAR MISS DIX: Bill and I have gone with each other for two years. During the past six months, we have talked of marriage and have decided to wait until we are both 21, which will be in two years. Our parents approve—or did, until my Dad suddenly asked me to measure my love for Bill.

I told him a thing like that couldn't be measured. He said it could, by a year's separation during which we would have no communication with each other. I pointed out the fact that since we live in the same neighborhood—3 miles apart, in fact—it would be rather difficult. Dad said we could manage to keep apart, nevertheless.

I'm not afraid of Bill's love, or mine, fading, but am worried because this seems such a difficult thing to be forced to do.

V. B.

ANSWER: Your father is very foolish, to put it mildly, to force this "test" separation. Your Dad's efforts to maneuver your lives into the grooves he seems may be well intentioned but they are woefully ill directed. The emotional strain of being held incommunicado from someone you are bound to see in the normal course of a day's events, and being forced to meet now just to satisfy your father's theories, would be enough to break any spirit.

Bill, of course, being male and possessed of less patience than you, is more vulnerable. Regardless of how much he loves you, loneliness is a most difficult condition to fight.

You are both placed in a position where, lacking the security of a loved one's presence, you are open to the temptation of other dates, with a consequent, and unjustified, mutual loss of confidence. Of course, it is highly probable that since you are both young people of high principle, sincerely in love and determined to do the right thing, you will get through the year without undue stress. After all, a year is a relatively short period.

To prove something that apparently is already well established, namely, is fact that you and Bill love each other, Dad is taking rather an unnecessary risk with his theories.

A strong-minded parent is a most difficult person to convince, but I do hope that some persuasion can be used to convince your father that he is wrong.

DEAR MISS DIX: About two months ago my husband stopped giving me his pay check. He doesn't like my folks and says that until I give them up completely he won't give me any more money. We have three children.

S. T. R.

ANSWER: See the Family Court in your city. Your husband cannot stop supporting his family simply because he doesn't care for his in-laws.

DEAR MISS DIX: After going with me for two years, my boy friend has suddenly decided he wants to go with a variety of girls—some nice, and some not so nice. Are these ideas normal for a boy of 16, or do you think it is an excuse to get rid of me?

J. M.

ANSWER: What constitutes normalcy in an adolescent boy? Volumes would probably be required to cover all the facts of such a question. In your friend's case, he has probably acquired some older and bolder friends who have given him ideas too advanced for his years. I'll warrant if his family hears of them, speedy measures will be taken to quell the young man's independence. Don't be hesitant to let him see your disapproval of his friends, and let him know that, if he keeps questionable company, you will have nothing more to do with him.

DOROTHY DIX gives tips on improving business, social and domestic relations in leader D-7, "Disposition." To obtain a copy, send a 3-cent stamped, self-addressed envelope to Miss Dix, c/o this newspaper.

(Released by The Bell Syndicate, Inc.)

Alleen Harkey And
Pat Zimmer To Be
Co-Queens At Game

LAKE PROVIDENCE, Oct. 17.—(Special)—Shown above are the co-queens Alleen Harkey and Pat Zimmer, to rule over the homecoming football game at Lake Providence High School, Friday evening, Oct. 17, at 7:30. The crowning of the queens will precede the opening of the game by the Lake Providence Panthers and the Waterproof players. The queen's escorts will be Leon Harbin, Jerry Fleming, and La Bane Clement, the three year lettermen.

The maids will be escorted onto Hamley Field by members of the football squad, two escorts to each maid. The crown bearers will be little Misses Carolyn Oswalt and Alice Jean Cooper.

Maids and escorts are Jimmie Bruton with Paul Dukes and Eddie Dufosse; Verda Hardy, escorted by Charles Vining and Park Farrar; Billie Faye Magee, Seymour Myers, Jr., and George Hutson; Tommie Sue Proctor, John Russell Davis, and Gordon Bowlers, Jr.; Darlene Vining, H. A. White, and Billy Joe Cook; Shirley Wilson, with Bobby Joe Tullos and Tom Reece Hutson.

Woodlawn P.-T. A.
Has October Meeting

The October meeting of the Woodlawn P.-T. A. was held in the school cafeteria on Thursday. The meeting was opened with prayer led by Rev. Jack Hannah, pastor of the Mt. Vernon Baptist Church. A program was given by the fourth grade and a film was shown entitled "Make Way For Youth" concluding a most enjoyable program, the business session was held with the president of the P.-T. A., Mrs. Adell Burnett, presiding.

Reading of the minutes of the September meeting was given by Mrs. Barfoot. Mrs. Keith Cobb gave an interesting report on the fifth district meeting which was held at Logtown on October 7. Plans were completed for the Halloween carnival which is to be held at the school on the night of October 24. Mrs. King's seventh grade won the room count.

Refreshments were served by Mrs. Seymour's eighth grade students.

Unruly Prisoners At
Koje Island Wounded

PUSAN, Korea, Friday, Oct. 17 (AP)—Fifteen of 140 unruly Red prisoners of war were injured at Koje Island Tuesday during their enforced return to a stockade by a South Korean Army platoon. The Allied Prisoner of War Command said none of the 15 was hurt seriously but that two were hospitalized.

The command, announcing the incident today, said the captives had refused to go back to their stockades unless four of their number, removed for questioning, also were allowed to return.

The command said no United Nations personnel was injured and order was restored quickly.

MRS. CHARLES SIESS HONORS
MRS. MIKE LUBY WITH PARTY

Mrs. Mike Luby who has recently come to Monroe to make her home was honored on Thursday at the Country Club when Mrs. Charles Siess entertained at cards. Large bouquets of fall roses and tube roses were used in the private dining room and an interesting arrangement of candles in brass holders was on the buffet table. Mrs. Stanley Bagwell, Mrs. Jim Williams, Mrs. John Savage, Mrs. Jim Frasier, Jr., Mrs. Bill McDowell, Mrs. Paul Ransom, Mrs. Edward Holmes, Mrs. Bill Husted, Jr., Mrs. Roy Cole Jr., Mrs. Joe Dixon, Mrs. Kent Allen, Mrs. Tom Sandridge, Mrs. Anne Shelton,

Mrs. James Moore, Mrs. Robert Wood, Mrs. Fred Westrom, Mrs. Brents Whitty, Mrs. Bill Mrs. Robert Oliver, and Mrs. Blah and Touchstone were invited to meet Mrs. Luby. Bridge was played with Mrs. Tom Sandridge winning high score prize and Mrs. Paul Ransom the low. The traveling prize was won by Mrs. Bill Riley.

The local manufacturers called on the government to tighten import controls. They also seek to improve the quality of their own goods and refrain from unfair trade practices among themselves.

BITE FOLLOWS STING

GREENCASTLE, Ind. (AP)—A double - trouble bumblebee swooped into Mrs. James McIntyre's garden, stung both her and her dog. Then the dog bit her.

Dorothy Dix

DEAR MISS DIX: Bill and I have gone with each other for two years. During the past six months, we have talked of marriage and have decided to wait until we are both 21, which will be in two years. Our parents approve—or did, until my Dad suddenly asked me to measure my love for Bill.

I told him a thing like that couldn't be measured. He said it could, by a year's separation during which we would have no communication with each other. I pointed out the fact that since we live in the same neighborhood—2 miles apart, in fact—it would be rather difficult. Dad said we could manage to keep apart, nevertheless.

I'm not afraid of Bill's love, or mine, fading, but am worried because this seems such a difficult thing to be forced to do.

V. B.

ANSWER: Your father is very foolish, to put it mildly, to force this "test" separation. Since you and Bill were planning to forego marriage for another two years, and have quite evidently matured beyond the impetuosity of adolescence, you seem quite capable of managing your own affairs. The two-year waiting period should be sufficient test of your affections.

PROJECT MAY BACKFIRE

Experimenting with love is a dangerous thing, and has an unhappy faculty of backfiring with results that are oftentimes tragic. Your Dad's efforts to maneuver your lives into the grooves he selects may be well intentioned but they are woefully ill directed. The emotional strain of being held incommunicado from someone you are bound to see in the normal course of a day's events, and being forced to meet new men just to satisfy your father's theories, would be enough to break any spirit.

Bill, of course, being male and possessed of less patience than you, is more vulnerable. Regardless of how much he loves you, loneliness is a most difficult condition to fight.

You are both placed in a position where, lacking the security of a loved one's presence, you are open to the temptation of other dates, with a consequent, and unjustified, mutual loss of confidence. Of course, it is highly probable that since you are both young people of high principle, sincerely in love and determined to do the right thing, you will get through the year without undue stress. After all, a year is a relatively short period.

To prove something that apparently is already well established, namely, the fact that you and Bill love each other, Dad is taking rather an unnecessary risk with his theories.

A strong-minded parent is a most difficult person to convince, but I do hope that some persuasion can be used to convince your father that he is wrong.

DEAR MISS DIX: About two months ago my husband stopped giving me his pay check. He doesn't like my folks and says that until I give them up completely he won't give me any more money. We have three children.

S. T. R.

ANSWER: See the Family Court in your city. Your husband cannot stop supporting his family simply because he doesn't care for his in-laws.

DEAR MISS DIX: After going with me for two years, my boy friend has suddenly decided he wants to go with a variety of girls—some nice, and some not so nice. Are these ideas normal for a boy of 16, or do you think it is an excuse to get rid of me?

J. M.

ANSWER: What constitutes normalcy in an adolescent boy? Volumes would probably be required to cover all the facts of such a question. In your friend's case, he has probably acquired some older and bolder friends who have given him ideas too advanced for his years. I'll warrant if his family hears of them, speedy measures will be taken to quell the young man's independence. Don't be hesitant to let him see your disapproval of his friends, and let him know that, if he keeps questionable company, you will have nothing more to do with him.

DOROTHY DIX gives tips on improving, business, social and domestic relations in leaflet D-7, "Disposition." To obtain a copy, send a 3-cent stamped, self-addressed envelope to Miss Dix, c/o this newspaper.

(Released by The Bell Syndicate, Inc.)

Alleen Harkey And Pat Zimmer To Be Co-Queens At Game

LAKE PROVIDENCE, Oct. 17.—(Special)—Shown above are the co-queens Alleen Harkey and Pat Zimmer, to rule over the homecoming football game at Lake Providence High School, Friday evening, Oct. 17, at 7:30. The crowning of the queens will precede the opening of the game by the Lake Providence Panthers and the Waterproof players. The queen's escorts will be Leon Harbin, Jerry Fleming, and La Bane Clement, the three year lettermen.

The maids will be escorted onto Hamley Field by members of the football squad, two escorts to each maid. The crown bearers will be Little Misses Carolyn Oswalt and Alice Jean Cooper.

Maids and escorts are Jimmie Bruton with Paul Dukes and Eddie DITamasso; Verda Hardy, escorted by Charles Vining and Parker Parra; Billie Faye Magee, Seymour Myers, Jr., and George Hutson; Tommie Sue Proctor, John Russell Davis, and Gordon Bowers, Jr.; Darlene Vining, H. A. White, and Billy Joe Cook; Shirley Wilson, with Bobby Joe Tuulos and Tom Reece Hutson.

Woodlawn P.-T. A.

Has October Meeting

The October meeting of the Woodlawn P.-T. A. was held in the school cafeteria on Thursday. The meeting was opened with prayer led by Rev. Jack Hannah, pastor of the Mt. Vernon Baptist Church. A program was given by the fourth grade and a film was shown entitled "Make Way For Youth". Concluding a most enjoyable program, the business session was held with the president of the P.-T. A., Mrs. Adell Burnett, presiding.

Reading of the minutes of the September meeting was given by Mrs. Barfoot. Mrs. Keith Cobb gave an interesting report on the fifth district meeting which was held at Logtown on October 7. Plans were completed for the Halloween carnival which is to be held at the school on the night of October 24.

Mrs. King's seventh grade won the room count.

Refreshments were served by Mrs. Seymour's eighth grade students.

Unruly Prisoners At Koje Island Wounded

PUSAN, Korea, Friday, Oct. 17.—Fifteen of 140 unruly Red prisoners of war were injured at Koje Island Tuesday during their enforced return to a stockade by a South Korean Army platoon. The Allied Prisoner of War Command said none of the 15 was hurt seriously but that two were hospitalized.

The command, announcing the incident today, said the captives had refused to go back to their stockades unless four of their number, removed for questioning, also were allowed to return.

The command said no United Nations personnel was injured and order was restored quickly.

MRS. CHARLES SIESS HONORS

MRS. MIKE LUBY WITH PARTY

Mrs. Mike Luby who has recently come to Monroe to make her home was honored on Thursday at the Country Club when Mrs. Charles Siess entertained at cards. Large bouquets of fall roses and tube roses were used in the private dining room and an interesting arrangement of candles in brass holders and a coach filled with flowers was on the buffet table. Mrs. Stanley Bagwell, Mrs. Jim Williams, Mrs. John Savage, Mrs. Jim Frazier, Jr., Mrs. Bill McDowell, Mrs. Paul Ransom, Mrs. Edward Holmes, Mrs. Bill Husted Jr., Mrs. Roy Cole Jr., Mrs. Joe Dixon, Mrs. Kent Allen, Mrs. Tom Sandridge, Mrs. Amos Shelton,

Mrs. James Moore, Mrs. Robert Wood, Mrs. Fred Westrom, Mrs. Brents Whitty, Mrs. Bill Riley, Mrs. Robert Oliver, and Mrs. Richard Touchsone were invited to meet Mrs. Luby. Bridge was played with Mrs. Tom Sandridge winning high score prize and Mrs. Paul Ransom the low. The traveling prize was won by Mrs. Bill Riley.

Pfc. and Mrs. Jasper Snell, Jr. of Spencer announce the birth of a daughter, Kathy Susan, born October 10th. Maternal grandparents are Mr. and Mrs. J. H. Owen of Spencer. Paternal grandparents are Mr. and Mrs. Jasper Snell, Sr. of Halle.

Mrs. Bob Lankford has just returned from Quincy, Ill. where she visited her brother in the hospital. While there she attended the 50th wedding anniversary of an aunt and uncle.

J. R. Lankford was called today to Harlington, Tex., due to the death of his father, J. B. Lankford.

Mrs. J. W. Morrison and daughter, Jackie, were guests Thursday in the homes of Mrs. Zettie Tingle in Columbia and the Rev. and Mrs. C. B. Hare in Winnsboro.

Crosley P.-T. A. Plans Halloween Carnival

The October meeting of the Crosley P.-T. A., was held in the auditorium on Wednesday, October 15. The meeting was called to order by Mrs. B. F. Jackson, president. The P.-T. A. prayer was read by Mrs. L. A. Schakelford. The members of the eighth grade gave the assembly a better insight as to what is going on in the athletic department. The members of the newly formed Athletic Student Council introduced themselves, as did the members of the football squad; the cheerleaders led the choir, athletic council and football team in several rousing cheers.

Lake Oxford explained to the meeting just what steps are being taken to encourage all children in the fifth through the eighth grades, to enter into the school's sports. During the business meeting it was decided four bicycle stands would be purchased for the school grounds. Final plans were made for the coming carnival which will take place Thursday, October 23, at the school.

The room count was won by Mrs. Hodgepeth's and Mrs. Gaston's rooms.

The Mitchell School will hold its Halloween Carnival at 6:00 p. m.

STEEL OFFICIAL
DIES SUDDENLY

Benjamin Harris Succumbs At 66; Leader For 30 Years

PITTSBURGH, Pa., October 18.—Benjamin F. Harris, former president of U. S. Steel's National Tube Company, Oil Well Supply Company, and Tubular Alloy Steel Corporation, died early this morning at West Penn Hospital.

Mr. Harris was born in Pittsburgh on May 31, 1886. Until 1943 he had been associated for more than 30 years with companies forming a part of U. S. Steel. He became president of Oil Well Supply Company in 1929 after having been associated with the Wilson-Snyder Manufacturing Company, a part of the "Oilwell" concern, since 1913. He was made president of National Tube Company in 1944.

He is survived by his widow, Mrs. Elizabeth Deardorff Harris, who makes her home at the Schenley Apartments here; a son, John D. Harris of Dallas, Tex.; a daughter, Mrs. Thomas C. Brainerd of Montreal, Canada; two sisters, Mrs. William A. De Wall of Verona, N. J., and Mrs. Bennett D. Erickson of Pittsburgh.

Friends will be received at the "Samson Funeral Home between 7 and 9 o'clock tonight and from 12 to 2 tomorrow afternoon at which time services will be held.

Interment, which is private, will be at the Allegheny cemetery.

Rotarians See Film
At Luncheon Meeting

Seeing the Korean war on a non-fighting basis, Rotary members viewed a film illustrating engineering feats at Thursday's luncheon meeting.

Sgt. H. L. Horstmann of the Louisiana National Guard showed the movie, originally restricted to the army personnel. Col. George Trousdale, chairman of Rotary's information committee, planned the program.

The United States government prepares film to develop particular features, Sgt. Horstmann explained. Many of them deal with subjects related to war but not including actual combat.

Thursday's movie showed men building a pontoon bridge in sections, then being assembled.

Ingenuity was illustrated in the work at a POW camp. Bottoms of old drums were knocked out, then they were welded together to form essential water lines. Korean soldiers carried soil to help in erecting a dam to provide water.

Trucks on 24-hour duty, bulldozers and steam rollers were utilized in building roads which were essential in transporting men and supplies.

These phases of work showed the importance of engineering in keeping transportation lines open and improving other conditions to make life safer for the man who is fighting.

LOVE INSCRIPTION
BUTTE, Mont. (U)—One motorist told police here recently that he had nothing against the fact that "Carl Loves Joan," but he did wish that the inscription could have found a more permanent resting place than on his automobile.

on the floor at your sides. Breathe in deeply and slowly, expanding the diaphragm and the abdomen. Hold the air in the lungs as you put a gentle tattoo with your hands. Do not put your stomach but your rib cage. This sends the air into the little air pockets.

If you would like to have more detailed directions as to correct breathing, send a stamped, self-addressed envelope with your request for my leaflet No. 26 "Fountain of Youth." Address Josephine Lowman in care of this newspaper.

Little Theatre
Curtain Call

By SUE SHARMAN

All the glamour and the wonder of opening night has come and gone but the wondrous feel still lingers. . . Wednesday night's still nighters was one of the most enthusiastic audiences and one of the largest that Little Theatre has enjoyed since it first set up shop at the little playhouse.

When I speak of glamour, that reminds me of the pretty Ouachita Lionettes who are ushering during the eight night run of "Room Service" . . . and another thing that adds much to the grand opening of the twenty-first season of Little Theatre Monroe, was the autumn decorations, thanks to Mrs. Russell Kettner and Mrs. I. T. Landry. . . I was really entranced with the golden corn stalks and the pumpkins and the wild berries that they used for decoration. Just gotta give those gals credit for original ideas. Made one feel that the traditional Thanksgiving was just around the corner.

Elsewhere in these pages you will read Lady Stahl's criticism of the play. . . She is official and I, just "Curtain Call", but please per-

mit me to ease in an opinion. "Room Service" is a jam up good, good play. Director Fontelle has himself a fine cast, a hilarious play and some of the best teamwork that it has been my pleasure to see in Little Theatre.

RANDOM NOTES. . . I guess I found out I was wrong. I gave Mrs. Elmer Slagle credit for the two stuffed owls that play a prominent role in "Room Service". Sorry, let me credit one of the little pets to D. Curtis Seamon. . . Also thanks to Fran Brennan of Brennan Utilities for some of the necessary stage equipment that he furnished. . . Mr. and Mrs. T. J. Fontelle will be week-end guests of their son and daughter-in-law, Director and Mrs. Stocker Fontelle. Gee!!! Why didn't I just say Stocker and Margaret? Mom and Pop will also see a good show (that's another plug for "Room Service" and I'm serious). . . Mail call, and I just this minute got a letter from one of Monroe Little Theatre's most enthusiastic former members, none other than Alice Findlay. Bless her heart, I have neglected her badly from the correspondence angle, but you know Alice, once a friend, always one. She says in part, "I honestly think you have forgotten us" and then goes on to tell me about she and Gil going to Paris and all the wonderful night spots and supper clubs they took in. Then on to Holland which she describes as clean, beau-

tiful and lots to see. They're back in London now and all the early fall flowers are in bloom and London is all excited about the coming coronation of its queen. Alice says there are 36 plays going on in London now. . . reading a little further, Alice says she is going to miss the coronation because she is coming home for daughter, Virginia's graduation from a California college. She asks how is Frank and Beth and Georgia and Roy and everybody. Please send me some Monroe papers. Alright folks, lets write homesick Alice, her address is No. 5 Hampstead Road, Gillingham, Kent, England.

Little Theatre Sketch
HELEN WILDS attractive blonde daughter of Mr. and Mrs. C. E. Wilds is making her Little Theatre acting debut this week in "Room Service". A native Monroean, Helen is a graduate of St. Matthews, where she played Amy in "Little Women" and also appeared in "Dust of the Earth" and several Christmas plays.

While at St. Matthews she received a religious award, was a member of Delta Beta Sigma and graduated as class prophet. After graduation, Helen attended Maryville College, St. Louis, Mo., where she received her B. S. in sociology. At St. Mary's she was a member of the Sociology Club, Spanish Club Music Society, treasurer of the Ao-

solide Honor Society and a member of the Children of Mary's Sodality. Helen in her pastime reads historical novels, plays Canasta, knits, collects books of poetry and records. She is not a career girl so much of her spare time is spent helping out with her niece and nephew. Helen's father is superintendent of the wood department of Brown Paper Mill and they have recently moved into a new home at 2014 Pargoud Blvd.

Our attractive little actress is the romantic interest in "Room Service".

Want to vary your baking powder biscuits? To a standard two-cup flour recipe add a half cup of grated cheese or broken nutmeats; make this addition before the liquid is stirred in.

Use a straight edged knife or a spatula to level off dry ingredients when you are measuring them. Be sure to measure liquids at eye level.

MALNUTRITION
KRAKEVILLE, Spain. International Africa (U-A) with attention test in certain Central Africa can territories is being planned following several inquiries of the diseases of malnutrition in Africa, sponsored by the World Health Organization. Later this year two European-African conferences will convene to study the problem of malnutrition.

Do you sit out alone because you can't find them? If so, have it to us to make you a beautiful dancer in a short time!

Why Grow Old?

By Josephine Lowman

Fill Your Lungs, Don't
Leave 'Em Half Empty

As we all know we must breathe in order to live. Correct breathing is also essential for best nutrition and vitality and beauty. Increased oxidation improves nutrition and speeds up the elimination of the body's waste materials.

Deep breathing exercises have been found to be helpful to those who suffer from insomnia. Such exercises are relaxing and therefore especially fine for tense nervous folk.

Many people breathe very shallowly. We call this chest breathing. The diaphragm does not play as important a role as it should and often only one-half of the capacity of the lungs is used. In order to send the air into all of the lobes of the lungs we should vigorously employ the muscles of the abdomen, the chest, the diaphragm and the back. Inhalation need not be strained if we expand the diaphragm and the abdomen.

Try Them
If you are tense or sleepless or wish to add zest to your health a few deep breathing exercises are in order.

1. Stand erect. Bend the elbows and clasp the hands behind the head. Keep the arms in this position as you stretch toward the ceiling. You will feel your spine straighten all the way up to your neck. Hold this while you count to ten. Relax. Repeat ten times daily. This gives you the "feel" of good posture which is essential to correct breathing.

2. Lie on the floor on your back with your knees bent and your feet flat on the floor. Arms rest

Thursday's movie showed men building a pontoon bridge in sections, then being assembled.

Ingenuity was illustrated in the work at a POW camp. Bottoms of oil drums were knocked out, then they were welded together to form essential water lines. Korean soldiers carried soil to help in erecting a dam to provide water.

Trucks on 24-hour duty, bulldozers and steam rollers were utilized in building roads which were essential in transporting men and supplies.

These phases of work showed the importance of engineering in keeping transportation lines open and improving other conditions to make life safer for the man who is fighting.

LOVE INSCRIPTION
BUTTE, Mont. (AP)—One motorist told police here recently that he had nothing against the fact that "Carl Loves Joan," but he did wish that the inscription could have found a more permanent resting place than on his automobile.

on the floor at your sides. Breathe in deeply and slowly, expanding the diaphragm and the abdomen. Hold the air in the lungs as you pat a gentle tattoo with your hands. Do not pat your stomach but your rib cage. This sends the air into the little air pockets.

If you would like to have more detailed directions as to correct breathing, send a stamped, self-addressed envelope with your request for my leaflet No. 26 "Fountain of Youth." Address Josephine Lowman in care of this newspaper.

Little Theatre Curtain Call

By SUE SHARMAN

All the glamour and the wonder of opening night has come and gone but the wondrous feel still lingers. Wednesday night's first nighters was one of the most enthusiastic audiences and one of the largest that Little Theatre has enjoyed since it first set up shop at the Little playhouse.

When I speak of glamour, that reminds me of the pretty Ouachita Lionettes who are ushering during the eight night run of "Room Service." . . . and another thing that adds much to the grand opening of the twenty-first season of Little Theatre Monroe, was the autumn decorations, thanks to Mrs. Russell Kettnering and Mrs. I. T. Landry. . . . I was really entranced with the golden corn stalks and the pumpkins and the wild berries that they used for decoration. Just gotta give those gals credit for original ideas. Made one feel that the traditional Thanksgiving was just around the corner.

Elsewhere in these pages you will read Lady Stahl's criticism of the play. . . . She is official and I, just "Curtain Call," but please per-

mit me to ease in an opinion, "Room Service" is a jam up good, good play. Director Fontelleu has himself a fine cast, a hilarious play and some of the best teamwork that it has been my pleasure to see in Little Theatre.

RANDOM NOTES. . . . I guess I found out I was wrong. I gave Mrs. Elmer Slagle credit for the two stuffed owls that play a prominent role in "Room Service". Sorry, let me credit one of the little pets to D. Curtis Seamon. . . . Also thanks to Fran Brennan of Brennan Utilities for some of the necessary stage equipment that he furnished. . . . Mr. and Mrs. T. J. Fontelleu will be week-end guests of their son and daughter-in-law, Director and Mrs. Stocker Fontelleu. Gee!!! Why didn't I just say Stocker and Margaret? Mom and Pop will also see a good show (that's another plug for "Room Service" and I'm serious). . . . Mail call, and I just this minute got a letter from one of Monroe Little Theatre's most enthusiastic former members, none other than Alice Findlay. Bless her heart, I have neglected her badly from the correspondence angle, but you know Alice, once a friend, always one. She says in part, "I honestly think you have forgotten us" and then goes on to tell me about she and Gil going to Paris and all the wonderful night spots and supper clubs they took in. Then on to Holland which she describes as clean, beau-

tiful and lots to see. They're back in London now and all the early fall flowers are in bloom and London is all excited about the coming coronation of its queen. Alice says there are 36 plays going on in London now. . . . reading a little further, Alice says she is going to miss the coronation because she is coming home for daughter, Virginia's graduation from a California college. She asks how is Frank and Beth and Georgia and Roy and everybody. Please send me some Monroe papers. Alright folks, lets write homesick Alice, her address is No. 5 Hempstead Road, Gillingham, Kent, England.

Little Theatre Sketch
HELEN WILDS . . . attractive blonde daughter of Mr. and Mrs. C. E. Wilds is making her Little Theatre acting debut this week in "Room Service". A native Monroevian, Helen is a graduate of St. Matthews, where she played Amy in "Little Women" and also appeared in "Dust of the Earth" and several Christmas plays.

While at St. Matthews she received a religious award, was a member of Delta Beta Sigma and graduated as class prophet. After graduation, Helen attended Maryville College, St. Louis, Mo., where she received her B. S. in sociology. At St. Mary's she was a member of the Sociology Club, Spanish Club Music Society, treasurer of the Ac-

coide Honor Society and a member of the Children of Mary's Sodality.

Helen in her pastime reads historical novels, plays Canasta, knits, collects books of poetry and records. She is not a career girl so much of her spare time is spent helping out with her nieces and nephews. Helen's father is superintendent of the wood department of Brown Paper Mill and they have recently moved into a new home at 2014 Pargoud Blvd.

Our attractive little actress is the romantic interest in "Room Service."

Want to vary your baking powder biscuits? To a standard two-cup flour recipe add a half cup of grated cheese or broken nuts; make this addition before the liquid is stirred in.

Use a straight edged knife or a spatula to level off dry ingredients when you are measuring them. Be sure to measure liquids at eye level.

MALNUTRITION STUDIED

BRAZZAVILLE, French Equatorial Africa (AP)—A milk distribution test in certain Central African territories is being prepared following several inquiries on the diseases of malnutrition in Africa, sponsored by the World Health Organization. Later this year two inter-African conferences will further study the problem of malnutrition.

Why Grow Old?

By Josephine Lowman

Fill Your Lungs, Don't Leave 'Em Half Empty

As we all know we must breathe in order to live. Correct breathing is also essential for best nutrition and vitality and beauty. Increased oxidation improves nutrition and speeds up the elimination of the body's waste materials.

Deep breathing exercises have been found to be helpful to those who suffer from insomnia. Such exercises are relaxing and therefore especially fine for tense nervous folk.

Many people breathe very shallowly. We call this chest breathing. The diaphragm does not play as important a role as it should and often only one-half of the capacity of the lungs is used. In order to send the air into all of the lobes of the lungs we should vigorously employ the muscles of the abdomen, the chest, the diaphragm and the back. Inhalation need not be strained if we expand the diaphragm and the abdomen. Try Them

If you are tense or sleepless or wish to add zest to your health a few deep breathing exercises are in order.

1. Stand erect. Bend the elbows and clasp the hands behind the head. Keep the arms in this position as you stretch toward the ceiling. You will feel your spine straighten all the way up to your head. Hold this while you count to ten. Relax. Repeat ten times daily. This gives you the "feel" of good posture which is essential to correct breathing.

2. Lie on the floor on your back with your knees bent and your feet flat on the floor. Arms rest

on the floor at your sides. Breathe in deeply and slowly, expanding the diaphragm and the abdomen. Hold the air in the lungs as you pat a gentle tattoo with your hands. Do not pat your stomach but your rib cage. This sends the air into the little air pockets.

If you would like to have more detailed directions as to correct breathing, send a stamped, self-addressed envelope with your request for my leaflet No. 26 "Fountain of Youth." Address Josephine Lowman in care of this newspaper.

CATS TRIP TIGERS; INDIANS MASTER LIONS

FAVORED RUSTON SHADES NEVILLE BY 14-7 MARGIN

Victory Comes At 20th Straight For State 'A' Champs

The Ruston High School Bears, defending state Class A champions, won their 20th consecutive game here last night and seventh of the season here last night by defeating the Neville Tigers of Monroe, 14 to 7, in a hard fought battle before a standing-room-only crowd at Neville Stadium.

The favored Bearcats found the Bengals battling them every step of the way and it was anybody's game right down to the finish.

STATISTICS	
Ruston	Neville
First downs	7
Net yards rushing	133
Net yards passing	19
Passes attempted	3
Passes completed	2
Passes intercepted	1
Fumbles lost	3
Total penalties	1
Yds. lost penalties	15
Total punts	5
Average yds. punting	29.2

While the Tigers were limiting All-State Charley Barham, the district's leading passer, to a single touchdown, a pass interception early in the game by Walter Reed gave the Bearcats the edge they needed. Reed's interception and 60-yard runback for the opening touchdown spiked an initial threat by Neville.

The Tiger touchdown was tallied by End Ken Abington on a 20-yard pass from Quarterback Alton McCready.

Joe Richardson booted both conversions for Ruston, giving him a total of 17 for the season. Mike Cagle converted for Neville to run his season total of extra points to 16.

A great goal line stand by Neville in the last minute of play came as an anti-climax, the Tigers stopping the visitors on the one. Once a five-yard backfield in motion penalty that would have given Neville a first inside the Ruston ten spoiled a Bengal bid, and once a pass receiver barely missed a pitch in the Bearcat end-zone.

Neville rushed for 146 yards in the game against 140 for Ruston, but the Tigers had a total of 32 yards lost against them to only seven for Ruston to give the Bearcats the edge in net rushing. Neville had the edge in first downs, 8 to 7.

Neville took the initiative in the first quarter to dominate the period until a pass, first thrown in the game, backfired into a Ruston touchdown. Neville had driven to the Ruston 44 when a McCready pass was deflected into the arms of Reed on the Bearcat 40, and Reed ran it back all the way. J. Richardson kicked the point.

Ruston took charge of the ground game in the second quarter, and midway of the period Barham capped a 71-yard march by skirting left end from six yards out for a TD. Richardson again converted to give the Bearcat a 14-0 halftime edge.

A Bearcat fumble, recovered by the Tigers on the Ruston 20, rocked the visitors back on their heels. Neville drove to the 11 before losing the ball on downs. Ruston was stopped cold and had to kick out, Neville downing the ball on the Ruston 37 and starting a drive that was climaxed by McCready's pass from the 20 to Abington in the endzone for the touchdown. Cagle kicked the point to cut Ruston's lead in half.

Ruston fought back to dominate the final period, and got a break when Reed made his second pass interception of the night, being downed on the Neville 32. Barham got loose on a fancy run to the Neville 20. The Tigers put up a great goal line defense, yielding only one yard before a Ruston fumble gave the Tigers the ball on their two. Neville ended the game with an incomplete pass.

Ends — Martin, Oxford, Hoogland.
Tackles — Delaney, T. Hinton, Edwards, James.
Guards — Covington, P. Hinton, Hogue.
Centers — Drewett, D. Mabry.
Backs — Stewart, Barham, D. Hinton, Sandifer, Reed, J. Richardson.

Neville
Ends — Abington, Stevens, Mares, LeDoux.
Tackles — Seiler, Shatto, Boggs.
Guards — Statham, Sims, Allen, Dillingham.
Centers — Adams.
Backs — McCready, Leos, Dennis, McWilliams, Miller, Cagle, Boyles, Wendell, Gaines.
Score by quarters:
Ruston 7 7 0 0—14
Neville 0 0 7 0—7

Ruston scoring: Touchdowns—Reed, Barham. Conversions—J. Richardson 2.

Neville: Touchdown—Abington. Conversion—Cagle.

NEW YORK, Oct. 17 (AP)—Jim Noble, an outstanding quarterback for Fordham University some 10 years ago, was killed when his plane crashed while on a training flight last Tuesday near Key West, Fla.

Georgia Hopes To Rebound Against Louisiana State's Bengals Tonight

Tigers Ready Except For Injured Tackle, Jim Sanford

BATON ROUGE, La., Oct. 17 (AP)—The Georgia Bulldogs, who took a 37-0 wallop from Maryland's powerful football team last Saturday, seek to rebound against the Louisiana State University Tigers here tomorrow night.

LSU is riding a two game winning streak, boasting one-sided wins over Rice and Kentucky the last two times out.

The Georgia offense is sparked by the smooth ballhandling and accurate passing of quarterback Zeke Bratkowski, rated one of the best passers in the nation.

Bratkowski's favorite targets are ends Harry Babcock, an All-America candidate, and Johnny Carson. Back John Manisera and Bobby Dellinger are the chief running threats.

LSU will be minus the services of senior tackle, Jim Sanford, injured in the Kentucky game, but otherwise ready for the Bulldogs. Quarterback Norman Stevenson will have a chance to prove that he is on a par with Bratkowski in the throwing and deceiving department. He has been brilliant in the Tigers' two wins.

Fullback Russ Gautreaux and halfbacks Al Doggett and Willard Rachal round out the offensive backfield for the home team.

Game time is 8:15 p. m. (CST).

The lineups:	
Georgia	LSU
Carson	LE
Anglin	LT
Scichlone	LG
Mrvos	RG
Malinowski	RT
Babcock	RE
Bratkowski	QB
Manisera	LH
Dellinger	RH
Earnest	FB
	Gautreaux

PANTHERS NOSE OUT TIGERS, 6-0

Lake Providence Hands Waterproof First 'B' Loss Of Season

LAKE PROVIDENCE, La., Oct. 17 (Special)—The Panthers of Lake Providence High School nosed out the Waterproof Tigers here tonight 6-0, successfully bottling up halfback Louis Preis, leading district Class B scorer.

The Panther touchdown came in the final quarter on a 56 yard dash by halfback William Deal. The conversion attempt was blocked.

Outstanding on defense for the Panthers were tackle Buddy Harbin, and linebacker William Deal. Harbin's punts got his team out of the hole frequently, one going out of bounds on the Tiger one-foot line. On offense, Deal and halfback Labane Clements were outstanding, the latter breaking loose on one occasion for 75 yards, only to have the play called back and a penalty inflicted on the Panthers.

The Waterproof line as a whole played good ball, and Preis did most of the carrying on offense, ripping off gain after gain, but was unable to break away.

Numerous penalties were called against both teams in the hard-fought defensive battle.

The game, played before a capacity crowd, was homecoming for Lake Providence.

GIANTS DEFEAT BENGALS, 44-13

JENA, La., Oct. 17 (Special)—The Jena Giants defeated the Oak Grove Tigers here tonight 44-13, in a Class A Conference game.

Raymond Manchester, Jena fullback, scored three TD's on runs of 44, 18 and 26 yards. Freshman sub fullback, Charles Humphries scored twice on runs of 88 and 20 yards, halfback Dean Wilbanks and quarterback Neal Thompson each scored once to complete the Giants' touchdown parade. Conversions were made by end Dan Andrews on a place kick, and halfback John Otwell on a pass from Thompson.

Oak Grove tallies were made by fullback Harper on a 10 yard dash, and quarterback Bonner on a five yard plunge. The conversion was made by end Costello on a placement.

For Jena on defense, fullback Humphries and the entire line played well, while halfback Crillon Payne, quarterback Robert Plunkett, and the touchdown-makers were outstanding on offense.

Outstanding for Oak Grove were fullback Hill, who made a nice run of 65 yards, Harper, and Bonner. On defense, end Bolding tackle Sanderson, and Guard Torrance were outstanding.

St. Louis Card Pitcher To Be Married Saturday

NORTHAMPTON Mass., Oct. 17 (AP)—Stu Miller, St. Louis Cardinals' rookie pitcher, will be married here tomorrow in his home town to pretty Jane Munro, 19, a neighbor.

Columbia Crimson Tide Noses Out Holly Ridge 14-6 In Class 'B' Game

HOLLY RIDGE, La., Oct. 17 (Special)—In a Class B game played here Thursday night, Columbia nosed out Holly Ridge 14-6.

In the second period, halfback James Earl Wyant scored first for Columbia on a 35 yard pass from halfback Alfred Perry. In the third stanza, Perry scored from the six yard line, and also kicked both extra points.

The Holly Ridge touchdown was made on a line buck after a sustained drive from midfield.

Outstanding players for Columbia were "Tip" McKnight, Neal Riser, Don Brown, Billy Long, and William Reitzell, as well as halfbacks Wyant and Perry.

TALLULAH OVER RAYVILLE, 34-13

Trojans Roll Over Hornets In Friday Afternoon 'A' Game

TALLULAH, La., Oct. 17 (Special)—In a Class A grid battle here Friday afternoon, the Tallulah Hornets rolled over the Rayville Hornets by a score of 34-13.

The Trojan touchdowns were scored by Pete Dalhouser who tallied twice, Clayton Cox, who also racked up two TD's, and Howard Brown on a 41 yard pass from Cox. Tallulah chalked up two points on a safety in the second period when Rayville's B. R. Hendrix was tackled in the end zone. Trojan conversions were made on a place kick by Cox and a pass from Cox to Billy Laird.

Both Rayville scores were made by Hendrix who tallied on a fumble by the Trojan safety man in the second quarter, and a nine yard plunge in the last stanza. K. Amos kicked the Rayville conversion.

Outstanding on defense for the Hornets were T. Viola and D. Sharp. Statistics were fairly even, with Tallulah garnering 16 first downs to Rayville's 12.

Score by quarters:
Rayville 0 6 0 7—13
Tallulah 12 16 6 0—34

WOLVERINES AND WILDCATS CLASH

Michigan, Northwestern In 27th Big Ten Battle

EVANSTON, Ill., Oct. 17 (AP)—Michigan's rebounding Wolverines and Northwestern's hexed Wildcats will clash tomorrow in their 27th game of a 60-year Big Ten football rivalry.

Except for three missed points after touchdown, Northwestern would have won two of its three starts this season. One missed conversion against Vanderbilt made the Wildcats settle for a 20-20 tie. They failed on two out of four attempts against Minnesota last week and lost 27-26.

The Wildcats were drubbed 31-0 by U. S. C. in their opener.

Michigan turned in its best performance of the season last week in trimming Indiana 28-13 and will be favored to take their second successive Big Ten decision against Northwestern.

The Wolverines lead the series with 18 victories against six for the Wildcats. Two games were ties. Northwestern captured a 6-0 victory in 1951.

Ted Kress, left halfback, is Michigan's top ball carrier with 187 yards and leading passer with 21 completions out of 35 shots. Quarterback Ted Toper has hit on 15 out of 25 tosses.

Northwestern is powered by Fullback Chuck Hren who scored the winning touchdown in last year's Michigan game. After missing the first two contests this season with a foot injury, Hren flashed his old form against Minnesota and rolled up 149 yards in 31 carries. He also scored three touchdowns.

Unbeaten Colgate Takes On Harvard At Cambridge

CAMBRIDGE, Mass., Oct. 17 (AP)—Colgate's undefeated and high-spirited Red Raiders meet Harvard here tomorrow and appear to have more than enough power to check the momentum the Crimson generated while overwhelming Washington University of St. Louis, 42-0, last week.

In its first three engagements, Colgate topped Cornell, Buffalo and Rutgers in that order and now it appears even stronger with the return of Dick Lalla, its passing wizard, who suffered a pre-season injury and saw only brief action against Rutgers.

Since bowing to Columbia in its second start, Harvard has tightened up its defenses and Coach Lloyd Jordan's single wing attack has started to roll after being ignited by triple-threat Dick Clasy.

FAIR PARK WINS FROM OUACHITA WITH 27-7 EDGE

O. P. H. S. Makes Battle Of It Early Before Wilting

SHREVEPORT, La., Oct. 17 (Special)—The powerful Indians of Fair Park proved too much for the rejuvenated Ouachita Lions as they trounced the Monroe eleven 27 to 7 at the Fair Grounds here tonight.

No score was made in the first period as both teams played tight football and it looked as if the underdog Lions would give the Indians a rougher battle than was expected, but on the second play of the second quarter, big and powerful Tommy Davis crashed over from the four.

Davis and his running mates, Johnny Crumpler and A. L. Williams, ripped off yardage at will and, after covering 60 yards, Davis again plunged over from four yards out to lead the Lions 13 to 0 at the halftime.

The Lions took the kickoff to open the second half and marched 70 yards down the field for their only tally of the night with hard running Frank Mobley taking it over for the one. Mobley, W. D. Perkins, and Norm Goza were a rough backfield combination to handle during their sustained touchdown drive.

The Indians quickly put a stamp on any Lion idea of catching up as Halfback Crumpler took a lateral from Davis as he was tackled and raced some 40 yards to paydirt. Davis converted for the second time and three tries and the Indians went out in front 20 to 7.

In the middle of the fourth period, Davis punted out on the Ouachita 2-yard line and on the next play Goza kicked. The kick went out on the Lion 42 and the Indians stormed back. Davis took the ball over from the five for his third tally of the night to run his total score for the season to 80 points. When the horn blew for the end of the game, the Indians were again in scoring position on the Ouachita 9-yard line.

The lineups:

Ouachita	
Ends—Harrell, Bailey, Holstead, Barnes, Estep.	
Tackles—Cannon, Fleming.	
Guards—Berry, Watson, Wheeler, Lacaz.	
Centers—Matkins, Green.	
Backs—Sikes, Mobley, Perkins, Goza.	
Fair Park	
Ends—Anderson, Farrar, Westergard.	
Tackles—Brown, Fountain.	
Guards—Sims, Stoll, Hearn.	
Centers—Watts, Shirley.	
Backs—Saur, Crumpler, Williams, Davis.	

Indian Boss Greenberg Wants Cleveland Team Hating N. Y. Yanks

"I hate everything about them, and I want my players to hate them, too," the Cleveland Indians General Manager Hank Greenberg told a reporter today.

Hank, far from letting bygones be bygones now that he Yanks are champions again, snorted: "It's psychological. The psychology of superiority—that's what they beat you with."

"When I was with the Detroit Tigers we had an anti-Yankee complex. Even now, although the Tigers' personnel is different, they still possess that feeling of being able to beat the Yanks."

How to get the Cleveland Indians to hate the Yankees? "I wish I knew," mused Hank.

Youngest General Mgr. Quits Buffalo Ball Team

BUFFALO, N. Y., Oct. 17 (AP)—W. O. (Bill) Hayes, general manager of the Buffalo Bisons of the International League, resigned last night, but said he hoped to remain in baseball in some capacity.

He said, however, that for the time being he would return to his home in New Hampshire and would take an active part in the political campaign there in support of General Eisenhower.

Hayes, 34, one of the youngest top executives in minor league baseball, joined the Bisons last January after the club had been purchased by the Detroit Tigers. The previous year he had run the Temple, Tex., club in the Class B Big State League.

Twice-Defeated Greenies Touchdown Favorite Over Unbeaten Mississippi

Each Hopes To Avoid Last-Minute Mistakes For Win

NEW ORLEANS, Oct. 17 (AP)—Tulane takes on Mississippi here tomorrow in a Southeastern Conference football clash that finds the twice-beaten Greenies favored by a touchdown over the undefeated but twice-tied Rebels.

Mississippi and Tulane both have been denied victories by last minute mistakes in earlier conference games.

Mississippi has beaten Auburn 14-0 while being held to ties by Vanderbilt and Kentucky, resulting from Rebel last minute mis-culures.

Tulane, meanwhile, lost last week to Georgia Tech 14-0. The Greenies lost their opener to Georgia 21-16 and their best Santa Clara 35-0 in an inter-sectional start.

Coach Raymond (Bear) Wolf's Tulane eleven has been on the brink of being a top-contender this season—only to fall victim to disaster in the clutches.

Ditto Mississippi, "remove a couple mistakes, add a break here and there, and Mississippi would be among the nation's unbeaten teams now."

Both elevens are willing to forget the past and concentrate on tomorrow's match that seems destined to be a show down between two razzle-dazzle offenses.

Coach Wolf is worried about his team's edge. Bear has had his boys primed for three weeks "and I'm afraid they won't be ready."

It's been blocking and tackling that's been coach Vaughn's chief concern all week. The Rebels have worked hard on the fundamentals but just what effect the rugged drills have had can't be foretold.

For his starters, Vaughn may juggle his backfield to include Dick Westerner over Allen Muirhead at right halfback. Harold Lofton will start at fullback with Wilson Dillard at left and the veteran Jim (King) Lear handling the quarterbacking.

Pete Clement, who has smoothly handled Tulane's T-offense, will be at quarter for the Greenies, Lester Weidenbacher at the halves, and the hard-hitting Max McGee at fullback.

Game time is 2:15 p. m. (CST) and with prospects of a warm, clear day, some 40,000 persons is expected.

FERRIDAY DROPS WISNER, 20 TO 7

WISNER, La., Oct. 17 (Special)—At a "Dad's Night" celebration here last night, the Ferriday Bulldogs defeated an outclassed Wisner eleven, 20 to 7, in a Class B conference game.

Ferriday scored early in the game on a 1-yard drive that was highlighted by a 67-yard scamper by Bennie Ray Bryant off right tackle. James "Red" McNew scored from four yards out and Loyd Bowden converted. The remaining part of the first half saw no scoring although Wisner penetrated inside the Ferriday 10.

In the opening moments of the second half, Ferriday drove 55 yards and Bobby Harmon crashed over for the score. Bowden again kicked the extra point.

Both teams scored in the fourth period as Wisner picked up their score on a 74-yard drive that ended with a 17-yard touchdown pass from Norman Childers to Jerry Morgan. Bobby Ferrington converted for the Wisner eleven.

Ferriday scored after marching 79 yards downfield and Bryant cracked right tackle from nine yards out for the touchdown.

Ohio Prep Star Scores 52 Points In One Game

WILMINGTON, O., Oct. 17 (AP)—Carl Smith, a 190-pound high school senior, scored 52 points tonight as his Washington Court House team swamped Wilmington, 77-6.

Smith, an All-Ohio selection last year, scored eight touchdowns and four extra points to run his point total to 202 for six games, all of which his team has won.

HOME COMING

AMES, Ia., Oct. 17 (AP)—Colorado, needing the victory to keep its Big Seven title hopes alive, meets Iowa State tomorrow in the Cyclones' homecoming football game.

Among the returning servicemen are catcher Sam Calderone and outfielder Bill Taylor who will report to manager Leo Durocher at Phoenix, Ariz. The others will report to the minor league base at Melbourne, Fla.

Conference Leaders, Unbeaten Teams Collide In Big College Games Today

Many Games Of Major Importance On Football Docket

By HUGH FULLERTON, JR.

NEW YORK, Oct. 18 (AP)—Football fans who uphold the positive side of the argument that the mid-west produces the nation's best college football can find some support in tomorrow's program.

All the best teams won't be playing in the area which embraces the big conferences, of course, but a listing of the day's major clashes indicate that the word "big" isn't misused this time.

Not trying to rate them in order of importance, the major midwestern clashes are Oklahoma vs. Kansas, Syracuse vs. Michigan State, Washington State vs. Ohio State and Notre Dame vs. Purdue.

A second bracket in the Big Ten championship race — Illinois-Minnesota, Wisconsin-Iowa and Michigan-Northwestern — and one important Big Seven tussle, Colorado vs. Iowa State.

In other sections, the list of stick-out games reads something like this:

East — Pittsburgh-Army, Nebraska-Penn State and Cornell-Yale.
South — Navy-Maryland and Alabama-Tennessee.
Southwest — Southern Methodist-Rice.
Pacific Coast — Stanford-U. C. L. A. and Southern California-Oregon State.

Elsewhere that old football institution, the breather, makes frequent appearances on the schedule, either by accident or design. Pennsylvania and Holy Cross, two of the east's top teams, play the Columbia and Brown, opponents that could give them a tussle some years but probably won't this time. Georgia Tech, highly-regarded candidate for Southeastern Conference honors, meets weak Auburn, and Duke, which lead a similar position in the Southern Conference, plays kicked-around North Carolina State, Virginia leading Southern Independent, shouldn't be troubled by V. M. I.

Winnsboro 'Cats Claw Crowville Bulldogs By 18-0 For 6th Straight

CROWVILLE, La., Oct. 17 (Special)—The Winnsboro Wildcats won their sixth consecutive game of the current season here tonight by downing the Crowville Bulldogs 18-0.

Quarterback Eugene Southern scored twice for the Wildcats, once in the first period on a five yard end run and again in the second quarter on a six yard plunge. Left half Steve Thompson scored the final Winnsboro tally on a two yard plunge. All conversion attempts were wide.

Winnsboro marched down the field to register their first six-pointer after the opening kickoff without relinquishing the ball. Another sustained drive provided the second tally, and a Bulldog fumble set up the third.

Outstanding for the Wildcats were Thompson, who made the longest players to be evening, 49 yards from scrimmage. Southern, fullback Tommy Bankston, Michael Mayer, guard, and tackle Harold Moore.

Outstanding for Crowville were guard Lanier, tackle J. Busby, halfback Guy, and end Laird.

The next game for the Wildcats is at Olla next Friday night when they meet LaSalle High in a Class A Conference game.

Giants Look For Banner Crop Of Ex-G. I.'s In '53

NEW YORK, Oct. 17 (AP)—The New York Giants expect 71 farm system players to be released from the armed services in time for 1953 spring training.

Among the returning servicemen are catcher Sam Calderone and outfielder Bill Taylor who will report to manager Leo Durocher at Phoenix, Ariz. The others will report to the minor league base at Melbourne, Fla.

The second platoon is quarterbacked by Tom Yewick and has power backs Don McAuliffe and Vince Pisano at the halves and Wayne Benson at fullback. All but Yewick are seniors.

Munn's third combination has pass expert Willie Thresher at quarterback, sophomores Bert Zagers and Bernie Ruterink at the halves and Jerry Musetti, a freshman, at fullback.

Higginbotham Tallies Only TD As Newellton Trips LaSalle, 6 To 0

NEWELLTON, La., Oct. 17 (Special)—The Newellton Bears came out on top over the LaSalle High Tigers of Olla, 6 to 0, Thursday night when an end sweep by Ray Higginbotham gave the Bruins their winning margin.

Higginbotham scored from nine yards out after three fine runs by Harold McDaniels, Hugh Emfinger and Higginbotham had carried the ball from Newellton's own 31.

Newellton gathered nine first downs against eight for LaSalle.

The Tigers showed three fine backs in C. O. Stegal, Williams and Watson while Winberry, Sikes and Cotton stood out in the line. Newellton was sparked by a signal-calling guard, co-captain James Blackwell who teamed with Donald Keyes and Jackie Crane to open several nice holes in the LaSalle defense.

ORANGE TO FACE SPARTAN DEPTH

Michigan State Sends 3 Backfields Against Syracuse

EAST LANSING, Mich., Oct. 17 (AP)—Michigan State's three backfields will be dueling each other for scoring honors again this Saturday.

A Syracuse team, rated as one of the best produced by the eastern school in years, will provide the opposition.

The pre-game prediction is that Syracuse, which will dress only 35 men, will put up a stiff fight for at least the first half.

But Michigan State's mass of manpower is expected to overwhelm Syracuse by the third or fourth quarter and this could be another scoring spree for the Spartans.

Syracuse already has had a sample of the kind of football they teach at Michigan State. A Bolling Field-air force eleven quarterbacked by Al Dorow, the former M.S.C. backfield boss, handed Syracuse its only defeat of the season in the opener for the Orange-men.

Michigan State Coach Biggie Munn, who has dozens of good backs crowding each other on the bench, will alternate three offensive backfields.

The first platoon is quarterbacked by Tom Yewick and has power backs Don McAuliffe and Vince Pisano at the halves and Wayne Benson at fullback. All but Yewick are seniors.

Munn's third combination has pass expert Willie Thresher at quarterback, sophomores Bert Zagers and Bernie Ruterink at the halves and Jerry Musetti, a freshman, at fullback.

NEED CASH? NEED CAR PAYMENTS REDUCED?

If you need Cash or need Car Payments Reduced, or Both, we can help you — it makes no difference to us who you now owe.

NORTHEAST, WESTERN KENTUCKY MEET TODAY

INDIANS SEEKING TO SPRING UPSET ON HILLTOPPERS

Bowling Green Eleven Undeclared; Tilt In Afternoon

BOWLING GREEN, Ky., Oct. 17 (Special)—Indians on the war path—Northwestern State variety from Monroe, La.—moved into Bowling Green today all set to attempt the task of upsetting the Western Kentucky Hilltoppers, undefeated in four games this season. The game is an afternoon affair.

The Hilltoppers will take the field in full strength and keyed to keep their record clean. Coach Jack Clayton today declared his Hilltoppers have been warned to "watch out" for this Northeast Louisiana outfit "who are known to have pulled some upsets when least expected."

Coach James L. Malone tonight said, "We're up here determined to give you folks the best football we've got in us. We didn't make this trip for nothing, and we'll beat you if we can. At least we'll be out there with determination and the will to go all the way."

Western Kentucky has been mighty impressive in rolling over Evansville College, 59-0; Middle Tennessee, 35-19; Eastern Kentucky, 14-13; and Morehead, 30-7. Northeast pulled a surprise in its season opener by holding highly favored Southeastern Louisiana to a 21-20 victory and then bowed to powerful Stetson University, 41-30. Northeast notched its only win over Livingston State of Alabama, 41-7, and then fell last week to McNeese of Louisiana, 41-7.

Malone today described the lopsided loss to McNeese as a result of a weakened defensive unit hit by injuries and illness that has cost the Tribe the services of such defensive stalwarts as Johnny Schmidt, Bob Parker and Bill Broda. Today, two others appeared doubtful for the Saturday scrap.

Leg injuries have two classy ends, Bob and Ronald Gunter (no relations), on the questionable list. However, the Redskins are expected to use them if only for spot service.

Aside from the aspects of the game is the case of Northeast tackle Joe Harrison, the "most anxious" member of the Indians' traveling squad. Harrison, his buddies exclaimed, is expected to become a father "at any time."

Dallas Expecting Crowd For Texan, Packer Battle

DALLAS, Oct. 17 (AP)—The biggest crowd of the season to see the Dallas professional club play is anticipated tomorrow night when the Texans clash with the Green Bay Packers in the Cotton Bowl.

There are no college games here this week-end and the Texans appear to have a chance to finally win one, so it all adds up to an expected crowd, which would be 5,000 more than the Texans have drawn in National Football League play thus far.

Green Bay was the only team the Texans, then the New York Yanks, were able to beat last year. New York licked the Packers 31-18 after losing an earlier game 20-27.

Unbeaten Louisiana Tech To Sample Northwestern's Aerial Game Today

Old State Foes Renew Rivalry In State Fair Scrap

RUSTON, La., Oct. 17 (Special)—Pass defense and more of the same has been the major defensive tactic of Louisiana Tech's practice sessions this week as the Bulldogs prep for their annual classic Saturday afternoon with Northwestern at the State Fair Stadium in Shreveport.

The Canines are expecting the Demons to unlimber all sorts of artillery in their efforts to mar Tech's spotless record this season, and the Bulldog defense patterns this week will be setup to thwart the aerial efforts of M. D. Ray and Dan Carr, Northwestern's T-formation engineers.

Ray, who was the top passer in the Gulf States Conference in 1951, has been sidelined in some of N. S. C.'s earlier contests but returned to action last week and is expected to be in fine shape for the State Fair game.

It has now been established also that the Techsters will be minus the services of one of their outstanding defenders, Billy Jo Adcox of El Dorado, Ark., who held down a regular guard assignment. Adcox received a leg injury last week against Central Oklahoma and it has not mended sufficiently to permit his participation Saturday.

A capable performer, Paul Morgan, has stepped forward to fill his shoes, however. Morgan replaced Adcox last week in the first half of the game after the injury occurred and put on a defensive demonstration almost equal to that of George Ferrington, the Bulldogs' ace linebacker.

Morgan, a former Byrd High School standout, had a brilliant season with the Bulldogs in 1950. He entered the marine corps, however, and is playing now in his first season since returning from the service hitch.

On several occasions the Demon passing game has almost spoiled defeat for the Techsters. Particularly fresh in the minds of the Tech squad is the performance in 1949 when the Bulldogs came through with a last-minute touchdown to win 27-21. That was the year the Canines went on to win the Gulf States Conference crown, but the passing of Northwestern almost spoiled the record.

And in 1946, when Tech was victor over Ole Miss on the preceding week, the Bulldogs squeaked past N. S. C. on a 14-7 count that left the fans in suspense down to the final whistle. Northwestern played practically an entire quarter inside Tech's five-yard line.

That's why past records are tossed out the window when the two squads meet at the State Fair. The Bulldogs are expected to meet a foe this week that will be ready for a brilliant ball game.

GETTING DISCHARGE
SAN FRANCISCO, Oct. 17 (AP)—Sgt. Paul Barry, former Tulsa University and Los Angeles Rams football star, is on his way home from Japan, the army announced today. He will arrive here tomorrow and will return to civilian life. Barry served with the 24th infantry division medical unit at Camp Young, northern Honshu.

Streetscars, trolley coaches and buses operated by urban transit systems of the U. S. travel more than 8,000,000 miles daily.

LATER HUNTING RUMORS SPIKED

Thoman Says Squirrel Season Not Set Back Again

Rumors that continued lack of rain would bring a further setback to the opening of the Louisiana squirrel season, were balked yesterday, at least temporarily, by an announcement by J. B. Thoman who said he has been informed that it will take a proclamation from the governor or a state emergency to prolong the season.

Thoman, president of the Ouachita unit of the Louisiana Wildlife Federation, said he first heard rumors that the season would be delayed from October 20 to November 15 and immediately contacted Major James Brown of the state Fish and Wildlife department.

Brown notified Thoman that a change in the season "is highly improbable" unless a state of emergency brings an official proclamation from Governor Robert Kennon. The October 20 opening still stands.

Thoman said Major Brown also advised Ouachita is to receive 433 quail for restocking within the next week. Thoman said he contacted State Senator James Sparks and Representatives Shady Wall and Gilbert Faulk for quail distribution plans and that himself and Horace Buckley, and "Pop" DeLee have been named as a committee to handle distribution here.

Also, state wildlife leaders yesterday were in session with Jerry Besson, president of the Louisiana Wildlife Federation, at Alexandria, discussing wildlife problems and the forthcoming election on state amendments. The wildlife organization is promoting "Amendment No. 9" which calls for a change in state conservation department operation from a one-man commissioner to a seven-man commission.

Marvin Quillen, secretary of the Ouachita unit, and J. L. Edwards, unit delegate to the spring convention, were in attendance from Monroe.

Accidents are the leading cause of death among children from one to 15 years of age, killing some 10,000 in this age group each year.

Mrs. Thelma Faust 1st In 'Ladies' Day' Golf Tourney At Municipal

Mrs. Thelma Faust of Rayville hauled down the sweetest prize at Municipal Golf Club's regular "Ladies' Day" golf program here yesterday with a low net card of 33. Runner-up was Mrs. David Garrett Jr. with 34.

Mrs. E. S. Girault, needing only 15 putts for the nine-hole distance, won the putting award, and Mrs. Raymond John was nearest a hole-in-one.

Other net scores were Mrs. Joe Marx and Mrs. Jimmy Harbuck, 36; Mrs. L. G. High, 37; Mrs. John Kelso and Mrs. Mae Beckman, 38; Mrs. Guy Campbell and Mrs. L. E. Ducote, 39; Mrs. Dent Brown and Mrs. Mary Shamblin, both of Rayville, 40; Mrs. David Aaron, Mrs. Clyde Nash and Mrs. E. T. Lamin, 42; Mrs. Ed Villa, 43; Mrs. I. S. Marx, 44; Mrs. Frank Davis and Mrs. L. N. Copps, 45; and Mrs. Glenn Walker and Mrs. Joan Usery, 47.

The regular event will be held again next Friday morning, beginning at 9 o'clock.

Texas Aggies Seeking To Recover Prestige At Expense Of T. C. U.

COLLEGE STATION, Tex., Oct. 17 (AP)—Shocked Texas A. & M. feels the lash of an old grudge enemy tomorrow as the Cadets try to snap out of their chagrin with a victory over Texas Christian.

The Cadets remember a lot of things. Most important is what happened at Fort Worth last year when they thought they had T. C. U. in their hip pocket and let 'em get away. The Horned Frogs, sparked by raging Ray McKown, got three touchdowns in the last quarter and beat the Aggies 20-14.

The Aggies also were brooding over what happened to them last week when they were turned sideways and crooked by the Michigan State machine that blasted them 48-6.

But the Christians are rolling now. Last week T. C. U. whipped Trinity University 47-0. It came the week after they had taken the lead in the conference race with a 13-7 decision over Arkansas.

Freshmen Grid Teams Of Neville, Byrd Play Today At Shreveport

Neville High School's freshman football team goes to Shreveport today for its annual state fair battle with the frosh of Byrd High School. The game is scheduled for 9 o'clock this morning.

It will be the third game of the season for the Neville outfit which is still seeking victory. The Byrd Bengals lost earlier to freshmen of Bastrop, 19-0, and Lake Providence, 6-0.

STEERS FAVORED OVER ARKANSAS

Loss Of Lamar McHan Hurts Razorback Victory Chances

AUSTIN, Tex., Oct. 17 (AP)—Arkansas, a one-time loser in two Southwest Conference games, will try to stay in the championship race with a victory over favored Texas here tomorrow.

Texas looks seven points better to the experts despite consecutive losses to Notre Dame and Oklahoma.

Dad's day and band day will help bring about 48,000 people to Memorial Stadium for Texas' Conference opener.

The Razorbacks upset Texas 16-14 last year after a week of frenzied appeals for victory from the Arkansas student body and Arkansas Gov. Sid McMath, who declared a "Beat Texas Day." It was the first Arkansas decision over Texas in 13 years.

With star Quarterback Lamar McHan out because of twisted knee, Arkansas appears unlikely to develop enough enthusiasm this year to whip Texas on the Longhorns' own field.

Winless Dartmouth And Rutgers Meet 1st Time

HANOVER, N. H., Oct. 17 (AP)—will be seeking their first 1952 victory here tomorrow when they meet for the first time in their long football histories.

Dartmouth has bowed to Holy Cross, Pennsylvania and Army in that order and after playing a 19-19 tie with Muhlenberg, Rutgers was topped by Princeton and Colgate.

BIG SEVEN TITLE MAY BE SETTLED

Kansas-Oklahoma Scramble Today May Be Clincher

LAWRENCE, Kan., Oct. 17 (AP)—Kansas, which hasn't won an undisputed title in 23 years, and Oklahoma, with four successive banners, will collide here tomorrow in a game that's expected to determine the Big Seven conference football champion for 1952.

Coach Bud Wilkinson's powerful split T Sooners have been installed a one-touchdown favorite over Kansas Jayhawks, coached by Jules V. Sikes. A capacity crowd of about 40,000 is assured.

Oklahoma is rated sixth nationally, Kansas eighth. Kansas won its last conference title in 1930 (then Big Six), but managed to tie the Oklahoma for the honors in 1946 and again in 1947. Since that time it's been all Oklahoma in the Big Seven.

The Jayhawks were the last Big Seveners to whip the Sooners. That came in 1946, 16-13, on a fourth quarter field goal by Paul Turner. Kansas gained a 13-13 tie the following season.

Both teams have conference foes to deal with before the pennant can be hoisted, but none appear capable of beating tomorrow's winner. Kansas has won its first four games, including Big Seven victories over Colorado and Iowa State.

Oklahoma opened its season in a 21-21 tie with Colorado, then stormed back to humble Pittsburgh and Texas by identical scores, 49-20. The tie with Colorado, however, cost the Sooners a half game lost in the conference standings.

Kansas, with the best defense in the league to date, will be faced with the problem of stopping the nation's leading scorer in Buddy Leske. And Oklahoma likely will get a lively contest from Charlie Hoag, Kansas great halfback who has scored six touchdowns.

Titanium, ninth most abundant element in the earth's crust, is light in weight, has a high melting point, and has high resistance to corrosion.

Track Resumes Racing After Fire That Took Life Of Groom, 10 Nags

CHESTER, W. Va., Oct. 17 (AP)—Horse racing resumes tomorrow at Waterford Park after a one-day suspension due to a disastrous fire that killed one groom and 10 horses.

The body of William Toppacott, 45, Warrenton, Va., was found about four hours after the blaze broke out in one of the stables. He died trying to lead some horses from the burning buildings.

The blaze also destroyed four barns, housing 485 stalls. Damage unofficially was estimated at \$100,000. Fifty of the 792 thoroughbreds that stampeded were still missing.

TENNESSEE HOST TO BIG ALABAMA

Game Is Rated Tossup Despite Crimson Tide Record

KNOXVILLE, Tenn., Oct. 17 (AP)—Alabama, unbeaten and untied and scenting a post-season bowl game bid, meets Tennessee tomorrow before the largest crowd in the 51-year history of their colorful football rivalry.

Bowl gold has been the payoff in 14 of the last 22 clashes between these Southeastern Conference powerhouses. Alabama has been bowl-blanked for four years mainly because it has not defeated Tennessee since 1947.

The game, which has attracted the fancy of a sellout crowd of 50,000 fans, is rated a tossup. The team that makes and capitalizes on the breaks should win.

Alabama, operating from the split-T, apparently has the more potent offense. The Crimson Tide has rolled up 95 points in winning four games.

Tennessee, its single wing attack showing definite signs of weakness, has scored 40 points in compiling a 2-1 record.

The game shapes up as a running duel between Bobby Marlow, Alabama's 205-pound right halfback, and Andy Kozar, 210-pound Tennessee fullback.

BLOCK WALLOPS JENA 'B', 38-13

Bears Beat Little Giants Of Thrilling Scoring Plays

JONESVILLE, La., Oct. 17 (Special)—In a spectacular grid battle featured with long scoring plays, Block High School defeated the Jena "B" team here Thursday night 38-13.

Fullback Albert Clarence Wurster was the main gun in the Bears' attack, scoring three touchdowns on runs of eight yards, 14 yards, and a jaunt of 96 yards. Left half Clyde Walker dashed 30 and 10 yards to paydirt racking up two more Block tallies, and left end L. Scott made the final six-point-er on a pass from quarterback Walt Bradford, the play covering 55 yards. Clyde Ray Weber placed-kicked two conversion attempts.

Both Jena scores were made by fullback Payne, who scampered 25 yards on a kickoff return, and later dashed 16 yards around end. He also kicked the extra point to account for all his team's points.

For the Block Bears, Wurster and Walker were outstanding on offense, while halfback Dee Brown, quarterback Walter Bradford, tackle Donald Stringer, guard Don Cooper and end Nelson Falkbanks were stalwarts on defense.

A highlight of the game was Bear fullback Al Wurster's personal statistics. Besides scoring three touchdowns, he carried the ball 16 times for a total of 273 yards, not including one 80 yard touchdown run called back on a Block penalty.

The Bears' next game is a Class B Conference tussle here next Friday night with Ferriday High School.

TAKES DRAFT TEST

MILWAUKEE, Oct. 17 (AP)—Harvey Kuenn, Detroit Tigers' bonus shortstop, took his draft board physical examination today, Kuenn, University of Wisconsin baseball star, signed with the Tigers for a reported \$55,000 bonus after finishing the Big 10 season with the Badgers. He was sent to Davenport, Ia., but finished the season with the American League club.

NORTHEAST, WESTERN KENTUCKY MEET TODAY

INDIANS SEEKING TO SPRING UPSET ON HILLTOPPERS

Bowling Green Eleven Undeclared; Tilt In Afternoon

BOWLING GREEN, Ky., Oct. 17 (Special)—Indians on the warpath—Northeast Louisiana State variety from Monroe, La.—moved into Bowling Green today all set to attempt the task of upsetting the Western Kentucky Hilltoppers, undefeated in four games this season. The game is an afternoon affair.

The Hilltoppers will take the field in full strength and keyed to keep their record clean. Coach Jack Clayton today declared his Hilltoppers have been warned to "watch out" for this Northeast Louisiana outfit "who are known to have pulled some upsets when least expected."

Coach James L. Malone tonight said, "We're up here determined to give you folks the best football we've got in us. We didn't make this trip for nothing, and we'll beat you if we can. At least we'll be out there with determination and the will to go all the way."

Western Kentucky has been mighty impressive in rolling over Evansville College, 59-0; Middle Tennessee, 35-19; Eastern Kentucky, 14-13; and Morehead, 39-7. Northeast pulled a surprise in its season opener by holding highly favored Southeastern Louisiana to a 21-20 victory and then bowed to powerful Stetson University, 41-20. Northeast notched its only win over Livingston State of Alabama, 41-7, and then fell last week to McNeese of Louisiana, 41-7.

Malone today described the lopsided loss to McNeese as a result of a weakened defensive unit hit by injuries and illness that has cost the Tribe the services of such defensive stalwarts as Johnny Schmidt, Bob Parker and Bill Broda. Today, two others appeared doubtful for the Saturday scrap.

Leg injuries have two classy ends, Bob and Ronald Gunter (no relations), on the questionable list. However, the Redskins are expected to use them if only for spot service.

Aside from the aspects of the game is the case of Northeast tackle Joe Harrison, the "most anxious" member of the Indians' traveling squad. Harrison, his buddies explained, is expecting to become a father "at any time."

Unbeaten Louisiana Tech To Sample Northwestern's Aerial Game Today

Old State Foes Renew Rivalry In State Fair Scrap

RUSTON, La., Oct. 17 (Special)—Pass defense and more of the same has been the major defensive tactic of Louisiana Tech's practice sessions this week as the Bulldogs prep for their annual classic Saturday afternoon with Northwestern at the State Fair Stadium in Shreveport.

The Canines are expecting the Demons to unlimber all sorts of artillery in their efforts to mar Tech's spotless record this season, and the Bulldog defense patterns this week will be setup to thwart the aerial efforts of M. D. Ray and Dan Carr, Northwestern's T-formation engineers.

Ray, who was the top passer in the Gulf States Conference in 1951, has been sidelined in some of N. S. C.'s earlier contests but returned to action last week and is expected to be in fine shape for the State Fair game.

It has now been established also that the Techsters will be minus the services of one of their outstanding defenders, Billy Jo Adcox of El Dorado, Ark., who held down a regular guard assignment. Adcox received a leg injury last week against Central Oklahoma and it has not mended sufficiently to permit his participation Saturday.

A capable performer, Paul Morgan, has stepped forward to fill his shoes, however. Morgan replaced Adcox last week in the first half of the game after the injury occurred and put on a defensive demonstration almost equal to that of George Ferrington, the Bulldogs' ace linebacker.

Morgan, a former Byrd High School standout, had a brilliant season with the Bulldogs in 1949. He entered the marine corps, however, and is playing now in his first season since returning from the service hitch.

On several occasions the Demon passing game has almost spelled defeat for the Techsters. Particularly fresh in the minds of the Tech squad is the performance in 1949 when the Bulldogs came through with a last-minute touchdown to win 27-21. That was the year the Canines went on to win the Gulf States Conference crown, but the passing of Northwestern almost spoiled the record.

And in 1946, when Tech was victor over Ole Miss on the preceding week, the Bulldogs squeezed past N. S. C. on a 14-7 count that left the fans in suspense down to the final whistle. Northwestern played practically an entire quarter inside Tech's five-yard line.

That's why past records are tossed out the window when the two squads meet at the State Fair. Each team is up for the game and the Bulldogs are expecting to meet a foe this week that will be ready for a brilliant ball game.

GETTING DISCHARGE
SAN FRANCISCO, Oct. 17 (AP)—Sgt. Paul Barry, former Tulsa University and Los Angeles Rams football star, is on his way home from Japan, the army announced today. He will arrive here tomorrow and will return to civilian life. Barry served with the 24th infantry division medical unit at Camp Young, northern Honshu.

Streetcars, trolley coaches and buses operated by urban transit systems of the U. S. travel more than 8,000,000 miles daily.

LATER HUNTING RUMORS SPIKED

Thoman Says Squirrel Season Not Set Back Again

Rumors that continued lack of rain would bring a further setback to the opening of the Louisiana squirrel season, were barked yesterday, at least temporarily, by an announcement by J. B. Thoman who said he has been informed that it will take a proclamation from the governor or a state emergency to prolong the season.

Thoman, president of the Ouachita unit of the Louisiana Wildlife Federation, said he first heard rumors that the season would be delayed from October 20 to November 15 and immediately contacted Major James Brown of the state Fish and Wildlife department.

Brown notified Thoman that a change in the season "is highly improbable" unless a state of emergency brings an official proclamation from Governor Robert Kennon. The October 20 opening still stands.

Thoman said Major Brown also advised Ouachita is to receive 433 quail for restocking within the next week. Thoman said he contacted State Senator James Sparks and Representative Shady Wall and Gilbert Faulk for quail distribution plans and that himself and Game Warden Jim Collins and Horace Buckley, and "Pop" DeLee have been named as a committee to handle distribution here.

Also, state wildlife leaders yesterday were in session with Jerry Besson, president of the Louisiana Wildlife Federation, at Alexandria, discussing wildlife problems and the forthcoming election on state amendments. The wildlife organization is promoting "Amendment No. 9" which calls for a change in state conservation department operation from a one-man commissioner to a seven-man commission.

Marvin Quillen, secretary of the Ouachita unit, and J. L. Edwards, unit delegate to the spring convention, were in attendance from Monroe.

Accidents are the leading cause of death among children from one to 15 years of age, killing some 10,000 in this age group each year.

Freshmen Grid Teams Of Neville, Byrd Play Today At Shreveport

Neville High School's freshman football team goes to Shreveport today for its annual state fair battle with the frosh of Byrd High School. The game is scheduled for 9 o'clock this morning.

It will be the third game of the season for the Neville outfit which is still seeking victory. The Baby Bengals lost earlier to freshmen of Bastrop, 19-0, and Lake Providence, 6-0.

STEERS FAVORED OVER ARKANSAS

Loss Of Lamar McHan Hurts Razorback Victory Chances

AUSTIN, Tex., Oct. 17 (AP)—Arkansas, a one-time loser in two Southwest Conference games, will try to stay in the championship race with a victory over favored Texas here tomorrow.

Texas looks seven points better to the experts despite consecutive losses to Notre Dame and Oklahoma.

Dad's day and hand day will help bring about 48,000 people to Memorial Stadium for Texas' conference opener.

The Razorbacks upset Texas 16-14 last year after a week of frenzied appeals for victory from the Arkansas student body and Arkansas Gov. Sid McMath, who declared a "Beat Texas Day." It was the first Arkansas decision over Texas in 13 years.

With star Quarterback Lamar McHan out because of twisted knee, Arkansas appears unlikely to develop enough enthusiasm this year to whip Texas on the Longhorns own field.

Winless Dartmouth And Rutgers Meet 1st Time

HANOVER, N. H., Oct. 17 (AP)—will be seeking their first 1952 victory here tomorrow when they meet for the first time in their long football histories.

Dartmouth has bowed to Holy Cross, Pennsylvania and Army in that order and after playing a 19-19 tie with Muhlenberg, Rutgers was topped by Princeton and Colgate.

BIG SEVEN TITLE MAY BE SETTLED

Kansas-Oklahoma Scramble Today May Be Clincher

LAWRENCE, Kas., Oct. 17 (AP)—Kansas, which hasn't won an undisputed title in 23 years, and Oklahoma, with four successive banners, will collide here tomorrow in a game that's expected to determine the Big Seven conference football champion for 1952.

Coach Bud Wilkinson's powerful split T Sooners have been installed a one-touchdown favorite over Kansas Jayhawks, coached by Jules V. Sikes. A capacity crowd of about 40,000 is assured.

Oklahoma is rated sixth nationally, Kansas eighth.

Kansas won its last conference title in 1930 (then Big Six), but managed to tie Oklahoma for the honors in 1946 and again in 1947. Since that time it's been all Oklahoma in the Big Seven.

The Jayhawks were the last Big Seveners to whip the Sooners. That came in 1946, 16-13, on a fourth quarter field goal by Paul Turner. Kansas gained a 13-13 tie the following season.

Both teams have conference foes to deal with before the pennant can be hoisted, but none appear capable of beating tomorrow's winner. Kansas has won its first four games, including Big Seven victories over Colorado and Iowa State.

Oklahoma opened its season in a 21-21 tie with Colorado, then stormed back to humble Pittsburgh and Texas by identical scores, 49-20. The tie with Colorado, however, cost the Sooners a half game lost in the conference standings.

Kansas, with the best defense in the league to date, will be faced with the problem of stopping the nation's leading scorer in Buddy Leake. And Oklahoma likely will get a lively contest from Charlie Hoag, Kansas great halfback who has scored six touchdowns.

Titanium, ninth most abundant element in the earth's crust, is light in weight, has a high melting point, and has high resistance to corrosion.

Track Resumes Racing After Fire That Took Life Of Groom, 10 Nags

CHESTER, W. Va., Oct. 17 (AP)—Horse racing resumes tomorrow at Waterford Park after a one-day suspension due to a disastrous fire that killed one groom and 10 horses.

The body of William Toppacott, 45, Warrenton, Va., was found about four hours after the blaze broke out in one of the stables. He died trying to lead some horses from the burning buildings.

The blaze also destroyed four barns, housing 485 stalls. Damage unofficially was estimated at \$100,000. Fifty of the 792 thoroughbreds that stabled were still missing.

TENNESSEE HOST TO BIG ALABAMA

Game Is Rated Tossup Despite Crimson Tide Record

KNOXVILLE, Tenn., Oct. 17 (AP)—Alabama, unbeaten and untied and scinting a post-season bowl game bid, meets Tennessee tomorrow before the largest crowd in the 51-year history of their colorful football rivalry.

Bowl gold has been the payoff in 14 of the last 22 clashes between these Southeastern Conference powerhouses. Alabama has been bowl-blanked for four years mainly because it has not defeated Tennessee since 1947.

The game, which has attracted the fancy of a sellout crowd of 50,000 fans, is rated a tossup. The team that makes and capitalizes on the breaks should win.

Alabama, operating from the split-T, apparently has the more potent offense. The Crimson Tide has rolled up 95 points in winning four games.

Tennessee, its single wing attack showing definite signs of weakness, has scored 40 points in compiling a 2-1 record.

The game shapes up as a running duel between Bobby Marlow, Alabama's 205-pound right halfback, and Andy Kozar, 210-pound Tennessee fullback.

BLOCK WALLOPS JENA 'B', 38-13

Bears Beat Little Giants Of Thrilling Scoring Plays

JONESVILLE, La., Oct. 17 (Special)—In a spectacular grid battle featured with long scoring plays, Block High School defeated the Jena "B" team here Thursday night 38-13.

Fullback Albert Clarence Wurst was the main gun in the Bears' attack, scoring three touchdowns on runs of eight yards, 14 yards, and a jaunt of 96 yards. Left half Clyde Walker dashed 39 and 18 yards to paydirt racking up two more Block tallies, and left end L. Scott made the final six-pointers on a pass from quarterback Walt Bradford, the play covering 55 yards. Clyde Ray Weber place-kicked two conversion attempts.

Both Jena scores were made by fullback Payne, who scampered 85 yards on a kickoff return, and later dashed 16 yards around end. He also kicked the extra point to account for all his team's points.

For the Block Bears, Wurst and Walker were outstanding on offense, while halfback Dee Brown, quarterback Walter Bradford, tackle Donald Stringer, guard Don Cooper and end Nelson Fairbanks were stalwarts on defense.

A highlight of the game was Bear fullback Al Wurst's personal statistics. Besides scoring three touchdowns, he carried the mail 16 times for a total of 272 yards, not including one 80 yard touchdown run called back on a Block penalty.

The Bears' next game is a Class B. Conference tussle here next Friday night with Ferriday High School.

TAKES DRAFT TEST
MILWAUKEE, Oct. 17 (AP)—Harvey Kuenn, Detroit Tigers' bonus shortstop, took his draft board physical examination today. Kuenn, University of Wisconsin baseball star, signed with the Tigers for a reported \$55,000 bonus after finishing the Big 10 season with the Badgers. He was sent to Davenport, Ia., but finished the season with the American League club.

FARM BUREAU IN KICKOFF SUPPER

Event H-I'd In Lake Providence American Legion Home Friday Night

LAKE PROVIDENCE, Oct. 17. (Special)—The Farm Bureau membership kick-off supper was held at

the American Legion Home, Friday, Oct. 17, at 7:30. James Henry Gilfoyl, III, organization president, in presiding expressed thanks for the delectable meal.

R. J. Badaux, Baton Rouge, state director of organization addressed the group on "Let's Organize Farmers As Others Are United."

Mr. Badaux in informing those assembled brought out that Farm Bureau membership is an investment as an organized voice for Louisiana farmers; gives economic equality and opportunity for agriculture; efficient production and marketing; increased consumption; fair prices in the market; full employment; expanded trade at home and abroad; sound legislation; service to farmers at cost and opposition to socialization of agriculture.

Enumerated as Farm Bureau activities and benefits were tops to which the cotton activity has reached; awakening realization of rice growers to what organization means; full organization of the Louisiana sugar needs; legislation for dairymen; produce committees organized in the interest of fruit and vegetable marketing facilities in New Orleans area; and services offered through insurance plan.

At the conclusion of Mr. Badaux's address Mr. David Amacker took charge of East Carroll Parish organization and membership plans, distributing membership cards to ward leaders and their staff co-workers.

Education Study And Revival Is Planned

A Christian education course and a revival meeting will begin Monday, October 20 in the Cypress Street Church of God in West Monroe.

Services are to start at 7:15 p. m. with preaching at 8 p. m. Rev. and Mrs. V. E. Fridley of Hammond will be in charge.

The public is cordially invited, states Rev. J. C. Grubbs, pastor.

The prong-horned antelope is the only animal known to shed its horns. It sheds only the outer shell.

MYSTERY

(Continued from First Page)

port of an airplane crash in Mississippi, rattled dishes, and frightened many who were awake at the early hour.

Capt. Carl Thompson, a veteran Eastern Airline pilot, said the object "lit up the sky and looked like a ball of fire."

Thompson of New York City, who observed the light while flying 50 miles north of Mobile, added:

"It seemed slower than any meteor we had ever seen. We had it in sight from about seven to 10 seconds and then it burned up in the lower atmosphere."

Authorities at Pearl River, Miss., said a report there that an airplane had exploded in the air was trace-

able to the flash of light.

The mistaken report on the airplane explosion began when several young Mississippians transported in used cars to Hattiesburg telephoned authorities and reported a brilliant flash of light.

They thought an airplane might have crashed and gave the approximate location as Sones Chapel in Pearl River County in Southwestern Mississippi.

But after a three-hour search of the area, Sheriff Buford Walker said "We can't find anything."

On the Louisiana side of the Mississippi River about 30 miles north of Natchez, Miss., Deputy Sheriff Rosy Masson said "An awful jar shook windows in St. Joseph and Waterproof."

And the Tensas Parish sheriff's office in St. Joseph added "some of the boys told us pots and pans rattled on kitchen shelves."

Grammer Confesses To Slugging Slain Wife

BALTIMORE, Oct. 17 (AP) — George Edward Grammer admitted he slugged his wife with a piece of pipe after a half-dozen drinks when she "said something more important to me than she was," evidence in court disclosed today.

The evidence was Grammer's signed statement of what he said happened the night of Aug. 19, when his wife was found dead in her wrecked car. On her head were deep gashes the medical examiner said could not have been inflicted by any object inside the car.

Judge Herman M. Moser admitted four statements police said Grammer made while behind bars for questioning on Aug. 30 and 31. Three were in longhand taken by officers. The fourth was made before a police stenographer.

Grammer, his eyes puffy and shadowy, sagged visibly when the judge admitted the statements. During the rest of the afternoon he kept his head bent down, his hands folded in his lap. You couldn't tell if his eyes were open or closed.

The state contends the 35-year-old Grammer killed his wife, Dorothy May, so he could marry a Canadian secretary at the United Nations headquarters in New York, with whom he was "hopelessly in love."

In the formal statement, Grammer said he asked his wife to take him to the railroad station so he could catch a train to New York, where he was office manager for a metals firm.

He had stopped in Baltimore for a few hours to visit his wife and three children, staying at the time at her mother's home, after delivering some papers to a person in Washington.

Grammer and his wife left for the station shortly after 10 p.m., the statement said.

It added: "... While driving down Harford road I asked if she would like to stop and have a couple of drinks. She said she'd like to and we stopped at a little place, and she had maybe two drinks. She did not drink very much, and I guess I had five or six. ...

"Then we went out to get in the car. ...

"We were riding across Taylor avenue and she said something about my job being more important to me than she was and for the moment I did not know what I was doing. ...

"I stopped the car ... as I stepped out I noticed this object lying beside the road like a small pipe and I picked it up and I remember I hit her once. I suppose I hit her more than once. ...

"I am not sure what I did after that for a while, I don't know. ...

Earlier in the day, Grammer acknowledged on the stand that he signed the statement.

The defense objected strenuously to the admission of the statements on grounds Grammer was mistreated and had been promised certain advantages if he would "co-operate during the two days he was questioned before being formally charged."

Judge Moser, hearing the case without a jury at Grammer's request, permitted both sides to argue their points on admitting the statements for a half-hour, then permitted them as evidence.

Mrs. Grammer's car was seen plunging down sloping Taylor Avenue in suburban Baltimore early Aug. 20 by two policemen.

The spinning car ran up a small embankment and overturned, its motor still running.

The two officers said Mrs. Grammer was dead when they pulled her out through the windshield.

Dr. Russell S. Fisher, state medical examiner, said in his autopsy report the seven deep gashes were caused by a "blunt instrument" and could not have been caused by anything inside the car.

He added that someone had killed Mrs. Grammer and tried to make it appear to be an accident.

REDS SUFFER

(Continued from First Page)

les in front of their positions.

After the third one, at 5 a.m. today, the South Koreans counted 110 Chinese bodies and estimated that 75 more were killed and 250 wounded.

In another furious engagement less than 20 miles to the west, South Koreans withdrew to the southern slopes of Iron Horse mountain. The Reds entrenched on the northern slopes. The crest itself was a shell-swept no man's land.

Fighting halted on South Korean-held White Horse Mountain three miles from Iron Horse.

Official estimates Friday of Red casualties during the past nine days on three hill positions alone were the highest in more than 11 months.

South Korean "Stay, Fight" Ninth Division troops cleaned the dead debris and bodies off blood-soaked White Horse and announced 8,147 Chinese killed, an additional 3,430 estimated killed and 1,067 estimated wounded. The total was larger than the strength of a Chinese division.

U. S. Seventh Division troops killed or wounded an estimated 3,750 Chinese on Triangle Hill since Tuesday, AP Correspondent Milo Farnell reported. Triangle was firmly held by the Seventh.

On Sniper Hill, just east of Triangle, an American official said that since Tuesday the Koreans have counted 460 Chinese dead, estimated 399 others killed, and estimated 716 wounded for a total of 1,575 dead or wounded.

Allied losses were not announced, but undoubtedly were considerable. The red Peiping radio claimed 8,000 Allied troops were "annihilated" between Oct. 6 and Oct. 11.

The fight on Sniper Hill was the largest action Friday.

About 150 Chinese advanced from the northwest toward Pinpoint Hill, the middle peak of Sniper Ridge. In late afternoon, Allied artillery fire dispersed them.

Before dark two more Red companies—500 to 300 men—advanced and exchanged small arms fire with the South Koreans. In the next two hours the Communists rained 2,000 rounds of artillery fire on the defenders.

By 9:30 p.m. the Red attacking force had built up to 700 men and fighting was intense.

South Koreans grappled with the Reds in savage bayonet clashes. They rolled grenades down the slopes at the oncoming Reds and bashed them with rifle butts.

MOBS RIOTING

(Continued from First Page)

lution of Parliament would be considered.

Dutch government ministers at The Hague expressed alarm and disappointment over the incidents to Indonesian High Commissioner Susanto Tjiptopredjo when he called to present his personal apologies.

It was not explained why The Netherlands should come in for attack at this particular time.

Neutral observers look on the dispute over the Defense Ministry as an inter-party quarrel with religious overtones. The sultan, 40, has served in most Cabinets of this largely Moslem nation. A member of a family that once ruled much of Central Java, he is regarded as a staunch progressive.

The storm began brewing several weeks ago when an Army officer, Col. Bambang Supomo, laid before President Soekarno and Parliament a charge that the high command was inefficient and was following policies against the nation's interests. The sultan fired the colonel.

Parliament stepped in yesterday. It adopted 91-54 a motion demanding reorganization of the defense ministry and the armed forces. This amounted to a vote of non-confidence in the sultan and his aides. Heated partisanship developed over the issue.

Police said most of today's demonstrators had been "brought in from outside Jakarta." The garb and banners of many of the rioters indicated they were Communists.

MYSTERY

(Continued from First Page)

port of an airplane crash in Mississippi, rattled dishes, and frightened many who were awake at the early hour.

Capt. Carl Thompson, a veteran Eastern Airline pilot, said the object "lit up the sky and looked like a ball of fire."

Thompson of New York City, who observed the light while flying 50 miles north of Mobile, added:

"It seemed slower than any meteor we had ever seen. We had it in sight from about seven to 10 seconds and then it burst up in the lower atmosphere."

Authorities at Pearl River, Miss., said a report there that an airplane had exploded in the air was trace-

able to the flash of light.

The mistaken report on the airplane explosion began when several young Mississippians transporting used cars to Hattiesburg telephoned authorities and reported a brilliant flash of light.

They thought an airplane might have crashed and gave the approximate location as Sones Chapel in Pearl River County in Southwestern Mississippi.

But after a three-hour search of the area, Sheriff Buford Walker said "We can't find anything."

On the Louisiana side of the Mississippi River about 30 miles north of Natchez, Miss., Deputy Sheriff Rosy Masson said "An awful jar shook windows in St. Joseph and Waterproof."

And the Tensas Parish sheriff's office in St. Joseph added "some of the boys told us pots and pans rattled on kitchen shelves."

Grammer Confesses To Slugging Slain Wife

BALTIMORE, Oct. 17 (AP) — George Edward Grammer admitted he slugged his wife with a piece of pipe after a half-dozen drinks when she "said something about my job being more important to me than she was," evidence in court disclosed today.

The evidence was Grammer's signed statement of what he said happened the night of Aug. 19, when his wife was found dead in her wrecked car. On her head were deep gashes the medical examiner said could not have been inflicted by any object inside the car.

Judge Herman M. Moser ad-

mitted four statements police said Grammer made while behind held for questioning on Aug. 30 and 31. Three were in longhand taken by officers. The fourth was made before a police stenographer.

Grammer, his eyes puffy and shadowy, sagged visibly when the judge admitted the statements. During the rest of the afternoon he kept his head bent down, his hands folded in his lap. You couldn't tell if his eyes were open or closed.

The state contends the 35-year-old Grammer killed his wife, Dorothy May, so he could marry a Canadian secretary at the United Nations headquarters in New York, with whom he was "hopelessly in love."

In the formal statement, Grammer said he asked his wife to take him to the railroad station so he could catch a train to New York, where he was office manager for a metals firm.

He had stopped in Baltimore for a few hours to visit his wife and three children, staying at the time at her mother's home, after delivering some papers to a person in Washington.

Grammer and his wife left for the station shortly after 10 p.m., the statement said.

It added: "... While driving down Harford road I asked if she would like to stop and have a couple of drinks. She said she'd like to and we stopped at a little place ... and she had maybe two drinks. She did not drink very much, and I guess I had five or six. ...

"Then we went out to get in the car ...

"We were riding across Taylor avenue and she said something about my job being more important to me than she was and for the moment I did not know what I was doing. ...

"I stopped the car ... as I stepped out I noticed this object lying beside the road like a small pipe and I picked it up and I remember I hit her once. I suppose I hit her more I don't know."

Earlier in the day, Grammer acknowledged on the stand that he signed the statement.

The defense objected strenuously to the admission of the statements on grounds Grammer was mistreated and had been promised certain advantages if he would "co-operate" during the two days he was questioned before being formally charged.

Judge Moser, hearing the case without a jury at Grammer's request, permitted both sides to argue their points on admitting the statements for a half-hour, then permitted them as evidence.

Mrs. Grammer's car was seen plunging down sloping Taylor Avenue in suburban Baltimore early Aug. 20, by two policemen.

The speeding car ran up a small embankment and overturned, its motor still running.

The two officers said Mrs. Grammer was dead when they pulled her out through the windshield.

Dr. Russell S. Fisher, state medical examiner, said in his autopsy report the seven deep gashes were caused by a "blunt instrument" and could not have been caused by anything inside the car.

He added that someone had killed Mrs. Grammer and tried to make it appear to be an accident.

REDS SUFFER

(Continued from First Page)

ies in front of their positions. After the third one, at 5 a.m. today, the South Koreans counted 110 Chinese bodies and estimated that 75 more were killed and 250 wounded.

In another furious engagement less than 20 miles to the west, South Koreans withdrew to the southern slopes of Iron Horse mountain. The Reds entrenched on the northern slopes. The crest itself was a shell-swept no man's land.

Fighting halted on South Korean-held White Horse Mountain three miles from Iron Horse.

Official estimates Friday of Red casualties during the past nine days on three hill positions alone were the highest in more than 11 months.

South Korean "Stay, Fight" Ninth Division troops cleaned the last debris and bodies off blood-soaked White Horse and announced 8,147 Chinese Reds killed, an additional 3,430 estimated killed and 1,067 estimated wounded. The total was larger than the strength of a Chinese division.

U. S. Seventh Division troops killed or wounded an estimated 3,750 Chinese on Triangle Hill since Tuesday, AP Correspondent Milo Farnet reported. Triangle was firmly held by the Seventh.

On Sniper Hill, just east of Triangle, an American officer with the Korean Second Division said that since Tuesday the Koreans have counted 460 Chinese dead, estimated 399 others killed, and estimated 716 wounded for a total of 1,575 dead or wounded.

Allied losses were not announced, but undoubtedly were considerable. The red Peiping troops were "annihilated" between Oct. 6 and Oct. 11.

The fight on Sniper Hill was the largest action Friday.

About 150 Chinese advanced from the northwest toward Pinpoint Hill, the middle peak of Sniper Ridge, in late afternoon. Allied artillery fire dispersed them.

Before dark two more Red companies—300 to 360 men—advanced and exchanged small arms fire with the South Koreans. In the next two hours the Communists rained 2,000 rounds of artillery fire on the defenders.

By 9:30 p.m. the Red attacking force had built up to 700 men and fighting was intense.

South Koreans grappled with the Reds in savage bayonet clashes. They rolled grenades down the slopes at the oncoming Reds and bashed them with rifle butts.

THE SMEARS, FEARS, CHARACTER ASSASSINATIONS, UNTRUTHS AND INNUENDOS BY REPUBLICANS FINANCED BY WALL STREET BANKERS WHO BROUGHT ON THE LAST DEPRESSION ARE NOW BEING EXPOSED

READ THE FOLLOWING FROM THE RECORD AND REMEMBER THAT IT IS NOT SOME PREJUDICED WRITER'S IMAGINATION TRYING TO MISLEAD YOU WITH HIS OWN COMPOSITION

The Stevenson for President Committee would be unworthy of their American citizenship and the great heritage of their forefathers if they did not answer the misleading and distorted editorial that appeared in the Monroe News-Star under date of October 14, 1952, with reference to Governor Stevenson's outstanding ability and strong determination to rid this nation of its last Communist. In answering the editorial, we go directly to facts and facts that were carried in pro-Eisenhower newspapers, but newspapers which present both sides of the story.

The Washington Post
Tuesday, Oct. 4, 1952

"SMITH LAUDS TRUMAN SECURITY AID. NO REDS FOUND IN C. I. A. IN U. S.

"General Bedell Smith, head of the Central Intelligence Agency and General Eisenhower's personal friend and Chief of Staff in Europe, had the following to say:

"I have no political affiliation," General Smith said. "I have no political leanings. An honest statement I made under oath has been used politically."

"He said he had the highest regard for both of the Presidential candidates and added that if either candidate does as well as President Truman in cooperating with the Security Agencies, the American people can congratulate themselves.

"The General emphasized that any Communist who infiltrates the Government Security Agencies will be exposed."

The Times Herald, Washington, D. C.
Tuesday, Oct. 14, 1952

"TRUMAN'S FIGHT ON REDS LAUDED BY GENERAL BEDELL SMITH, PERSONAL FRIEND OF GENERAL EISENHOWER AND HIS CHIEF OF STAFF IN EUROPE.

"Then Smith interrupted his testimony and told the Committee he was no politician and had no political party affiliation. But he realized that what he said today in a Presidential campaign here can be twisted out of context and out of its real intent. Any future President, Republican or Democrat, is going to have to work with the same Security Agencies now in existence. If either one of them, the Democrat or the Republican, does as well as President Truman in cooperation with the Security Agencies in ferreting out subversives, the American people can congratulate each other and will have little to worry about."

The above statements appeared in hundreds of the large pro-Eisenhower daily papers in the North, East and West, but somehow, this expose of the Republicans' propaganda never reached many of the Louisiana newspapers.

JOHN J. SPARKMAN

The Washington Daily News
Monday, Oct. 13, 1952

"GENERAL SMITH SAYS HE KNOWS OF NO REDS IN AGENCIES HERE. GENERAL SMITH SAID THAT TO HIS KNOWLEDGE, THERE HAVE BEEN ONLY TWO COMMUNISTS EXPOSED IN GOVERNMENT SECURITY AGENCIES.

"You are all familiar with Alger Hiss," he said. "Also, about five years ago, a minor employee was exposed as a Communist. But the cases were handled and the Democratic Committee exposed them and brought about their conviction. Therefore, I cannot elaborate on it in open session."

ADLAI E. STEVENSON

The Following Are Excerpts From Governor Adlai Stevenson's Address

Address at Los Angeles, Sept. 11, 1952

Governor Stevenson said, "The fear of Communism is a real fear. We are confronted, at home and abroad, by a vast international conspiracy. We need, at home and abroad, to take measures to protect ourselves against it. All loyal Americans know today that Communism is incompatible with American life. We have driven Communists out of many places of responsibility they may have gained in our society. We will expose and identify them at every step in our society. We will expose and identify them at every step along the way. We will not permit them to return."

Address at Evanston, Ill., Jan. 28, 1951

(This was before he had any idea of accepting the Democratic Presidential nomination.)

"Communism receives no anxieties. It multiplies them. It organizes terror. It is without spiritual content or comfort. It provides no basic security. In the long run, it cannot cure the disease of this anxious age. But its short term methods are grimly effective.

"We can't sit still and wait for fever to run its course. Without combative faith in our spiritual heritage, we won't long hold out against the subtleties of selfishness and fear. If Western civilization is to save its body, it must save its soul too. It must awake again the emotionalism, the confidence, the defiant faith of a resolute breed of men to whom liberty and justice mean something positive every day."

Address in New York, Sept. 22, 1952

"Our effective fight against Communism goes clear back to the time it was called Bolshevism. We must continue our resolute and Christian efforts and go after the roots from which it grows."

Governor Stevenson replies to the Governor Stevenson in Detroit came up with a cunning reply to General Eisenhower on the issue of Communism.

"If, the Governor said, his opponent considers that there are Reds in Washington, as a result of slack security precautions, would General Eisenhower fire J. Edgar Hoover and General Bedell Smith, his own former Chief of Staff, who is now head of the Central Intelligence Agency. Governor Stevenson further stated that one Communist in Government was one too many, but that he was dismayed that the Republicans refused to discuss the real issues of the campaign, but rather preferred to use smears and fears and bogymen to keep the American voters' minds off the real issue."

It is reported that J. Edgar Hoover stated there are fewer Communists in America today than there were twenty years ago, because America had gone from poverty to prosperity and eliminated the breeding grounds for Communists.

We Quote Gov. Warren, Republican Governor of California

In discussing remarks made by this Governor in regard to the Communist question, which involved General Eisenhower's statements, Republican Governor Warren had this to say: "It is interesting that the General made his remark off the record so it would not be quoted in the East, for he and President Conant of Harvard were the first to take a public stand against loyalty oaths.

"Furthermore," continued Warren, "it happens that the University which its heads has more Communists and Reds than any other University in the country."

There is no proof, according to J. Edgar Hoover and General Bedell Smith, General Eisenhower's former Chief of Staff, that there are any Communists in Government. But if there should be any, how could its clean them out when he made no attempt to clean them out of the University of which he is President?

"Stevenson is an independent man" ... Ralph McGill

If you do not believe that Stevenson is an independent man, and acts and works with what evidently is spiritual guidance, read the following from a columnist who travelled with Eisenhower and later with Governor Stevenson, who is unbiased in his presentation of facts. I refer you to Ralph McGill and quote his statement of October 11, 1952, carried in the Atlanta Constitution.

"Sleepy, weary and dog tired, I climbed on the plane for the long journey through Oklahoma to New Orleans, and found myself thinking with affection of Adlai Stevenson and of how tired he must have been.

"He reached St. Louis after an early morning start from Milwaukee. There was a stop and a speech at St. Joseph, Missouri. There was a huge and successful parade at Kansas City and a major address. Then he went back to the airplane, took off and descended at St. Louis. There was a three-hour whistle-stop trip by bus, and finally, we were in St. Louis again just in time to eat heartily, and go to the speech. It was historic, with 20,000 present and 3,000 people unable to get in.

"Now that Adlai Stevenson was no one will know. He was born February 5, 1900, and is 52 years old. He is in good shape, not at all fat, and, since his habits are good, he looks well and is. But he must have been very weary. Speeches take things out of those who make them. They are not easy.

"After the talk there was a reception.

"When it was done, near midnight, Adlai Stevenson went to his room.

"He then sat down to work.

"Assistants had sent in written suggestions for speeches to be made in New Orleans and Florida.

"When he makes the speeches he feels they must be his. So he does them. It is a back-breaking task. But when they are made they are his.

"There is a man so determined there will be none to say he is not independent that he has almost no connection with the national committee and the professional politicians. The result, politically, is bad. The speeches are not well organized. They don't have much information about him. The man he chose for his national chairman, Steve Mitchell, was for a while busy putting corrupt Democrats in jail. And this does not endear him to some local groups. Also, he is innocent of politics.

"Wilson Wyatt, who was fired by Harry Truman, is heading up his office. Wyatt is a fine fellow, honest and sincere. But he has little skill at managing an office. The Governor wanted his headquarters to be at Springfield, away from New York and Washington. That's just fine, but it is out of the way. They can't even get TV in Springfield and, as a consequence, can't see their candidate on the screen to check on him and make suggestions.

"The Stevenson special, with some wonderful fellows in charge of the same job, is more fun than the Eisenhower train. There is a spirit of fellowship and casualness which is relaxing and fine. But the speeches are late. The hotels are uncertain and sometimes we end up with hostile like men in charge.

"At Oklahoma City, where a tremendous crowd greeted him, less than half could hear the outdoor address because no one had checked the amplifier in advance and didn't know it was inadequate.

"These uninformed persons who talk of Stevenson as taking orders from Harry Truman or as being his stooge should be along. The only fellow running Stevenson is Stevenson. There are no old political hacks there and four deep around him. In a sense he is so alone one feels sorry for him. No one is running Adlai. That I know.

"It is an astonishing thing, quite incomprehensible, that the Southern Senators and congressmen are not out whooping for him. He will stand on the platform, and they know they can depend on him not to shout or resort to trickery. He is a great Democrat, in the finest tradition. That so fine a man should come along and fail to have the full support of the party is difficult to believe. I think he will have it.

"Carl Sandburg, writing books about Lincoln, said once, 'The son of a gun grows on you.'

"So does this man Stevenson."

WE HAVE FAITH...

We have faith in the American people and we believe that on November 4, a great majority of them will face up to the cold realization that the Republicans have nothing constructive to offer the American people and the only hopes the Republicans have of winning are through smears, untruths, innuendoes and character assassinations. Never in the history of America has any Presidential candidate resorted to the rank demagoguery that has been resorted to by Ike Eisenhower and "Self-out" Nixon. Nixon, being the man who confessed that the special interests, the oil lobby, real estate lobby and dairy lobby, had subsidized him to the extent that he could buy two houses at once, one of them requiring a \$21,000 down payment. This same Nixon, by accepting these payoffs, was able to spend \$5,500 just to mail Christmas cards in the years of 1950 and 1951. He has embraced this hatchet man and said, "He is my boy". Wake up, citizens, and check into what is going on before the Wall Street Bankers drag this nation into poverty and sweatshops.

In the East, North and West, a great majority of the large papers, which are controlled by Wall Street are supporting Eisenhower and Nixon. However, they have yet to question Governor Stevenson's unimpeachable integrity, leadership and established honesty. Why can't the Louisiana papers be so fair?

CITIZENS OF LOUISIANA...

In February of this year, the Democrats of Louisiana elected a Republican Governor, but they did not know it at the time. Only by a co-ordinated effort on the part of the small businessman, the farmer and the laboring man can a reputation of this be prevented.

If you want to hear the first Presidential candidate in America, according to history, who puts it on the line and faces up to issues and who has refused to utter one word of demagoguery, then listen to your next President.

Gov. Adlai Stevenson
SPEAKS OVER KNOE MONDAY NIGHT
OCTOBER 20 AT 7:00 P.M.

STEVENSON FOR PRESIDENT COMMITTEE OF 5TH. DISTRICT

THE SMEARS, FEARS, CHARACTER ASSASSINATIONS, UNTRUTHS AND INNUENDOS BY REPUBLICANS FINANCED BY WALL STREET BANKERS WHO BROUGHT ON THE LAST DEPRESSION ARE NOW BEING EXPOSED

READ THE FOLLOWING FROM THE RECORD AND REMEMBER THAT IT IS NOT SOME PREJUDICED WRITER'S IMAGINATION TRYING TO MISLEAD YOU WITH HIS OWN COMPOSITION

The Stevenson for President Committee would be unworthy of their American citizenship and the great heritage of their forefathers if they did not answer the misleading and distorted editorial that appeared in the Monroe News-Star under date of October 14, 1952, with reference to Governor Stevenson's outstanding ability and strong determination to rid this nation of its last Communist. In answering the editorial, we go directly to facts and facts that were carried in pro-Eisenhower newspapers, but newspapers which present both sides of the story.

The Washington Post
Tuesday, Oct. 4, 1952

"SMITH LAUDS TRUMAN SECURITY AID. NO REDS FOUND IN C. I. A. IN U. S."

"General Bedell Smith, head of the Central Intelligence Agency and General Eisenhower's personal friend and Chief of Staff in Europe, had the following to say:

"I have no political affiliation," General Smith said. "I have no political leanings. An honest statement I made under oath has been used politically."

"He said he had the highest regard for both of the Presidential candidates and added that if either candidate does as well as President Truman in cooperating with the Security Agencies, the American people can congratulate themselves.

"The General emphasized that any Communist who infiltrates the Government Security Agencies will be exposed."

The Times Herald, Washington, D. C.
Tuesday, Oct. 14, 1952

"TRUMAN'S FIGHT ON REDS LAUDED BY GENERAL BEDELL SMITH, PERSONAL FRIEND OF GENERAL EISENHOWER AND HIS CHIEF OF STAFF IN EUROPE."

"Then Smith interrupted his testimony and told the Committee he was no politician and had no political party affiliation. But he realized that what he said today in a Presidential campaign here can be twisted out of context and out of its real intent. Any future President, Republican or Democrat, is going to have to work with the same Security Agencies now in existence. If either one of them, the Democrat or the Republican, does as well as President Truman in cooperation with the Security Agencies in ferreting out subversives, the American people can congratulate each other and will have little to worry about."

The above statements appeared in hundreds of the large pro-Eisenhower daily papers in the North, East and West, but somehow, this expose of the Republicans' propaganda never reached many of the Louisiana newspapers.

The Washington Daily News
Monday, Oct. 13, 1952

"GENERAL SMITH SAYS HE KNOWS OF NO REDS IN AGENCIES HERE. GENERAL SMITH SAID THAT TO HIS KNOWLEDGE, THERE HAVE BEEN ONLY TWO COMMUNISTS EXPOSED IN GOVERNMENT SECURITY AGENCIES."

"You are all familiar with Alger Hiss," he said. "Also, about five years ago, a minor employee was exposed as a Communist. But the cases were handled and the Democratic Committee exposed them and brought about their conviction. Therefore, I cannot elaborate on it in open session."

ADLAI E. STEVENSON

The Following Are Excerpts From Governor Adlai Stevenson's Address

Address at Los Angeles, Sept. 11, 1952

Governor Stevenson said, "The fear of Communism is a real fear. We are confronted, at home and abroad, by a vast international conspiracy. We need, at home and abroad, to take measures to protect ourselves against it. All loyal Americans know today that Communism is incompatible with American life. We have driven Communists out of many places of responsibility they may have gained in our society. We will expose and identify them at every step in our society. We will expose and identify them at every step along the way. We will not permit them to return."

Address at Evanston, Ill., Jan. 28, 1951

(This was before he had any idea of accepting the Democratic Presidential nomination.) "Communism resolves no anxieties. It multiplies them. It organizes terror. It is without spiritual content or comfort. It provides no basic security. In the long run, it cannot cure the disease of this anxious age. But its short term methods are grimly effective."

"We can't sit still and wait for fever to run its course. Without combative faith in our spiritual heritage, we won't long hold out against the subtleties of selfishness and fear. If Western civilization is to save its body, it must save its soul too. It must awake again the emotionalism, the confidence, the defiant faith of a resolute breed of men to whom liberty and justice mean something positive every day."

Address in New York, Sept. 22, 1952

"Our effective fight against Communism goes clear back to the time it was called Bolshevism. We must continue our resolute and Christian efforts and go after the roots from which it grows."

Governor Stevenson replies to Ike. Governor Stevenson in Detroit came up with a cunning reply to General Eisenhower on the issue of Communism.

"If, the Governor said, his opponent considers that there are Reds in Washington, as a result of slack security precautions, would General Eisenhower fire J. Edgar Hoover and General Bedell Smith, his own former Chief of Staff, who is now head of the Central Intelligence Agency. Governor Stevenson further stated that one Communist in Government was one too many, but that he was dismayed that the Republicans refused to discuss the real issues of the campaign, but rather preferred to use smears and fears and bogeyman to keep the American voters' minds off the real issue."

It is reported that J. Edgar Hoover stated there are fewer Communists in America today than there were twenty years ago, because America had gone from poverty to prosperity and eliminated the breeding grounds for Communists.

We Quote Gov. Warren, Republican Governor of California

In discussing remarks made by this Governor in regard to the Communist question, which involved General Eisenhower's statements, Republican Governor Warren had this to say: "It is interesting that the General made his remark off the record so it would not be quoted in the East, for he and President Conant of Harvard were the first to take a public stand against loyalty oaths."

"Furthermore," continued Warren, "it happens that the University which Ike heads has more Communists and Reds than any other University in the country."

There is no proof, according to J. Edgar Hoover and General Bedell Smith, General Eisenhower's former Chief of Staff, that there are any Communists in Government. But if there should be any, how could Ike clean them out when he made no attempt to clean them out of the University of which he is President?

"Stevenson is an independent man" . . . Ralph McGill

If you do not believe that Stevenson is an independent man, and acts and works with what evidently is spiritual guidance, read the following from a columnist who travelled with Eisenhower and later with Governor Stevenson, who is unbiased in his presentation of facts. I refer you to Ralph McGill and quote his statement of October 11, 1952, carried in the Atlanta Constitution.

"Sleepy, weary and dog tired, I climbed on the plane for the long journey through Oklahoma to New Orleans, and found myself thinking with affection of Adlai Stevenson and of how tired he must have been."

"He reached St. Louis after an early morning start from Milwaukee. There was a stop and a speech at St. Joseph, Missouri. There was a huge and successful parade at Kansas City and a major address. Then he went back to the airplanes, took off and descended at St. Louis. There was a three-hour whistle-stop trip by bus, and finally, we were in St. Louis again just in time to eat hastily, and go to the speech. It was historic, with 20,000 present and 3,000 people unable to get in."

"How tired Adlai Stevenson was no one will know. He was born February 5, 1900, and is 52 years old. He is in good shape, not at all fat, and, since his habits are good, he looks well and is. But he must have been bone weary. Speeches take things out of those who make them. They are not easy."

"After the talk there was a reception."

"When it was done, near midnight, Adlai Stevenson went to his room."

"He then sat down to work."

"Assistants had sent in written suggestions for speeches to be made in New Orleans and Florida."

"Since he makes the speeches he feels they must be his. So he does them. It is a back-breaking task. But when they are made they are his."

"Here is a man so determined there will be none to say he is not indeed independent that he has almost no connection with the national committee and the professional politicians. The result, politically, is bad. The local committees are not well organized. They don't have much informa-

tion about him. The man he chose for his national chairman, Steve Mitchell, was for a while busy putting corrupt Democrats in jail. And this does not endear him to some local groups. Also, he is innocent of politics."

"Wilson Wyatt, who was fired by Harry Truman, is heading up his office. Wyatt is a fine fellow, honest and sincere. But he has little skill at managing an office. The Governor wanted his headquarters to be at Springfield, away from New York and Washington. That's just fine, but it is out of the way. They can't even get TV in Springfield and, as a consequence, can't see their candidate on the screen to check on him and make suggestions."

"The Stevenson special, with some wonderful fellows in charge of the same job, is more fun than the Eisenhower train. There is a spirit of fellowship and casualness which is relaxing and fine. But the speeches are late. The hotels are uncertain and sometimes we end up with hostile Ike men in charge."

"At Oklahoma City, where a tremendous crowd greeted him, less than half could hear the outdoor address because no one had checked the amplifier in advance and didn't know it was inadequate."

"Those uninformed persons who talk of Stevenson as taking orders from Harry Truman or as being his stooge should be along. The only fellow running Stevenson is Stevenson. There are no old political hacks three and four deep around him. In a sense he is so alone one feels sorry for him. No one is running Adlai. That I know."

"It is an astonishing thing, quite incomprehensible, that the Southern Senators and congressmen are not out whooping for him. He will stand on the platform, and they know they can depend on him not to cheat or resort to trickery. He is a great Democrat, in the finest tradition. That so fine a man should come along and fail to have the full support of the party is difficult to believe. I think he will have it."

"Carl Sandburg, writing books about Lincoln, said once, 'The son of a gun grows on you.'"

"So does this man Stevenson."

WE HAVE FAITH...

We have faith in the American people and we believe that on November 4, a great majority of them will face up to the cold realization that the Republicans have nothing constructive to offer the American people and the only hopes the Republicans have of winning are through smears, untruths, innuendoes and character assassinations. Never in the history of America has any Presidential candidate resorted to the rank demagoguery that has been resorted to by Ike Eisenhower and "Sell-out" Nixon. Nixon, being the man who confessed that the special interests, the oil lobby, real estate lobby and dairy lobby, had subsidized him to the extent that he could buy two houses at once, one of them requiring a \$21,000 down payment. Gov. Adlai Stevenson
SPEAKS OVER KNOE MONDAY NIGHT
OCTOBER 20 AT 7:00 P. M.

STEVENSON FOR PRESIDENT COMMITTEE OF 5TH. DISTRICT

COLUMBIA

Mrs. J. E. Stuart is visiting her families Mr. and Mrs. C. A. Stuart of Washington, Mr. and Mrs. Gilbert Stuart of Houston, Texas.

Mr. and Mrs. Holmes Mouser and Edward were week-end guests of Judge and Mrs. V. M. Mouser.

Mrs. L. C. Nunn and Mrs. Alice Toddie spent the week-end with Mr. and Mrs. R. B. Prestige of Natchitoches.

Mr. and Mrs. David Gartnerman visited in Baton Rouge over the week-end.

Mr. and Mrs. Clifford Chapman of Shreveport Mr. Oscar Chapman and Mr. Edgar Chapman spent last week in Atlanta, Ga. where they attended the annual Chapman reunion.

Mr. and Mrs. Drew Hays of Ruston were recent guests of Mr. and Mrs. O. N. Reynolds.

Miss Carolyn Costas was the week-end guest of her mother, Mrs. Eureka Costas.

Mr. and Mrs. E. D. Tilley and daughters Harriet and Nancy of Dallas, Texas visited Mr. and Mrs. Charles Rowan this week.

Mrs. Charles Redditt visited Dr. and Mrs. J. E. Toupe and Mr. and Mrs. W. F. Williamson of Baton Rouge.

Mr. and Mrs. R. O. Cummings and Mr. L. C. Nunn spent the week-end in Dallas, Texas the guest of Miss Mary Bess Prestige and saw the S. M. U., Georgia Tech game.

Mrs. Bernice Traylor attended the American Legion Auxiliary conference in Bastrop.

Attending the W. S. C. District Seminar in Rayville were: Mrs. V. M. Mouser, Mrs. Sam Holladay, Rev. I. M. Eden, Mrs. E. E. Franklin, Mrs. J. D. Key, Mrs. Rosa Brandin, and Miss Adelle Redditt.

Mrs. Arvel Harris and son Den and Miss Clara Harris were the week-end guests of Miss Katherine Harris of Jackson, Tenn.

Mrs. Harvey Patton H and Harvey III are guests of her mother Mrs. Katie Meredith of Newellton.

Mrs. W. W. Williams of Baton Rouge is visiting Mr. and Mrs. J. W. Brockner this week.

Mrs. S. J. Jarrell is visiting her daughter Mrs. Jane McGowan of Dallas, Texas this week.

Mr. and Mrs. T. D. Stewart Jr., and children were the week-end guests of Mr. and Mrs. T. D. Stewart of Ringold.

Dr. and Mrs. E. L. Carroll and son Linus attended a board meeting of the La. Academy of General Practice in Alexandria.

Mr. and Mrs. Bill Boothe and children spent two days in Baton Rouge.

Mr. David Cruse, a student of Louisiana Tech spent Sunday with his parents, Mr. and Mrs. J. C. Cruse.

Recent guests of Mr. and Mrs. Chapman were Mr. and Mrs. Lolas Shafer of Galesburg, Mich., and Sgt. and Mrs. Roger Shafer of Alexandria.

Attending the Neville - Haynesville game in Monroe Friday were Mr. and Mrs. D. H. Clark and son, Mr. and Mrs. S. P. Crawford

and Albert, Mrs. Annette Pittman and Mr. and Mrs. W. A. Clark.

Mrs. A. Ainsworth and Mrs. Winnie Langley of Minden, Mr. and Mrs. Joe Ainsworth and children of Sibley, were guests of the Henry Elbert Ainsworth's over the week-end.

Mr. and Mrs. J. O. Eubanks of Port Arthur, Tex., spent last week-end with Mr. and Mrs. Fack Fisher.

Mr. and Mrs. D. A. Croel and sons spent the week-end in Dubach with Mr. and Mrs. E. B. Cotton.

Mr. and Mrs. Val Cassels of Monroe spent the past week-end with Mr. and Mrs. Fred McCormick.

Mr. A. J. Guyon came home Wednesday from Cairo, Ill. He will be with his family here about two weeks.

Mr. Clyde Stewart is employed on the Mississippi river-boat, Inca.

Mr. and Mrs. Fred Rush and Clifton of Strong, Ark., spent Sunday and Sunday night with Mrs. Rush's mother, Mrs. Emma Sanson.

Pfc. Audrey Sanson of Ft. Bragg, N. C., was a supper guest of the R. W. Sansons and overnight guest in the home of Mrs. Emma Sanson.

Visitors in the E. L. Baker home over the week-end were Mr. Richard Baker, Mr. and Mrs. Rudolph Williams and children, Donnie and Mary of Hebert.

Mrs. Larry Fox and son of Natchez are visiting this week with Mrs. Fox's parents, Mr. and Mrs. J. W. Haygood.

Mr. and Mrs. Dana McCormick and daughter, Jaquetta Ann of Shreveport, Mr. Richard McCormick of Mariopos, Calif., and Mr. Billy Joe McCormick of Boyes Springs, Calif., spent the week-end in the Fred McCormick home.

Mr. Earl Adams of Tallulah is spending the week with the Oliver Cassels family and other relatives.

Mr. Glover Tarver, of Harrisonburg was a business visitor in Enterprise on Monday.

Mr. and Mrs. Dewey Ford and children of Jena visited on Sunday with the R. W. Sansons and other relatives.

Mr. Charlie Stretson of Sicily Island spent Saturday with his daughter and family, Mr. and Mrs. W. O. Eubanks and children.

Kerry Wayne spent a week in Dry Prong with his grandparents, Mr. and Mrs. E. E. Barton.

The Catahoula Concordia Future Homemakers executive council met Tuesday evening at Ferriday High School to plan the co-parish meeting.

Attending from Enterprise were Mrs. Lurline Sheppard, home Ec. teacher and Miss Virginia Lewis, reporter.

Mr. and Mrs. Floyd Holloway and children visited the Barney Hendersons in Jena on Sunday.

Mr. and Mrs. Louie Brown and children of Shreveport came for an overnight visit with Mrs. Brown's grandparents, Mr. and Mrs. Bob Sandidge and her aunt, Mrs. Jennie Sandidge.

Mr. and Mrs. Ance McGuffee and children of Port Sulphur were week-end visitors in the home of Mr. and Mrs. C. A. McGuffee and Mr. and Mrs. Luther Lewis.

Ferriday

Mr. and Mrs. Harold Case left Wednesday for McAllen, Texas, where for the next seven days they will be guests of the Magic Valley Association of the Lower Rio Grande on a 7-day all expense trip to "the tip of Texas" and into old Mexico. Mrs. Case won the trip for writing a letter "Why I Like to Trade with Local Merchants" over radio station WMIS.

They will return home on October 17th. During their absence their 3-year-old daughter, Catherine Lorena will stay with Mrs. Case's mother, Mrs. Lou Hill Alexander, and they plan a short visit to Houston, Texas.

Mr. and Mrs. George Vordenau-men and family of Baton Rouge, La., were week-end guests of Mr. and Mrs. Stanley Maxwell and family.

Mrs. S. R. Gray entertained on Saturday evening at a supper party in honor of Miss Jean Johnson of Fort Worth, Texas, who is the attractive guest of her parents Dr. and Mrs. J. H. Johnson. High score was won by Mrs. Naiden Sevier.

Consolation was drawn by Mrs. Maurice A. Bergman of Greenville, Miss. Miss Johnson was presented with a lovely gift. A delicious plate was served at individual tables during the games.

Mrs. J. H. Lane entertained on Thursday afternoon at a Canasta party in honor of her mother, Mrs. F. Thomson of Arkadelphia, Ark.

Mrs. J. H. Johnson entertained at a bridge party at the Eola Hotel in Natchez for her house guest, her daughter, Miss Jean Johnson, of Fort Worth, Texas. The luncheon table was most attractive with a bowl of lovely mums forming the centerpiece. Following the luncheon bridge was enjoyed by the guests.

Mrs. Lyle Maxwell entertained on Monday for the members of the W. S. C. S. at her home on Lake St. John. Following an interesting program a delicious buffet luncheon was enjoyed.

Mrs. and Mrs. Jack Mayer, Mrs. Byron Mayer and granddaughter of New Orleans, La., spent several days with her father, Mr. Emile Mayer.

Mrs. J. M. Doyle, Kenneth Doyle, and Mrs. Chauncey Doyle, returned during the week from a visit with Mr. and Mrs. Paul Doyle in Little Rock, Ark.

Mrs. Dub Gibson and Mrs. Orrin James have returned from a visit in New Orleans, La.

Mr. and Mrs. V. Nelson announce the arrival of a son, Robert Keith. Miss Bebe Gallagher, who is a student at Northwestern College at Natchitoches, La., spent the week-end with her parents.

Mr. Percy L. Rountree, Sr., was a business visitor to Natchez on Tuesday.

Mr. and Mrs. Beaulais Caire and family of Natchez, Miss., spent the past week-end at their cottage "Bo Caire" on Lake St. John.

Dr. and Mrs. George Dicks, of Baton Rouge, La., were week-end visitors here and in Vidalia. They have returned recently from a visit in Houston, Texas.

Constitutional Amendments

AMENDMENT NO. 19
ACT NO. 28 OF 1952

BRIDGE OR TUNNEL, INNER-
HARBOR NAVIGATION CANAL
IN THE CITY OF NEW ORLEANS

Act No. 284 (Senate Bill No. 130)

of 1952, proposes to amend and reenact Section 5 of Article VI-A of the 1 cent gasoline tax for the deduction of nineteen-twentieths of the 5 cent gasoline tax for the Board of Commissioners, of the Port of New Orleans. This 1 cent gasoline tax was levied by Act 1 of the extra session of 1930, which added Article VI-A to the Constitution. Originally this 1 cent tax was levied as follows:

1/2 to the Louisiana State Board of Education (this was changed by amendment proposed by Act 538 of 1948 so that the 1/2 of this 1 cent tax was to be placed to the credit of the General Highway Fund, the legislature having dedicated other money (the increased severance tax) to the State Board of Education).

1-20 to the Board of Commissioners of the Port of Lake Charles.

9-20 to the Board of Commissioners of the Port of New Orleans.

This amendment if adopted will authorize issuance of not in excess of \$30,000,000.00 of bonds by the Board of Highways of the state of Louisiana for the construction of a bridge across and over, or a tunnel under, the Inner-Harbor Navigation Canal in the City of New Orleans, and for the construction on the east and west banks of the Mississippi River Toll Bridge to be constructed in the City of New Orleans by a Bridge and Ferry Authority created under the authority of Act 7, adopted at the Regular Session of the Legislature of the State of Louisiana for the year 1952, and for the construction and improvement of roads and bridges on the Federal Aid Primary and Urban Highway Systems of the State of Louisiana, said bonds to be secured by a portion of nine-twentieths of the one (1 cent) cent per gallon gasoline tax levied and dedicated to the

Board of Commissioners of the Port of New Orleans by Act 1 of the Extra Session of 1930, as amended, and by such portion of the four (4) cents per gallon gasoline tax levied by Act 6 of the Special Session of 1938 as is not required for the payment of the principal of and interest on bonds heretofore issued, for the payment of which the said four (4) cents per gallon tax is now pledged.

Under the provisions of the amendment nine-twentieths of the amount received from the 1 cent gasoline tax shall be credited to the Board of Commissioners of the Port of New Orleans until the amount so credited shall be sufficient to pay, the principal of, and the interest on, all of the outstanding bonds heretofore issued by said Board of Commissioners, as the same shall mature and become payable during the current fiscal year ending June 30, calculated in the following manner: Commencing with the fiscal year beginning July 1, 1953, the Board of Commissioners of the Port of New Orleans shall on or before the 30th day of each July, advise the State Treasurer of the total amount of the requirements of said Board of Commissioners for the interest and principal payments on all of its outstanding bonds that will be due and payable for the ensuing fiscal year, as well as of the amounts received by said Board of Commissioners during the preceding fiscal year from the Board of Levee Commissioners of the Orleans Levee District and between the Board of Commissioners of the Port of New Orleans and the Public Belt Railroad Commission, as ratified by Article VI, Section 16 of the Constitution of Louisiana. The difference between the said total amount due and payable for the interest and principal on its bonds and the said total amount received by the Board of Commissioners of the Port of New Orleans from the Board of Levee Commissioners of the City of New Orleans applicable thereto shall be the amount to be placed to the credit of the Board of Commissioners of the Port of New Orleans pursuant to this sub-paragraph. This procedure shall be followed from year to year until all of the outstanding bonds of said Board of Commissioners of the Port of New Orleans shall have been fully paid in principal and interest.

After sufficient funds for the payment of the interest on, and principal of, its outstanding bonds maturing and becoming due during the fiscal year shall have been credited to the Board of Commissioners of the Port of New Orleans as provided above, there shall then be credited to said Board of Commissioners, the balance, if any, of said nine-twentieths until for the same twelve months period there shall have been credited to said Board of Commissioners the further sum of \$500,000.00. This procedure shall be followed from year to year until all of the outstanding bonds of said Board of Commissioners shall have been paid in full, principal and interest, at which time the annual crediting of \$500,000.00 to the Board of

Commissioners of the Port of New Orleans shall continue and shall constitute a first lien on said nine-twentieths of said tax.

After the credits of the Board of Commissioners of the Port of New Orleans out of the said nine-twentieths will have been set up by the Treasury, as provided above, the balance, if any, of said nine-twentieths for the said fiscal year shall be credited to the General Highway Interest and Bond Redemption Fund.

The remainder of the 1 cent tax is to be expended as now provided by law, except that out of the residue of the 9-20 of 1 cent credited to the General Highway Interest and Bond Redemption Fund the Department of Highways is empowered, authorized and directed, and it shall be its duty to construct, operate and maintain an additional free bridge over and across, or a tunnel under, the Inner-Harbor Navigation Canal in the City of New Orleans adequate in its judgment to serve traffic crossing said Canal. The exact location and design of said bridge or tunnel shall be fixed and determined by the Board of Highways.

In order to provide ready funds for the construction of said bridge or tunnel, and for the construction of a four-lane, elevated expressway with ramps connecting the Mississippi River Toll Bridge (to be constructed by a Bridge and Ferry Authority created under authority of Act 7 adopted at the Regular Session of the Legislature of 1952) from Annunciation Street in New Orleans approximately Claiborne Avenue, or equivalent approaches to said Mississippi River Toll Bridge in other locations, and to build such other approaches or overland portions of said bridge as are found to be needed by or desirable by the Louisiana Department of Highways, and for the construction of a west bank expressway from the end of the Mississippi River Toll Bridge (to be constructed by a Bridge and Ferry Authority created under authority of Act No. 7 adopted at the Regular Session of the Legislature of 1952) in the vicinity of Wall Street and Behrman Avenue in Algiers to the intersection of State Route No. 30 in the vicinity of Marrero, or to the intersection of U. S. Route 90 at Avondale, or equivalent approaches to said Mississippi River Toll Bridge in other locations, and to build such other approaches or overland portions of said bridge as are found to be needed or desirable by the Louisiana Board of Highways and for the construction

and improvement of roads and bridges on the Federal Aid Primary and Urban Highway Systems of the State of Louisiana, the Board of Highways is hereby empowered, authorized and directed, and it shall be its duty, by resolution, to issue and sell bonds of the State of Louisiana not exceeding Thirty Million Dollars (\$30,000,000.00) in aggregate principal amount.

These bonds are to mature in not to exceed 40 years from date of issuance, may be made subject to call, bear not to exceed 5 per cent per annum interest, and shall be sold to highest bidder at public sale for not less than par and accrued interest, after advertisement.

The bonds are to be payable from and secured by pledge and dedication of that part of the above mentioned 1 cent gasoline tax which is credited to the General Highway Interest and Bond Redemption Fund. They are, however, general obligations of the state, and if by reason of any emergency or exigency, the funds specifically pledged for the retirement of the bonds to be issued should prove insufficient therefor then any excess revenue realized from the four (4) cents per gallon tax now levied on gasoline, benzene, naphtha or other motor fuel levied under the Constitution and Statutes of the state, over and above the annual amount required for the payment of the principal of and interest on bonds previously issued shall be dedicated to the payment of principal of and interest on all bonds issued under the proposed amendment.

REPRISALS DON'T WORRY KENNON

Answers Stephen Mitchell's Statement Pro-Republicans

BATON ROUGE (U)—Gov. Robert Kennon said he isn't worried about possible reprisals for his stand in support of Dwight D. Eisenhower, the Republican presidential candidate.

This was his reply to National Democratic Chairman Stephen Mitchell, who said Wednesday that activities of pro-Eisenhower Democratic leaders would be filed "in the record book for future reference."

Kennon said yesterday if Mitchell plans to put down the name of every Democrat who supports Eisenhower, "He'll have to make room for several hundred thousand other Louisiana Democrats who plainly indicate they too will vote for Eisenhower."

Kennon joined Gov. Allan Shivers of Texas in striking back at Mitchell's hint of reprisals. Both are breaking with the Democratic party to support Eisenhower.

In Austin, Tex., Gov. Shivers declared:

"We have had government by cronies, government by palace favorites and government by five percenters. Now it looks like we're going to have government by threat and smear if Mitchell and Truman continue to run it."

Kennon recalled that in the

spring gubernatorial campaign he said he was opposed to President Truman and would oppose him at the convention and in the general election, and added:

"In the primaries, the people of Louisiana overwhelmingly approved my stand against Truman and his failure to follow true Democratic principles."

Negro Groom Dies When Stables Burn

CHESTER, W. Va., (U)—A Negro groom trying to lead horses to safety from flame-filled barns died and at least five horses are missing as the result of a roaring blaze which swept through a large section of the Waterford Race Track stables.

The flames broke out during the running of the seventh race yesterday. Nearly 4,000 spectators were asked to stay in their seats a half-mile away as grooms and other track employees rushed to release frightened horses.

About four hours after the blaze had started firemen found the body of William Toppacott, 45, near one of the eight leveled stables.

Jockey Jim O'Harrington, 25, of Shreveport, La., suffered rib injuries when he was knocked down by a fleeing horse.

There were 350 horses stabled in the barns which were destroyed. Many fled over the countryside and some are still being rounded up. It will probably be late today before it can be ascertained if any of the missing horses were destroyed in the blaze.

Origin of the fire could not be determined immediately.

William Dawes, who shared the perils of Paul Revere's famous ride, never received any of the glory.

Originally, the length of the human foot was the basis for the foot as an English unit of measurement.

REPRISALS DON'T WORRY KENNON

Answers Stephen Mitchell's Statement Pro-Republicans

BATON ROUGE (AP)—Gov. Robert Kennon said he isn't worried about possible reprisals for his stand in support of Dwight D. Eisenhower, the Republican presidential candidate.

This was his reply to National Democratic Chairman Stephen Mitchell, who said Wednesday that activities of pro-Eisenhower Democratic leaders would be filed "in the record book for future reference."

Kennon said yesterday if Mitchell plans to put down the name of every Democrat who supports Eisenhower, "He'll have to make room for several hundred thousand other Louisiana Democrats who plainly indicate they too will vote for Eisenhower."

Kennon joined Gov. Allan Shivers of Texas in striking back at Mitchell's hint of reprisals. Both are breaking with the Democratic party to support Eisenhower.

In Austin, Tex., Gov. Shivers declared:

"We have had government by cronies, government by palace favorites and government by five percenters. Now it looks like we're going to have government by threat and smear if Mitchell and Truman continue to run it."

Kennon recalled that in the

spring gubernatorial campaign he said he was opposed to President Truman and would oppose him at the convention and in the general election, and added:

"In the primaries, the people of Louisiana overwhelmingly approved my stand against Truman and his failure to follow true Democratic principles."

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 8 or more, subtract 4. If the number is less than 8, add 8. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

SPOT COTTON

NEW ORLEANS (U)—Spot cotton closed steady 25 cents a bale higher. Sales 5,700. Low middling 30.30.

NEW YORK

NEW YORK (U)—Cotton futures were steady today in moderately active trading. Best prices were realized on the opening when a rush of buying orders extended gains to \$1.75 a bale. However, the market quickly dropped back more than \$1 a bale as increased profit-taking and hedging came out on the rise.

Part of the early demand was influenced by new substantial MSA cotton purchase grants announced near the close of trading on Thursday. Dealers estimated that the grants issued by that agency this week will cover purchases more than 400,000 bales of cotton.

Late afternoon prices were unchanged to \$1.05 a bale higher than the previous close. Dec 37.21, Mar 37.37 and May 37.32.

Hog: Steady to 25 cents higher; top \$19.35.
Cattle: Fully steady.

MONROE POLICE FORCE LARGER

Declared Bigger In Proportion To Population Than In Other Cities

NEW YORK, Oct. 17. (Special)—A study of municipal police departments throughout the country, made by the International City Managers Association, shows that Monroe has a larger police force, in proportion to its size, than have most cities.

Data for the study was obtained from 1,296 cities with populations of 10,000 or more.

As of the beginning of the year, the figures show, there were 54 full-time police employees, including civilian workers, on the Monroe payroll. This represented 1.41 employees for every 1,000 people and was more than in most other cities of its population group, 25,000 to 50,000, for which the median was 1.31 employees per 1,000.

For all the cities, regardless of size, the police forces consisted of 1.29 employees for every 1,000 residents. In some communities, where there are special problems, such as heavy traffic conditions or other factors to contend with, more manpower is required than in the average city, it is noted.

Most of the cost of policing is for salaries and wages. It ranges from an average of \$1 per cent, in the smaller cities, to a higher of 94 per cent, in the cities over 50,000 population.

Working conditions for cops vary widely among the cities. In only 218 of the cities do they work 48 hours a week. The median is 48 hours. In about half the communities there is no provision for overtime pay. In three-fourths of the communities no extra allowance is made for work on holidays. Physical examinations are given policemen in only one-tenth of the cities.

LIVESTOCK

CHICAGO (U)—USDA—Sizable hogs 6,500; choice 190-270 lb buters 19.25-19.35; choice 160-180 lb 18.00-19.10; choice sows 400 lb and under 17.50-18.50; most 400-500 lb sows 16.75-17.75.

RED CROSS DID NOT MAKE QUOTA

With Ouachita Parish's Blood for Korea quota at 150 pints per day, only 102 pints were collected by the Red Cross Bloodmobile in its two days operation here Wednesday and Thursday. Efforts are being made to recruit donors for the next visit of the bloodmobile, which will be in December.

Doctors and nurses staffing the bloodmobile, which makes regular visits to Ouachita Parish every two months, were assisted in Thursday's operation, at Northeast Louisiana State College, by the following volunteers from the Ouachita Parish Red Cross chapter:

Canteen: Mrs. J. B. Kugler, chairman; Mrs. A. E. Weidie Mrs. H. Tracey, Mrs. J. W. Richards, Mrs. L. H. Carter, Mrs. Johnny Smith, Mrs. J. N. Payne, Mrs. Cyril Vancey, Mrs. H. D. Rhodes. Nurses aides: Mrs. C. D. Adams, chairman; Mrs. H. I. Payne, Mrs. Wm. Weinberg, Mrs. W. M. Smith, Mrs. Sam Humphries.

Hostesses: Mrs. Lillie Berry, chairman; Mary Lee Ruple, Miss Frances Kelso.

Motor Corps: Mrs. J. C. Loftin, chairman; Mrs. Harold Hunt, Mrs. W. A. Cotton.

Nurses: Mrs. Charles Price, chairman; Mrs. Sally Snapp.

Staff Aides: Mrs. Douglas Miles, chairman; Mrs. T. H. McGraw, Mrs. Robbie Cox, Jessie Edwards, Nadine Shipman, Ruby Whitehead, Addie Thompson, Janet S. Tins, Nell Moore, Norma Gay LeBlanc, Freddie Free, Wynlene Hadekey, Doll Batman, Jo Ann Henderson, Frances Diggins, Sally Ann Taylor, Mickey Satter.

Co-ordinator of volunteers: Mrs. George Forman.

Swartz P-T. A. Holds Its Regular Meeting

The Swartz P-T. A. held its regular monthly meeting Thursday October 9th in the school auditorium at 7:30 p.m.

Mrs. George Harris presided over the meeting. Invocation was given by Mrs. G. E. Mason. Mrs. Allen Wright, program chairman, presented a delightful musical program with student singing accompanied by Mrs. A. Boyd at the piano.

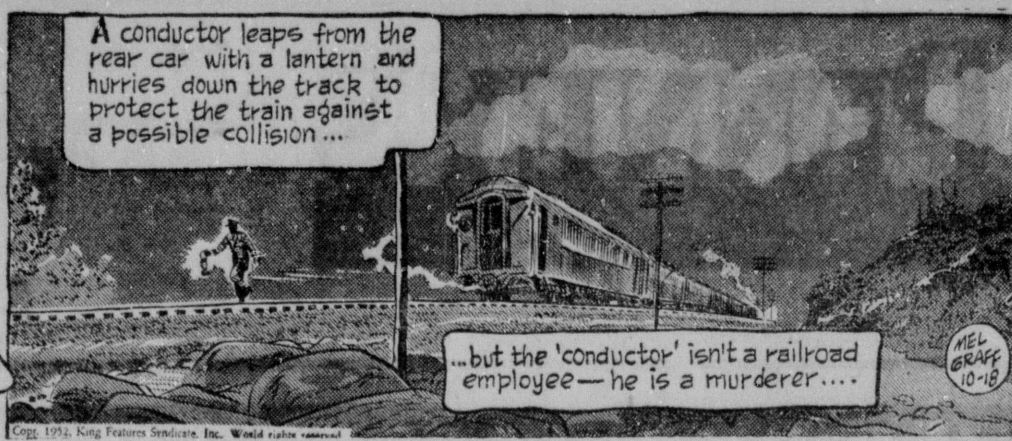

Art and magic highlighted the program. Mr. C. E. Knote performed feats of magic which delighted everyone. Mr. Harry Dargis demonstrated the basic essentials of art making drawing appear quite simple.

A short business session was held and plans made for Father's Night which will be the next meeting.

The seventh grade was the room guest. Refreshments were served by the seventh grade mothers.

Funeralists are the hardest workers among men doing funeral labor.

This represented 1.41 employees for every 1,000 people and was more than in most other cities of its population group, 25,000 to 50,000, for which the median was 1.31 employees per 1,000.

For all the cities, regardless of size, the police forces consisted of 1.29 employees for every 1,000 residents. In some communities, where there are special problems, such as heavy traffic conditions or other factors to contend with, more manpower is required than in the average city, it is noted.

Most of the cost of policing is for salaries and wages. It ranges from an average of 81 per cent, in the smaller cities, to a higher of 94 per cent, in the cities over 50,000 population.

Working conditions for cops vary widely among the cities. In only 218 of the cities do they work 40 hours a week. The median is 48 hours. In about half the communities there is no provision for overtime pay. In three-fourths of the communities no extra allowance is made for work on holidays. Periodic physical examinations are given policemen in only one-tenth of the cities.

RED CROSS DID NOT MAKE QUOTA

With Ouachita Parish's Blood for Korea quota at 150 pints per day, only 102 pints were collected by the Red Cross Bloodmobile in its two days operation here Wednesday and Thursday. Efforts are being made to recruit donors for the next visit of the bloodmobile, which will be in December.

Doctors and nurses staffing the bloodmobile, which makes regular visits to Ouachita Parish every two months, were assisted in Thursday's operation, at Northeast Louisiana State College, by the following volunteers from the Ouachita Parish Red Cross chapter:

Canteen: Mrs. J. B. Kugler, chairman; Mrs. A. E. Weidie, Mrs. H. Tracey, Mrs. J. W. Richards, Mrs. L. Carter, Mrs. Johnny Pailmich, Mrs. J. N. Payne, Mrs. Cyril Vancey, Mrs. H. M. Rhodes.

Nurses aides: Mrs. C. D. McAdams, chairman; Mrs. H. J. Payne, Mrs. Wm. Weinberg, Mrs. W. M. Smith, Mrs. Sam Humphries.

Hostesses: Mrs. Lillie Berry, chairman; Mary Lee Rupie, Miss Frances Kelso.

Motor Corps: Mrs. J. C. Loftin, chairman; Mrs. Harold Hunt, Mrs. W. A. Cotton.

Nurses: Mrs. Charles Price, chairman; Mrs. Sally Snapp, Staff Aides: Mrs. Douglas Miles, chairman; Mrs. T. H. McGee, Mrs. Robbie Cox, Jessie Edwards, Nadine Shipman, Ruby Whitehead, Addie Thompson, Janet S. Tims, Nell Moore, Norma Gay LeBlanc, Freddie Free, Wynolene Hadskey, Doll Batman, Jo Ann Henderson, Frances Diggins, Sally Ann Taylor, Mickey Salter.

Co-ordinator of volunteers: Mrs. George Forman.

Swartz P-T. A. Holds Its Regular Meeting

The Swartz P-T. A. held its regular monthly meeting Thursday October 9th in the school auditorium at 7:30 p.m.

Mrs. George Harris presided over the meeting. Invocation was given by Mrs. G. E. Mason. Mrs. Allen Wright, program chairman, presented a delightful musical program with student singing accompanied by Mrs. A. Boyd at the piano.

Art and magic highlighted the program. Mr. C. E. Enete performed feats of magic which delighted everyone. Mr. Harry Dargin demonstrated the basic essentials of art making drawing appear quite simple.

A short business session was held and plans made for Father's Night which will be the next meeting.

The seventh grade won the room count. Refreshments were served by the seventh grade mothers.

Lumberjacks are the hardest workers among men doing manual labor.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

PAY NEXT YEAR CHEST FEATURE

Those Pledging Now Can
Spread Payments, Sil-
verstein Says

"Pledge now, and pay in 1933." is one of the advantages offered to contributors in the 1932-33 campaign for funds, stated David C. Silverstein, general chairman of the current drive. "The object of this arrangement is to give recognition and opportunity to employed men and women, and to places of business that might find themselves a little short of cash right at this time," he said, "and to allow them to make a larger pledge and spread the payment out over the period of a year."

Firms have been asked to install the pay-roll deduction plan or company collector to help the Chest in making collections in instances where an employee would like to pledge a day's pay and pay the pledge out in easy installments.

Silverstein urged employees to pledge at least a day's pay in or-

der to cover obligations to the 26 agencies supported through funds from the Chest. "When you give only \$1.00, that means that you are giving only 10 cents a year toward the support of each agency, whereas if you were asked to contribute to each agency separately you would give at least \$1.00 to each making a total donation over a year of \$10.00," Mr. Silverstein said.

Leaders have stressed this year that there will be no house-to-house solicitation of the residential area, neither will there be any solicitation of school children nor through church congregations. "Your contribution through your place of employment or directly to the Chest will be your only opportunity to contribute to the Red Feather Agencies. If your share is missing — make a pledge today — and turn it into your boss or send it directly to the campaign headquarters," Silverstein urged.

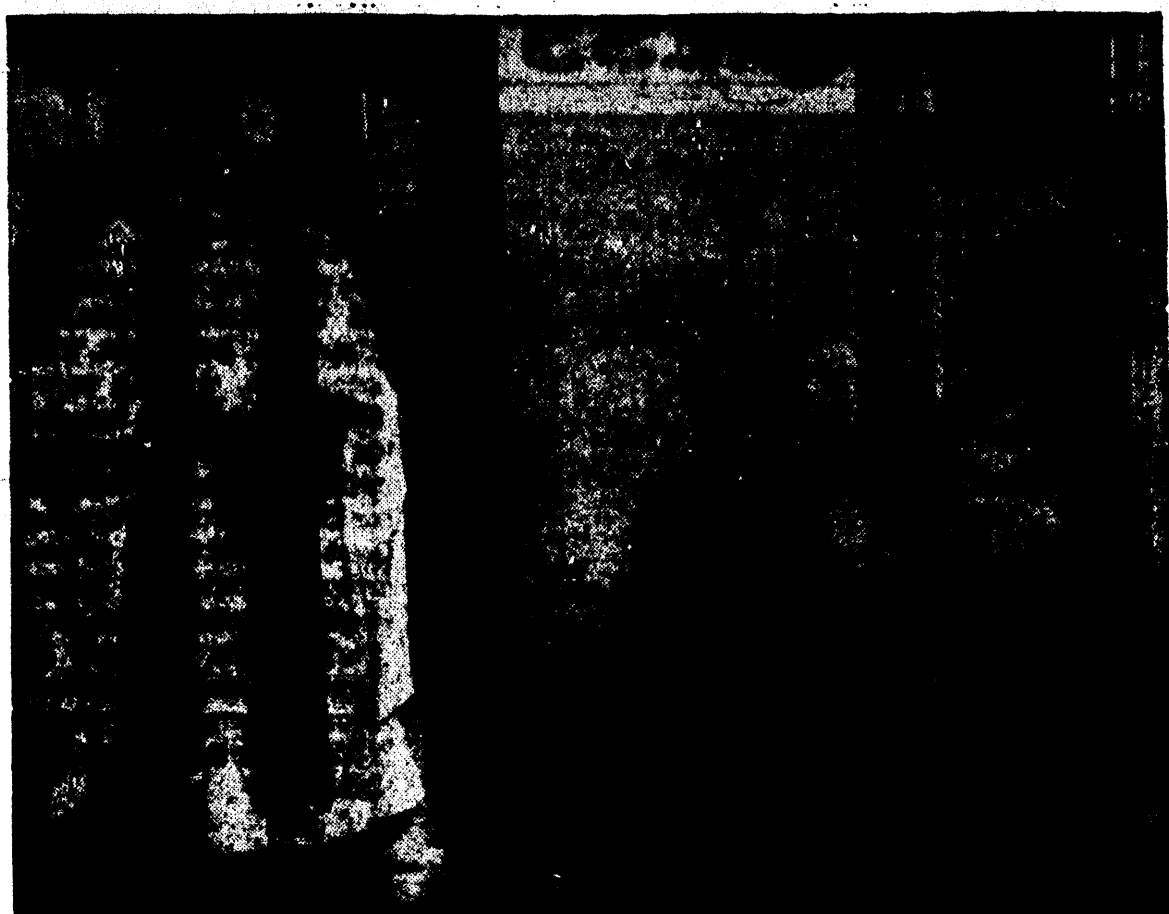

PASSION PLAY LAUDED IN TALK

Mrs. Lillie Harrington, widely travelled Monrovia, was the guest speaker at the Civitan club at their Thursday night meeting in La Casa tearoom. She was introduced by Leon Hammonds, who himself was presented by Civitan W. J. George.

In her informal talk, Mrs. Harrington stated that she would not attempt to enter into politics as the life of people in the many countries visited but instead would give what to her was the high spot of her tours to Europe, the attendance at the Oberammergau Passion Play.

This little Bavarian village was smitten with a fatal plague in 1339 and as expression of gratitude in that the Black Death was suddenly wiped out, the people resolved to present the Passion Play every 10 years. This has continued for over 300 years and has been omitted

PRAYERFUL LULL IN CAMPAIGN—Deep in meditation, Gen. Dwight Eisenhower bows his head as the Rev. A. W. Syme, an Episcopal minister, conducts Sunday church services aboard the Eisenhower campaign train, en route to Livingston, Mont. Mrs. Eisenhower's maid, Rose Wood, is second from left.

only during the wartime years, she explained.

This inspiring spectacle requires eight hours to witness and the speaker stated that it began at 8:30 a.m. and continued to noon. Then came an hour and a half intermission and at 1:30 p.m. continued to 5:30 p.m. There was a chorus of 100 persons in this play given wholly in the open air.

She explained the acts as follows:

Act 1 — Showed the entry of Christ into Jerusalem. Act 2, the plotting of the high council. Act 3, showed at Bethany and Judas in betrayal of his Master. Act 4, pictured the Last Supper. Act 5 was laid in Gethsemane, then followed the execution, the Resurrection and the Ascension into Heaven.

The entire play was highly inspiring, Mrs. Harrington stated

and she praised the acting and the devotion shown by each and all participating, and stressed that in a war-torn world this was a delightful and deeply inspiring production which should stimulate all who are privileged to witness it.

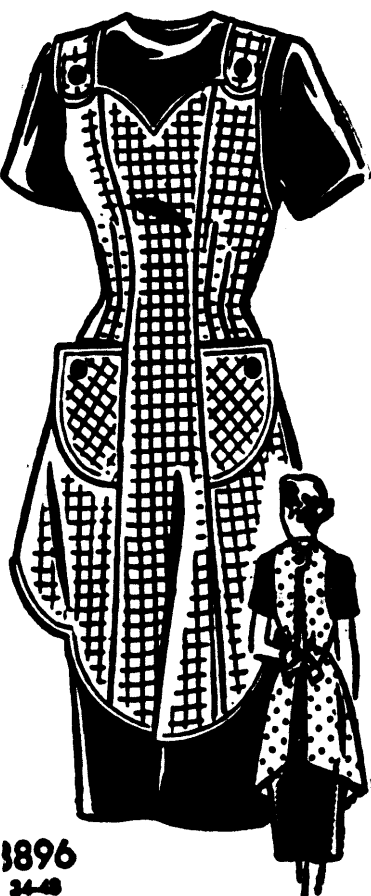

The speaker in closing told of her visit to Vienna, which is supposedly operated month by month in succession by the United States, France, England and Russia. Each first of the month, these powers take over successively, but she declared that Russia had the whip hand at all times for she said that there were 45,000 Russian soldiers stationed there and that the United States has but a pitiful 900 so placed.

She said that it appeared that the Russians were over all in control and that if they chose they could take over completely and

that the other three powers would have no other course but to submit to the domination of the Iron Curtain.

Ice will not stick to surfaces of glass, plastics, metals, or ceramics if the surfaces are treated with a new silicone composition. One particular use is in ice cube trays, permitting the ice to be removed with ease.

Color Trims Cover-All

1896

This neatly fitting hip style apron does a grand job of protecting your nicest frocks, and is sewed easy the beginner can turn it out in no time. Finish with a brightly colored trim.

Pattern No. 8896 is a sew-rite perforated pattern in sizes 34, 36, 38, 40, 42, 44, 46, 48. Size 38, 2% yards of 38-inch.

For this pattern, send 30 cents in coins, your name, address, size desired, and the pattern number to Sue Burnett, Morning World, 1150 Ave. Americas, New York 36, N. Y.

TWIN CITY TAB

by JACK ANSELL, JR.

I don't know whether you'll believe this story. I hope you do.

There was a man, a very foolish man, who lived in a town not unlike other towns. This man was different, in a way: the end of his nose was the bluest of blues, and his ears were a shocking shade of pink.

Now, all his life he had been conscious of his bluish nose and pinkish ears, and so he developed a personality to match them. As a child among children he had been gaped at, and jeered at, and laughed at. But in a world of grown-up people, it was very, very different. In this world, he was carefully ignored.

They would pass him on the street, and lower their eyes, and utter not a sound. But long after they passed he could hear their silent laughter, and his nose would become so blue it was almost purple, and his pink, pink ears would glow.

So of course, the man did nothing that other men did, and so he was a cast-out man.

Then one day it became too much to bear. He was walking along the street with his blue nose and his pink ears, and he passed a middle-aged couple who lowered their eyes, as always. But the very foolish man suddenly stopped in his tracks and whirled upon the awestruck couple.

"My nose is blue and my ears are pink and an elephant has a trunk," he said.

The man and woman stared for a moment, and then they started to laugh. They laughed so loud that other men and women gathered around them, and the very foolish man started saying all kinds of ridiculous things. And the more he said, the more they laughed, until the whole street was nudged into convulsions.

After that he said ridiculous things wherever he went, and the people laughed until their sides began to pain. It wasn't long before he didn't have to say anything ridiculous.

delicious, they just laughed whenever they saw him.

So the very foolish man became even more upset, and he decided not to go out any more. He moped about his room and muttered the ridiculous things only to himself, but he couldn't forget the laughing.

It was very slowly that the idea began to form in his head, that he must learn to do something that nobody else could do. He must learn a feat that would astound them all—that would have them begging at his feet for more.

So he stayed in his room for five long years, without even letting his landlady see him—just taking the food she left at his door, that and nothing more.

The people along the streets wondered what had happened to the funny-looking man who said ridiculous things, but soon even they forgot him. And the very foolish man sat in his room, and devised his feat, and muttered to himself, "I'll show them who's a fool."

The feat he devised was to place a glass of water on the end of his blue nose, and maneuver a yo-yo with his teeth, and whistle "The Star Spangled Banner," all at the same time. For five years he practiced this feat, in every waking hour, until it was so perfect he could do it in his sleep.

At last he decided to venture out, for the unparalleled debut. Adoringly he gathered his properties and walked boldly into the street.

His nose was more blue than ever and his ears uncommonly pink. In the middle of the street he placed the glass of water on his blue nose, and began to yo-yo with his teeth, and started to whistle "The Star Spangled Banner." A little boy on his way to school stopped to stare at him. Then the little boy began to laugh. He laughed so hard the tears ran down his cheeks and he fell on the pavement with his knees to his chin, laughing and laughing and laughing.

"That's all right," the very foolish man said to himself. "Wait until the serious-minded people see it. They'll recognize it for what it is."

Hearing the little boy laugh, the people began coming from their houses, until soon there was a great crowd gathered in the street. The man held the glass of water on his nose, and the yo-yo between his teeth, and whistled "The Star Spangled Banner" with gusto—all with great dignity and aplomb. But when the glass didn't fall off his nose, and the yo-yo went up and down so smoothly, and the Banner showed never a weary note the people started laughing. They laughed so hard they began falling to the ground, slapping each other on the back and knees, and choking, they laughed so hard.

When the very foolish man saw them writhing on the ground, and heard their cackles pierce the air, he smiled sadly and shook his head. Then he removed the glass of water from his nose and let it break into little pieces across the pavement. And he took the yo-yo from his teeth and gave it, with great dignity, to the little boy.

"Poor fools," he said, smiling very sadly indeed.

And while all the people stared, not laughing any more, he walked slowly and erectly toward the railroad station, where he got a job as ticket-taker.

Once it became known he was an ordinary ticket-taker, people said "How do you do" when they met him on the street. Some of his neighbors tried to sell him insurance policies and it wasn't very long before the people asked him to sign a petition to commit to an institution a very foolish man who lived on another street, and who spent every waking hour giving trick cigars to children.

And that's Tabs for today.

WEEKLY BUSINESS REVIEW

BROWN CONTAINER

Above, L. Slade Brown and John D. Mullens examine plans for the expansion of the Brown Container Company, Inc. plant. This expansion, which represents a 40 per cent increase in production facilities will make Brown Container Company one of the largest manufacturers of corrugated containers in the world. It also carries even further the names of Brown Container and West Monroe across the globe. (Staff Photo by Leon Noland, Jr.)

KNOE HOME PAINTED BY KEYSTONE—The beautiful KNOE engineer's home in Good Hope Community, above, was painted, both exterior and interior, by Keystone Paint & Decorating Company. Built along very early American lines, the home was designed by Mrs. James A. Noe and Herbert Dickard, and built by Mr. Dickard. Its colonial theme is emphasized by the early American windows reaching to the floor. Within, these are pine-paneled walls with matching fireplace. The beautiful paint work helps emphasize the classical lines. Keystone employed Dupont for the job.

BLINDS AT SCHOOL BY BARNETT-GENUSA—The blinds in the schoolroom at St. Matthew's, above, were recently installed by Barnett-Genusa Blind & Awning Co. Barnett-Genusa installed these aluminum venetian blinds throughout the school. These large-scale installations, as well as the beautifully-finished awnings, window screens, bamboo drapes, etc., have made Barnett-Genusa headquarters for such work in the Twin Cities. Dial 8469 for further details. (Staff Photo by Leon Noland, Jr.)

TWIN CITY TAB

by
JACK ANSELL, JR.

I don't know whether you'll believe this story. I hope you do.

There was a man, a very foolish man, who lived in a town not unlike other towns. This man was different, in a way: the end of his nose was the bluest of blues, and his ears were a shocking shade of pink.

Now, all his life he had been conscious of his bluish nose and pinkish ears, and so he developed a personality to match them. As a child among children he had been gaped at, and jeered at, and laughed at. But in a world of grown-up people, it was very, very different. In this world, he was carefully ignored.

They would pass him on the street, and lower their eyes, and utter not a sound. But long after they passed he could hear their silent laughter, and his nose would become so blue it was almost purple, and his pink, pink ears would glow.

So of course, the man did nothing that other men did, and so he was a cast-out man.

Then one day it became too much to bear. He was walking along the street with his blue nose and his pink ears, and he passed a middle-aged couple who lowered their eyes, as always. But the very foolish man suddenly stopped in his tracks and whirled upon the awestruck couple.

"My nose is blue and my ears are pink and an elephant has a trunk," he said.

The man and woman stared for a moment, and then they started to laugh. They laughed so loud that other men and women gathered around them, and the very foolish man started saying all kinds of ridiculous things. And the more he said, the more they laughed, until the whole street was nudged into convulsions.

After that he said ridiculous things wherever he went, and the people laughed until their sides began to pain. It wasn't long before he didn't have to say anything ri-

diculous, they just laughed whenever they saw him.

So the very foolish man became even more upset, and he decided not to go out any more. He moped about his room and muttered the ridiculous things only to himself, but he couldn't forget the laughing.

It was very slowly that the idea began to form in his head, that he must learn to do something that nobody else could do. He must learn a feat that would astound them all—that would have them begging at his feet for more.

So he stayed in his room for five long years, without even letting his landlady see him—just taking the food she left at his door, that and nothing more.

The people along the streets wondered what had happened to the funny-looking man who said ridiculous things, but soon even they forgot him. And the very foolish man sat in his room, and devised his feat, and muttered to himself, "I'll show them who's a fool."

The feat he devised was to place a glass of water on the end of his blue nose, and maneuver a yo-yo with his teeth, and whistle "The Star Spangled Banner," all at the same time. For five years he practiced this feat, in every waking hour, until it was so perfect he could do it in his sleep.

At last he decided to venture out, for the unparalleled debut. Adoringly he gathered his properties and walked boldly into the street. His nose was more blue than ever and his ears uncommonly pink.

In the middle of the street he placed the glass of water on his blue nose, and began to yo-yo with his teeth, and started to whistle "The Star Spangled Banner." A little boy on his way to school stopped to stare at him. Then the little boy began to laugh. He laughed so hard the tears ran down his cheeks and he fell on the pavement with his knees to his chin, laughing and laughing and laughing.

"That's all right," the very foolish man said to himself. "Wait until the serious-minded people see it. They'll recognize it for what it is."

Hearing the little boy laugh, the people began coming from their houses, until soon there was a great crowd gathered in the street. The man held the glass of water on his nose, and the yo-yo between his teeth, and the yo-yo between his teeth, and the Banner showed never a weary note the people started laughing. They laughed so hard they began falling to the ground, slapping each other on the back and knees, and choking, they laughed so hard.

When the very foolish man saw them writhing on the ground, and heard their cackles pierce the air, he smiled sadly and shook his head. Then he removed the glass of water from his nose and let it break into little pieces across the pavement. And he took the yo-yo from his teeth and gave it, with great dignity, to the little boy.

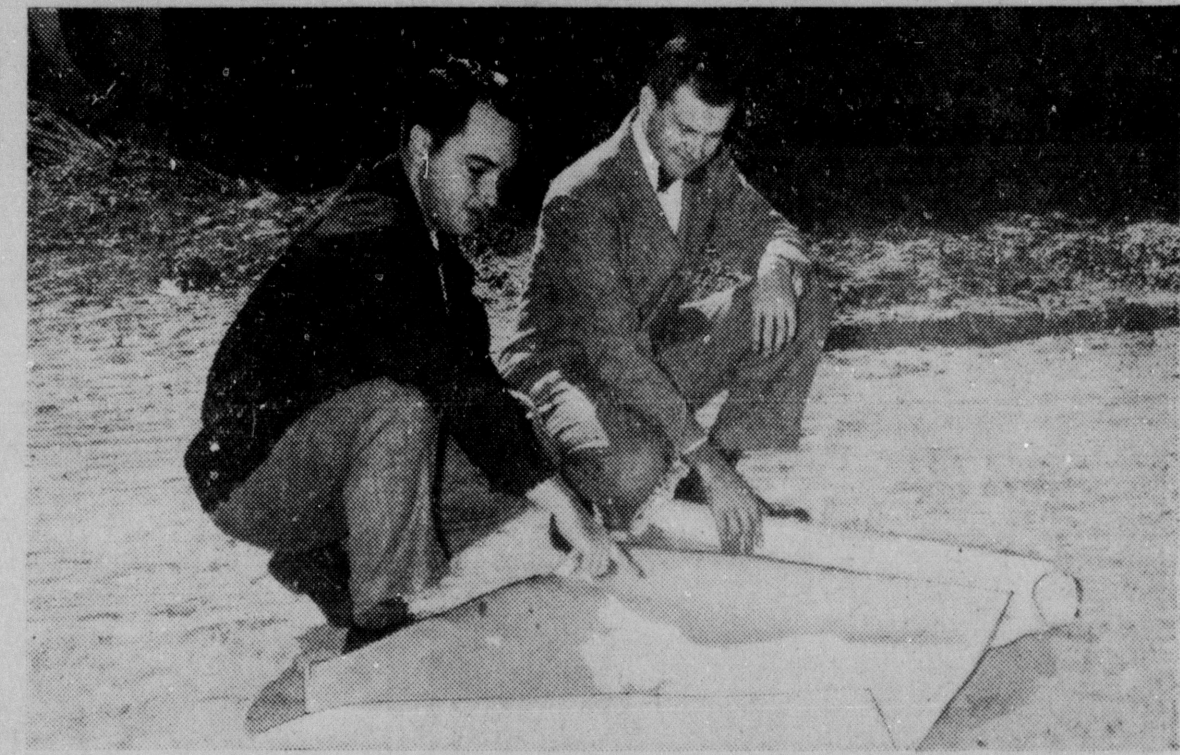

"Poor fools," he said, smiling very sadly indeed.

And while all the people stared, not laughing any more, he walked slowly and erectly toward the railroad station, where he got a job as ticket-taker.

Once it became known he was an ordinary ticket-taker, people said "How do you do?" when they met him on the street. Some of his neighbors tried to sell him insurance policies and it wasn't very long before the people asked him to sign a petition to commit to an institution a very foolish man who spent every waking hour giving trick cigars to children.

Mr. and Mrs. Ray Duke of Northeast State College were Sunday guests of their parents.

After serving with the Army Air Force since September, 1950, Samuel L. Harris has retired from service and is making his home with his brother, Mr. J. E. Harris.

Mrs. Walter E. Duran spent Monday in Natchitoches, Miss., with her mother, Mrs. Catherine S. Prince.

Visiting Senator and Mrs. Gave Davis Saturday were Mr. and Mrs. E. C. Fere of El Dorado, Ark.

Miss Charmaine Vineyard of Baton Rouge and Mrs. Marilyn Vineyard of Louisiana Tech were weekend guests of their parents, Mr. and Mrs. H. Vineyard.

Mr. and Mrs. H. S. Coleman had as weekend guests Mr. and Mrs. H. S. Coleman, Jr. and sons James, Robert and John of Monroe.

Mr. and Mrs. E. E. Greenleaf of Baton Rouge were the recent guests of Mrs. Byra Smith.

Arriving Friday from San Francisco on a 30 day leave was Seaman First Class William K. Hemphill.

Mr. and Mrs. R. W. Carter and Mr. and Mrs. W. K. Hemphill were the Sunday guests of Mr. and Mrs. Marshall Barton in Enterprise.

Don Finley of Northwestern State College spent the week end with his parents, Mr. and Mrs. H. F. Finley.

Recent guests of Mr. and Mrs. Sam David were Mr. and Mrs. Ed Simmons and Mr. and Mrs. Edward Harris of Baton Rouge.

Mrs. Louis Boyd of Zwolle is visiting Mr. and Mrs. Slim Carson.

Robert Russell has entered L. S. U. in the school of journalism.

Visiting Mr. and Mrs. Warren Curry in Tannehill Sunday was Mrs. M. L. Meador.

Jimmie Kees is enjoying his fun-lough at home with his parents, Mr. and Mrs. Frank Kees. He leaves then for San Diego, Calif., where he will attend a motion picture operator's school.

Miss Minnie Etheridge is visiting Mr. and Mrs. Cecil Etheridge in Lake Charles.

Week-ending at Ashing Molar Plantation, Tallulah were Dr. and Mrs. B. W. Thompson and Johnnie.

Mr. and Mrs. Edwin Smith visited Mr. and Mrs. S. D. Minstun in Natchitoches last week.

Mr. and Mrs. R. L. Brown and Sharon were Sunday guests of Mr. and Mrs. A. R. Brown, Jr., in Monroe.

Mr. and Mrs. Cleve Womack and son, Gary, were Sunday guests of Mr. and Mrs. R. A. Slack in Jena.

LAKE PROVIDENCE

Installation of officers of the Baptist W. M. N., will be held at the church, Monday, Oct. 6, at three, with the public invited.

To be installed will be Mrs. Albert Surles, president; Mrs. D. Q. Madden, first vice-president; Mrs. James Milam, second vice-president; Mrs. James Teddar, secretary and chairman, Mrs. L. E. Posey, mission study, Mrs. James Curles, community missions; Ms. J. B. Cary, Intermediate R.A., with Jimmy Herrington, assistant; Mrs. Lottie V. Davis, White Cross; Mrs. W. W. White, mission library; Mrs. Joe Kirksey, social and Mrs. C. A. Martin, Children's home.

Mr. and Mrs. Herbert E. Howard entertained on Monday afternoon at their plantation home, "Lake Marie", complimenting their son, Charles Howard, on his third birthday.

Favors were crepe paper hats for the guests to wear.

There were two birthday cakes, pink angel food and chocolate, each topped with three lighted candles.

Guests of the afternoon were Johnny and Bobby Holt, Barbara Bonner, Lynn and Becky Howington, Stevie and Flossie Guenard, Kathy and Gordon Cain, Carol Howard, Eddie Shippen, Leo and Beth Lensing, Linda, Penny, Richard and Bobbie Howard, Betty Jo Stone and Linda and Opp Guenard.

Mrs. Roy Baggett plans to return this week end to King's Daughter Hospital, Greenville, Miss., after five weeks spent in her home in Lake Providence.

Officers for the Young People's Service League of Grace Episcopal church, Lake Providence, are Virginia Hider, president; Fred Schneider, III, vice-president; David Tschabold, secretary; Charles Johnson, treasurer.

Adult sponsors are Mr. and Mrs. Sidney C. Guenard, and Mr. and Mrs. Barry Mitchell.

Mr. and Mrs. R. S. Guenard, accompanied by Mrs. W. M. Knobles, spent Monday in Coushatta to be with Mr. and Mrs. Henry W. Bethard, III, in their sorrow, in the loss of their young son Henry William Bethard IV.

From Lake Providence attending the barbecue supper at which employees of Louisiana Power and Light Company, were entertained by Mr. and Mrs. George Rundell on Tuesday evening at their home in Oak Grove, were Mr. and Mrs. Adrian L. West, Mr. and Mrs. E. M. Norris, Lloyd Clement, and Miss Elsie Howard of Delhi.

New Office Building Is Near Completion

A new office building in Monroe was nearing completion this week at 510 Seventeenth street. The new structure, the Petroleum Building, will be occupied by oil companies.

The new building, owned by two local consulting geologists, is one of modern design and construction. The building is complete except for minor "finishing work."

With a capacity of eight offices, five concerns have already located in the building. The other three offices are expected to be filled shortly after completion.

The owners of the new building are E. T. Nichols and John Clay, geologists. A formal opening is expected to be announced in the near future.

Cook a package of frozen rhubarb and combine it with thawed frozen sliced strawberries for a delectable fruit compote to serve after a hearty main course.

Don't let your car get thrown for a loss by gritty, grinding, engine-wrecking Motor Muck. Block Motor Muck before it hits—knock it cold with Pan-Am's

Permalube. Let Permalube's built-in cleaning action clear the way for smooth-running power—and keep your car off the injured list season after season!

Block Motor Muck and let your engine run!

CHANGE NOW TO **Pan-Am's Permalube HEAVY DUTY MOTOR OIL**

PAN-AM guarantees Permalube will save you money every mile on gas, oil and repairs!

Here's how Permalube blocks Motor Muck

Motor Muck is the deadly mixture of road dirt, soot, rust and other abrasives that accumulates constantly in every car's engine. Gritty, grinding Motor Muck wears away engine parts, wastes gas and oil, leads to costly repair bills, shortens your car's life. Pan-Am's Permalube cleans as it lubricates... because Motor Muck deposits left behind by ordinary oils... holds abrasive particles in harmless suspension away from engine surfaces... flings them out when drained.

There were two birthday cakes, pink angel food and chocolate, each topped with three lighted candles.

Guests of the afternoon were Johnny and Bobby Holt, Barbara Bonner, Lynn and Becky Howington, Stevie and Flossie Guenard, Kathy and Gordon Cain, Carol Howard, Eddie Shippen, Leo and Beth Lensing, Linda, Penny, Richard and Bobbie Howard, Betty Jo Stone and Linda and Opp Guenard.

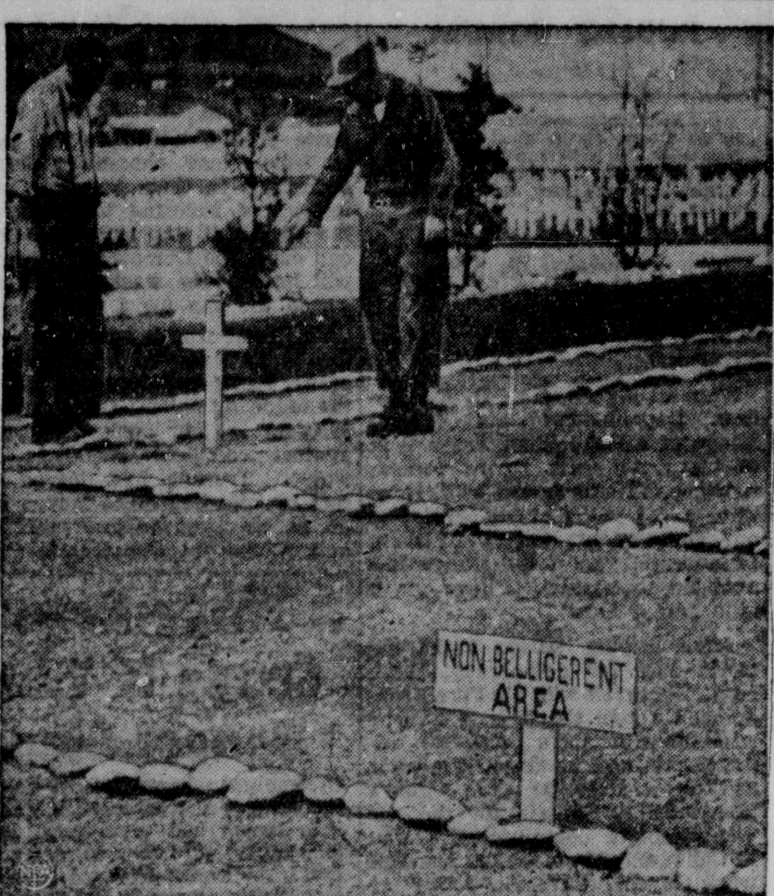

Mrs. Roy Baggett plans to return this week end to King's Daughter Hospital, Greenville, Miss., after five weeks spent in her home in Lake Providence.

Officers for the Young People's Service League of Grace Episcopal church, Lake Providence, are Virginia Hider, president; Fred Schneider, III, vice-president; David Tschahold, secretary; Charles Johnson, treasurer.

Adult sponsors are Mr. and Mrs. Sidney C. Guenard, and Mr. and Mrs. Barry Mitchell.

Mr. and Mrs. R. S. Guenard, accompanied by Mrs. W. M. Knobles, spent Monday in Coushatta to be with Mr. and Mrs. Henry W. Bethard, III, in their sorrow, in the loss of their young son Henry William Bethard IV.

From Lake Providence attending the barbecue supper at which employees of Louisiana Power and Light Company, were entertained by Mr. and Mrs. George Rundell on Tuesday evening at their home in Oak Grove, were Mr. and Mrs. Adrian L. West, Mr. and Mrs. E. M. Norris, Lloyd Clement, and Miss Elois Howard of Delhi.

RED'S FINAL RESTING PLACE—A UN soldier points out the grave of the only known Russian soldier to have died in the Korean war. The Russian, Lt. Mishin Gennady, was shot down by U. S. Navy planes early in September when he bore into a UN air formation and opened fire. The pilot is located in the "non belligerent" area of the UN military cemetery in Pusan.

Eucharistic Congress Described By Bishop

LAKE PROVIDENCE, Oct. 17.—(Special)—The congregation of St. Patrick's church were fortunate in having His Excellency, Bishop Charles P. Greco, Alexandria, address them on his attendance at the Eucharistic Congress in Barcelona Spain. In the two hour address, at St. Patrick's School, Friday evening, Oct. 10, information was given from the start of the trip from New York, in a party of 683, and visits to islands en route. In Barcelona there was an attendance estimated at two and

a half million. After the Congress the party continued to Rome for a visit to St. Peter's, where the dome is covered in gold leaf made from money Columbus took back to Spain. In the church steeple there is room for 32, with the bishop seated there in one group.

Prior to the address a delicious supper of shrimp gumbo, fried shrimp, potatoes, coffee and pie was served by Mrs. J. R. Davenport and Mrs. Berta Pinkston in the school cafeteria, to the bishop, Senator Ransdell, Fathers Hopp, Lawrence of Rayville, George of Bastrop, McGuire of Oak Grove, and Criley of Lake Providence, and Msgr. Marsh of Monroe.

FARMERVILLE

Mrs. B. E. Maroney of Monroe spent Tuesday here with her sister, Mrs. E. L. Kenley.

Mr. and Mrs. J. A. Roan spent Sunday at Alexandria with their daughter, Mrs. Juddy Rogers and Mr. Rogers.

Mrs. Frank Maggio and sons, Frank, Jr., Robert Carl and David, of Vicksburg are visiting her parents, Mr. and Mrs. Carl Miller.

Dr. and Mrs. Reagan Green and Dr. and Mrs. Bruce Everust of Ruston were dinner guests of Mr. and Mrs. Robert Ray James on Wednesday night.

New Office Building Is Near Completion

A new office building in Monroe was nearing completion this week at 510 Seventeenth street. The new structure, the Petroleum Building, will be occupied by oil petroleum industry.

The new building, owned by two local consulting geologists, is one of modern design and construction. The building is complete except for minor "finishing work."

With a capacity of eight off locations, five concerns have already located in the building. The other three offices are expected to be filled shortly after completion.

The owners of the new building are E. T. Nichols and John Clay, geologists. A formal opening is expected to be announced in the near future.

Cook a package of frozen rhubarb and combine it with thawed frozen sliced strawberries for a delectable fruit compote to serve after a hearty main course.

ENTERPRISE

Mr. Y. E. Sheppard and children, Yorkie, Frank and Lou attended the rodeo at Larto on Saturday.

Mr. and Mrs. C. D. Cruse had as their guests on Sunday Mr. D. M. Cruse and Mr. and Mrs. C. A. Anderson and boys, Dwight and Sonny, all of Ruston, and Mrs. A. E. Blythe and Glenda Jean of Baton Rouge.

Mrs. Clay King, Catahoula health nurse spent Friday at the Enterprise High School giving typhoid shots.

Don't let your car get thrown for a loss by gritty, grinding, engine-wrecking Motor Muck. Block Motor Muck before it hits—knock it cold with Pan-Am's Permalube. Let Permalube's built-in cleaning action clear the way for smooth-running power—and keep your car off the injured list season after season!

Block Motor Muck and let your engine run!

CHANGE NOW TO Pan-Am's Permalube HEAVY DUTY MOTOR OIL

PAN-AM guarantees Permalube will save you money every mile on gas, oil and repairs!

Here's how Permalube blocks Motor Muck

Motor Muck is the deadly mixture of road dirt, soot, rust and other abrasives that accumulates constantly in every car's engine. Gritty, grinding Motor Muck wears away engine parts, wastes gas and oil, leads to costly repair bills, shortens your car's life. Pan-Am's Permalube cleans as it lubricates... loosens Motor Muck deposits left behind by ordinary oils... holds abrasive particles in harmless suspension away from engine surfaces... floats them out when drained.

CAP CADETS TO SIMULATE WAR

Will Conduct 'Search And Rescue' Mission On Saturday

Conditions of actual disaster . . . no electricity, no telephones, no water, no housing . . . have been created for Louisiana's third annual "search and rescue" mission, to be conducted Saturday by the Civil Air Patrol Auxiliary of the United States Air Force.

More than 200 officers, enlisted personnel and CAP cadets will take part in this dawn-to-dark problem Saturday at Pollock Airfield, near Alexandria.

There are no communications, no sanitary facilities, no water and no housing on this de-activated air base . . . so the CAP must start from scratch, as though a disaster had just occurred to provide these services so necessary to actual disaster rescue work.

Fliers from all parts of Louisiana are scheduled to participate in this mission. Representatives from the Fifth Air Rescue Service at Ellington Air Force Base, Texas will be on hand to supervise the problem.

Col. W. D. Haas, commandant of the Louisiana wing of the Civil Air Patrol, explained that the problem is a yearly event designed to train CAP pilots and other personnel in the most efficient methods of conducting a search either for downed aircraft or lost persons.

Approximately 2500 square miles of land area will be covered by 50 light aircraft pilots and observers.

"The mission will be as realistic as possible," Col. Haas explained. "Pollock field is a de-activated Air Force base, but we have made special provisions for lighting, water, shelter and food canteens."

The CAP also will set up communications facilities, engineering equipment, fuel, ground transportation, air traffic control, security patrols, first aid and flight operations offices.

At the end of the mission, the Louisiana wing will receive an efficiency grading from the air force. Air Force officers pointed out that the Air Rescue Service relies heavily on the Civil Air Patrol for conducting intensive area searches where their own heavy and faster aircraft are not suitable.

Armed Service

CAMP POLK, La. — Members of the 137th Tank Battalion, 37th Infantry Division, and 75 Infantrymen from various infantry regiments in the 37th left here tonight by train for Camp Irwin, California, where they will undergo eight weeks of intensive armored training.

The tank battalion is presently commanded by Major John Paul, Massillon, Ohio, while Lieutenant Colonel Herbert Gordon, Ashland, O., the battalion commander, is attending the command and general staff college at Fort Leavenworth, Kansas.

The battalion's venture to Camp Irwin will enable the tankers to train with the newest armored equipment using the latest tank tactics under ideal weather and terrain conditions.

With the Sixth Fleet in the Mediterranean — Marine Cpl. George W. Tarpley, 23, son of Mr. and Mrs. A. A. Tarpley, of 3204 Gordon Avenue, Monroe, is on a six-month cruise of the Mediterranean as a member of a reinforced infantry battalion of the Second Marine Division D attached to the sixth fleet. An infantryman in the 3rd battalion, Sixth Marines, Tarpley will visit such picturesque places as Gibraltar, France, Italy, Greece and North Africa.

He will also participate in the battalion's practice amphibious assault landings on several Mediterranean islands before returning to the United States in October.

The U. S. Army Air Force was born Aug. 2, 1909, when its first military plane was purchased from the Wright brothers.

ALY'S WASTING HIS TIME — Cafe society crooner Bob Savage prepares for a flight to Madrid where he plans to court Rita Hayworth. Bob said he thought Aly Khan was wasting his (Aly's) time trying to win back his beautiful wife so he has decided to try his hand at "winning her." (NEA Telephoto.)

THANK YOU, LORD—Mr. and Mrs. Rafael Hernandez kneel in prayer of thanks by the crib of their six-day-old baby, Gloria, at Bellevue Hospital in New York. The infant, object of a 14-state hunt, was returned to the hospital when police seized Mrs. Carmen Rodriguez, kidnaper of the tiny girl. (NEA Telephoto.)

Evans Wyly Named Tech Frosh Prexy

RUSTON, Oct. 17.—(Special)—Louisiana Tech's freshman class has elected officers for the year. The possibility of a run-off was eliminated since only two candidates for each office were running.

Evans (Bubba) Wyly of Delhi defeated James McDade of Shreveport for the class presidency by a vote of 377 to 127.

In the race for freshman representative in the Student Senate, Spencer (Sam) Edmiston of West Monroe defeated Marian Tubbs of Shreveport, 395 to 109.

Arden Jesse Smith of Oak Grove won over Merle Kilgore of Shreve-

A giant drill, four feet in diameter and 200 feet long, is used to bore a horizontal hole in flat-lying coal seams and bring the coal out in a continuous stream. Six of these engine-driven augers operated in parallel can dig out about 700 tons of coal an hour.

8914 Limerick Lane,
Houston 24, Tex.,
September 30, 1952.

The Monroe World,
Monroe, La.
Gentlemen:

Born in Macon, Ga., B. R. (Before Republicans) my mental image of a Republican was a twin of the Devil with horns, forked, twisting tail and cloven hoof. Now, after many years in the service of our government; twenty of them Democratic years, the image has changed materially. I now see a halo and a harp.

After helping Wilson make the world safe for democracy, there came Roosevelt with his Five Freedoms. He kept the fifth (Freedom with other people's property) under cover until he demonstrated it at Yalta. Here he gave China's Manchuria to Russia for the advancement of communism. I was in China and a member of his staff when General Marshall, acting for Truman, delivered Manchuria into Russian hands and the Chinese people into the bondage of communism.

Have twenty years of Democrat-

ic deception and double-talk deluded our people? At this moment, when their country stands, perilously, at the cross-roads of freedom and dictatorship, voters write puerile letters to the press in which they choose candidates according to their ideosyncrasies instead of choosing the party by the issues it supports. No man can clean the Democratic party. It will have to be washed and hung out in the sun for a few years.

The voter who is unfamiliar with the hazards offered by the Democratic Party will find guidance in the following axiom: Our two party system is our only insurance against complete Socialism and worse. Truman has proven this fact by spending more money than all of his predecessors combined to continue the Democratic Party

A Three Days' Cough Is Your Danger Signal

Creomulsion relieves promptly because it goes into the bronchial system to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial membranes. Guaranteed to please you or money refunded. Creomulsion has stood the test of millions of users.

CREOMULSION
relieves Coughs, Chest Colds, Acute Bronchitis

in power and thereby secure the dictatorship.

With my high respect and strong feeling of a khaki - kinship for Dwight Eisenhower I would not vote for him were he the Democratic candidate.

Yours truly,
Paul G. Bell,
Colonel USAR (Retd.)

Painted lines on highways as an aid to traffic are more easily seen, particularly at night, with a special paint that can be applied in a single operation by brush or spray, using hand methods or the road striping equipment now widely employed.

BLOWOUT-SAFE!
PUNCTURE-SAFE!

Here it is! The new Lifeguard Safety tube that makes the worst blowout harmless and instantly seals punctures. And this complete protection is economical. These new tubes will serve through as many as three sets of tires for 100,000 miles of re-useable protection. Come in for your set today.

NO MORE WORRYING ABOUT BLOWOUT ACCIDENTS

NO MORE LAST TIME CHANGING FLATS FROM PUNCTURES.

ORDINARY TUBE

When this tube blows out, all the air escapes in a rush and very often the car is thrown out of control. Tragic accidents may result.

How The LIFEGUARD Works

Blowout-safe . . . When this tube blows out only the air in the outer chamber escapes. The inner chamber retains enough air to permit a safe, straightline stop. No tragic accidents result.

Puncture-Safe . . . When this tube is punctured, Goodyear puncture sealant (a layer of gum rubber) flows into the hole and around the puncturing object to prevent loss of air.
